Palmer, 1994-10-17 Edward Thompson perhaps the greatest post war historian in the English speaking world died in 1993 In this readable and unabashedly appreciative survey of Thompson s histories and politics Byran D Palmer reviews include a passionate biographical account of the late nineteenth century Romantic William Morris the hugely acclaimed *The Making of the English Working Class* and a series of eighteenth century studies that reach from customary culture to the antinomian poetics of William Blake In reviewing the politics which gave shape to his historical work Palmer assesses the role of Thompson s family background in India his youth in the Communist Party his decisive break with Stalinism in 1956 and his subsequent work campaigning for the causes of the left and nuclear disarmament Thompson was never comfortable in an academic milieu and eventually left formal teaching in the 1970s to devote his time to research and writing His pen was always ready to bend against the powers of the state and against a left he too often saw as abandoning the cause of social transformation For readers who know Thompson s work Palmer s discussion of hitherto unstudied aspects of his life will be novel and illuminating those less familiar with his prodigious achievement will find these pages a useful introduction

Democracy Against Capitalism Ellen Meiksins Wood, 2016-02-02 Historian and political thinker Ellen Meiksins Wood argues that theories of postmodern fragmentation difference and contingency can barely accommodate the idea of capitalism let alone subject it to critique In this book she sets out to renew the critical program of historical materialism by redefining its basic concepts and its theory of history in original and imaginative ways using them to identify the specificity of capitalism as a system of social relations and political power She goes on to explore the concept of democracy in both the ancient and modern world examining its relation to capitalism and raising questions about how democracy might go beyond the limits imposed on it *The Struggle for the Breeches* Anna Clark, 1997-04-18 In its analysis of gender and class relations and their political forms in giving voice to the many who have left only a fleeting trace in the historical record Clark s study is a pioneering classic It also has a salience for many of our present social and political dilemmas Leonore Davidoff Editor *Gender and History* Deeply researched scholarly serious important This is a big book that develops a significant new line of inquiry on a classic story in modern history the making of the English working class Clark shows in great and persuasive detail how we might read this tale through the lens of gender Thomas Laqueur author of *Making Sex* *The Remaking of the British Working Class, 1840-1940* Andrew Miles, Mike Savage, 2013-02-01 Mike Savage and Andrew Miles provide a comprehensive introduction to the working class in Britain in the years after 1840 This textbook Includes a provocative

timely and clear defence of class analysis Breaks new ground in showing how social mobility and urban change affected working class formation Demonstrates how the history of the working class is politically reconstructed Shows how class and gender interact in mediating social and political change **Gender and the Politics of History** Joan Wallach Scott,1999 An interrogation of the uses of gender as a tool for cultural and historical analysis The revised edition reassesses the book's fundamental topic the category of gender In arguing that gender no longer serves to destabilize our understanding of sexual difference the new preface and new chapter open a critical dialogue with the original book From publisher description In Practice James Epstein,2003 This book reflects on popular politics in Britain during the turbulent period of industrialization focusing on how political meanings were produced and sustained It is also a spirited series of responses to the changing terrain of historical studies It takes as its starting point the goal of defining a middle ground between E P Thompson's concept of cultural materialism and the postmodern view of culture as a system of signs and codes with emphasis on the linguistic grounding of experience The first part of the book evaluates and critiques the work of two of the most influential proponents of the linguistic turn in British historical writing Gareth Stedman Jones and Patrick Joyce The second part contains four case studies the first two treating British political culture in the age of the French Revolution the third dealing with the role of space in historical reasoning and the fourth assessing the role of gentleman leaders within popular movements **The Making of the English Working Class. (With Revisions.)**. Edward Palmer THOMPSON,1968

Ireland Hugh F Kearney,2007-04-01 What is the Irish nation Who is included in it Are its borders delimited by religion ethnicity language or civic commitment And how should we teach its history These and other questions are carefully considered by distinguished historian Hugh F Kearney in *Ireland Contested Ideas of Nationalism and History* The insightful essays collected here all circle around Ireland with the first section attending to questions of nationalism and the second addressing pivotal moments in the history and historiography of the isle Kearney contends that Ireland represents a striking example of the power of nationalism which while unique in many ways provides an illuminating case study for students of the modern world He goes on to elaborate his revisionist four nations approach to Irish history In the book Kearney recounts his own development in the field and the key personalities departments and movements he encountered along the way It is a unique portrait not only of a humane and sensitive historian but of the historical profession and the practice of history in Britain Ireland and the United States from the 1940s to the late 20th century at once public intellectual history and fascinating personal memoir **The Making of the English Working Class** E. P. Thompson,1965
