of History is a historian's exploration of the past and present. Some articles, essays, and interviews supplement his scholarly publications, but most reflect Professor Hasan's present-day concerns. Thus, he writes on 11 September on Palestine and on pogrom in Gujarat. He dwells on the rise of Hindu nationalism and Islamic fundamentalism and critically evaluates their cultural ideological resources. His is a story that resonates with ideas on the contemporary Indian scene. This book also devotes a section to some of the leading Western and South Asian interpreters of Islam. Without being apologetic about Islamic teachings, Professor Hasan engages with a wide range of topics of concern to contemporary Muslims in India and overseas. Covering a variety of themes including jihad, education, literature, and political thought, he clears up some distortions and misrepresentations about Islam and Muslim communities. Book cover

The Versailles Settlement Alan Sharp, 2018-04-06. The third edition of this acclaimed textbook on peace making after the First World War advances that the responsibility for the outbreak of a new, even more ruinous war in 1939 cannot be ascribed entirely to the planet's most powerful men and their meeting in Paris in January 1919 to reassemble a shattered world. Giving a concise overview of the problems and pressures these key figures were facing, Alan Sharp provides a coherent introduction to a highly complex and multi-dimensional topic. This is an ideal resource for undergraduate and postgraduate students taking modules on the Versailles Settlement, European and International History, Modern History, Interwar Europe, The Great War, 20th Century Europe, German History, or Diplomatic History, on either history courses or international relations/politics courses.

Women in Black Cynthia Cockburn, Sue Finch, 2023-11-30T00:00:00Z. Rape, femicide, and the social exploitation of women are endemic. Feminist activism to end gendered oppression and violence is urgent and will be strengthened by fostering a greater understanding of the masculinist and patriarchal nature of militarism and war, and making the scope and extent of current movements for change better known. Cynthia Cockburn: Women in Black is a worldwide network of women committed to peace with justice and actively opposed to injustice, war, militarism, and other forms of violence. The late feminist solidarity activist Cynthia Cockburn tells the story of this indispensable global anti-violence movement known around the world for staging dramatic actions that seek to expose and denounce war, rape, militarism, and apartheid. As well as an inspiring account of a networked feminist struggle, this book also presents a template for analysis and action in our era of multiplying wars, surging military spending, and rampant gendered violence. As neoliberal states starve the commons to feed the war machine and nationalist movements gain traction around the world, there is much to learn from the transversal actions and coalition building that Women in Black has engaged in for decades. Cynthia Cockburn knew she was going to die before she was able to complete this book, so she asked her companions from the global Women in Black network to carry on with this vital project of chronicling a movement that has spanned decades and continents. The result is a testament to the beauty and intellectual power of a truly collective effort. This dramatic and inspiring story of a history-making movement could not be more vital and life-affirming.

The Sovereign Lives of India and Pakistan Atul Mishra, 2021-10-20. The

Sovereign Lives of India and Pakistan explores what it has meant for the two countries to act as sovereign states entangled at birth by an unsatisfactory partition. Sovereignty is conventionally understood as a means to achieve the goals that states set for themselves. This book argues that for India and Pakistan, sovereignty has become an end in itself and that its pursuit has aided majoritarianism, insecurity, and mutual estrangement. It examines the trajectory of three problems that the partition of 1947 bequeathed to the two states: minority relations, national identity debates, and contestation over Kashmir. It outlines the parallel processes of minoritization, homogenization, and territorialization. It shows how these processes signify the two states' quest for sovereignty. The scholarship on India and Pakistan often privileges their bilateral relations. In contrast, the author carries out the deeper task of a single frame analysis and critique of their intertwined statehoods. Ultimately, the book shows the inadequacy of the nation-state form as the basis for political community in the subcontinent. It concludes by pointing to the contemporary relevance of alternative ideas of sovereignty and political community in South Asia that were articulated during the first half of the 20th century.

Statecraft and Foreign Policy

Subrata K. Mitra, Jivanta Schottli, Markus Pauli, 2023-12-15. *Statecraft and Foreign Policy* provides an in-depth understanding of India's rise as an economic and political power and its role in addressing global challenges from climate change to international trade, security, health, and energy. It focuses on India's statecraft and foreign policy from its independence in 1947 to current politics and policies in 2023, 75 years later. The book has three main sections focusing on the evolution of India's foreign policy after Independence, its transformation after the Cold War, and as India's economic and political power grew and India's engagement with major powers like the US, China, and Russia, neighbouring countries, and international institutions. The analysis draws on International Relations Theory, Foreign Policy Analysis, and the work of classic Indian thinkers like Kautilya. It combines evaluating domestic and international influences on India's statecraft and foreign policy. The authors introduce a toolbox for studying the making and the outcomes of Foreign Policy based on an analysis of interests, perceptions, and values. This analytical framework goes beyond the Indian case study and can be applied to International Relations, Comparative Politics, and Foreign Policy Analysis. Praise for *Statecraft and Foreign Policy*: Mitra, Schottli, and Pauli have crafted a remarkably deep analysis of India's foreign policy. They have not only reviewed the details of India's foreign affairs, itself no small task, but they have done so in an analytic framework grounded in a profound evaluation of the intertwining of domestic and foreign policy choices and compunctions. As contemporary India has emerged as one of the world's great powers, great in every sense of that term, this book is essential reading for policymakers, diplomats, scholars, and students of Indian affairs and world affairs. *Statecraft and Foreign Policy* is a tour de force that will define how we think of India in global politics for decades to come. Bruce Bueno de Mesquita, Julius Silver Professor of Politics, New York University, USA. A sweeping overview in holistic perspective. Covers independent India's 75 years, narrating policy development and diplomatic actions. Incisive, balanced, and insightful. Kisan S. Rana, Emeritus Professor and Former Ambassador of India to

Germany This book offers both a wide compass of Indian foreign policy across its 76 years but also a focused lens that assesses change and continuity across different periods and varied dimensions of foreign policy Domestic and international variables are brought together in the analysis with a focus on how the Prime Ministers think about and visualize their foreign policies Each chapter provides a synoptic assessment including additional readings making it an excellent reference that brings analysis of foreign policy up to date The discussions of India s multilateral engagements on trade climate change and international negotiations is a valuable addition to usual bilateral discussions of foreign policies Aseema Sinha Wagener Chair of South Asian Politics and George R Roberts Fellow at Claremont McKenna College in California USA The authors have done the almost impossible they have provided a synopsis of the most important phases relationships and issues that mark the country s policies beyond its borders And they have done it engagingly and with sophistication free of jargon and abstruse theorizing and yet with a penetrating point of view Professor Kanti Bajpai Lee Kuan Yew School of Public Policy at the National University of Singapore
