Making Good Creation Tragedy And Hope:

Making Good Helen Oppenheimer, 2001 In this text the author discusses questions and issues relating to what we can mean by calling any creation good human or divine Her starting point is that creation divine or human involves ethical responsibility The questions raised lead straight to an examination of the problem of evil Towards Tragedy/Reclaiming Hope Pink Dandelion, Douglas Gwyn, Rachel Muers, Brian Phillips, 2017-03-02 The death of tragedy in the modern era has been proposed and debated in recent years largely in terms of literature and western culture in general Today any catastrophe or misadventure is likely to be labeled a tragedy without any inference of a larger transcendent horizon or providential design that the word once conveyed This book offers new perspectives on the idea of the death of tragedy taking England and the Religious Society of Friends Quakers in particular as a case study Chapters focus on the origins of tragedy in ancient Greece gospel and tragedy the beginnings of the Quaker movement in seventeenth century England apocalyptic versus secularized experiences of time Edwardian Quaker triumphalism the search for English identity in postcolonial Britain liberal Quakerism at the end of the twentieth century and the promise and dilemma of postmodernity The different disciplinary perspectives of the contributing authors bring literature history theology and sociology into a creative and revealing conversation A Foreword by Richard Fenn introduces the book with an original and provocative meditation on tragedy and time **Captured by the Crucified** Edward Hugh Henderson, David Hein, 2004-08-05 The British theologian and New Testament scholar Austin Farrer was a member of the Oxford Christians conversing frequently with C S Lewis J R R Tolkien Dorothy Sayers and T S Eliot A N Wilson has called Farrer the one true genius of the Church of England in the 20th century Farrer s theory about the Synoptic Problem remains one the most debated theories of Synoptic relationships in contemporary New Testament scholarship The editors have put together a book that makes the practical spiritual meaning of Farrer s thought available to those who desire to integrate serious thinking with faithful life Contributors to the volume include Ann Loades University of Durham Diogenes Allen Princeton Theological Seminary Julian N Hartt University of Virginia Charles Hefling Boston College and O C Edwards Seabury Western Theological Seminary David Hein is Professor and Chair of Religion and Philosophy at Hood College and the author of *Noble Powell and the Episcopal Establishment in the Twentieth Century* Edward Hugh Henderson is Professor of Philosophy at Louisiana State University and co editor with Brian Hebblethwaite of *Divine Action Studies Inspired by the Philosophical Theology of Austin Farrer* *Resources for Preaching and Worship-Year C* Hannah Ward, Jennifer Wild, 2003-01-01 This is the second volume in a three volume set of lectionary resources providing preachers and worship leaders of all denominations a host of written material for worship and reflection Designed to complement WJK s acclaimed *Texts for Preaching* this book weaves together a rich tapestry of quotations meditations poems and prayers With material extracted from both classic and contemporary spiritual writings *Resources for Preaching and Worship* complements the lectionary readings for Sundays and important festival days in the church s year

religion is a theme of the human capacity for hope According to Ricoeur hope is a capacity of expectation oriented toward some future action which aims at a good for self and others The conditions for the possibility of hope are the unity and difference that exist within the self in transcendental practical and effective realms and the self's ability to narrate which is made possible by the self's existence within and understanding of time Our capacity for hope is understood via the symbols of good and evil found in myths and sacred writings Furthermore hope is not limited to those who are religious atheists may be just as hopeful as the devout Exploring the nature of hope in Ricoeur's work allows for a greater understanding of hope and a greater ability to cultivate hope in oneself and others
