Multicultural Nationalism:

Multicultural Nationalism Asifa M. Hussain, William L. Miller, 2006-07-20 When the focus is on black or Asian minorities Britain is frequently described as a multi cultural state But when the focus is on Scotland England and Wales Britain is also described as a multi national state Yet debates about multiculturalism and nationalism have been held in parallel without sharing even a common vocabulary This book is a pioneering study of how multiculturalism interacts with multinationalism especially within post devolution Scotland It gives equal attention to Scotland s largest visible and invisible minorities ethnic Pakistanis almost all of them Muslim and English immigrants Rising Scottish self consciousness could have posed a challenge both these minorities But in practice potential problems have proved themselves to be solutions integrating rather than alienating In the eyes of the minorities devolution has made Scots at once more proud and less xenophobic Even English immigrants feel devolution has defused tensions calmed frustrations and forced Scots to blame themselves rather than others for their problems Pakistanis have suffered increasing harassment but they attribute that to 9 11 not to devolution And Muslims adopt Scottish identities Scottish attitudes even Scottish nationalism consciously or unconsciously using these as tools of integration The book is based in part on large scale surveys of Pakistani and English minorities within Scotland and of the majority populations in Scotland and England But it is also based on systematic analysis of transcripts of focus group discussions with minorities revealing the variety of opinion within minorities as well as the contrasts between them In particular it presents a unique account of how Scottish Muslims express their feelings in a time of crisis *Multicultural Governance in a Mobile World* Anna Triandafyllidou, 2018-06-30 Reveals Virginia Woolf s interest in Christianity its ideas and cultural artefacts **Multicultural Nationalism** Ephraim Nimni, 2015-03-27 Can we reconcile multiculturalism and nationalism Is it possible to reconstitute a form of nationalism which is not based on notions of ethnic superiority or the territorial nation state This new book examines this crucial contemporary debate combining normative political theory and empirical material It addresses the key issues of ethnicity diversity autonomy minority rights This examination is underpinned by an analysis of classical theorists such as Otto Bauer and Karl Renner and leading contemporary thinkers such as Habermas Anthony Smith and Will Kymlicka Multicultural Nationalism is essential reading for all students of nationalism multiculturalism and ethnicity and of politics and sociology in general *The Politics of Multiculturalism* B. Pitcher, 2009-04-08 Taking as a case study the racial politics of the British state under New Labour this book advances an idea of multiculturalism as the only conceptual framework that is capable of making sense of the contradictions of contemporary race practice where racism is simultaneously rejected and reproduced *The Resilience of Multiculturalism* Thomas Sealy, Varun Uberoi, Nasar Meer, 2024-09-30 Illuminates contemporary debates on citizenship identity and multiculturalism through the lens of Tariq Modood s thought Written by world leading scholars on multiculturalism from Europe Canada Australia and India Spans different aspects and fields of multiculturalism including secularism nationalism

Multicultural Politics of Recognition and Postcolonial Citizenship Rachel Busbridge, 2017-07-20 This book examines claims for recognition of cultural difference from immigrant and Indigenous minorities highlighting the ways in which they intersect with ideas of national community Busbridge argues that there is an important albeit under explored relationship between nation and multicultural politics of recognition Drawing on the Australian context the book explores how nation features as a productive if somewhat ambivalent discursive resource in contemporary Muslim and Aboriginal struggles to be recognised In demanding recognition minorities enter into the business of making the nation by positing alternative conceptions of national identity culture and belonging that are more attentive to their differences and claims This dynamic is engaged as an expression of postcolonial citizenship Postcolonial citizenship is imagined in terms of the ways in which minority groups actualise multicultural realities through rewriting ideas of national community It underlines the critical importance of revising the power relations that deem some groups more national and others less so and which in Western multicultural societies are typically tied to notions of the West and its others This book is an important conceptual theoretical and political intervention that brings postcolonialism and multiculturalism into dialogue on the increasingly potent issues of nation and national identity It will be of great interest to scholars and students of sociology politics postcolonial studies culture identity and nation

Essays on Secularism and Multiculturalism Tariq Modood, 2019-04-25 Whether the recently settled religious minorities Muslims in particular can be accommodated as religious groups in European countries has become a central political question and threatens to create long term fault lines In this collection of essays Tariq Modood argues that to grasp the nature of the problem we have to see how Muslims have

become a target of a cultural racism Islamophobia Yet the problem is not just one of anti racism but of an understanding of multicultural citizenship of how minority identities including those formed by race ethnicity and religion can be incorporated into national identities so all can have a sense of belonging together This means that the tendency amongst some to exclude religious identities from public institutions and the re making of national identities has to be challenged Modood suggests that this can be done in a principled yet pragmatic way by drawing on Western Europe s moderate political secularism and eschewing forms of secularism that offer religious groups a second class citizenship

Citizenship and Multiculturalism in Western Liberal Democracies Leah Bradshaw,David Edward Tabachnick,2017-03-16 This volume explores some of the tensions and pressures of citizenship in Western liberal democracies Citizenship has adopted many guises in the Western context although historically citizenship is attached only to some variant of democracy How democracy is configured is thus at the core of citizenship Beginning in ancient Greece citizenship is attached to the notion of a public sphere of deliberation open only to a small number of males Nonetheless we take from these origins an understanding of

citizenship that is attached to friendship preservation of a distinct community and adherence to law These early conceptions of citizenship in the west have been dramatically altered in the modern context by the ascendancy of individual rights and equality expanding the inclusiveness of definition of citizenship The universality of rights claims has led to debate about the legitimacy of the nation state and questioning of borders A further development in our understanding of citizenship and one that has shifted citizenship studies considerably in the last few decades is the backlash against the universalism of rights in the defense of cultural recognition within democratic polities Multiculturalism as a broad spectrum of citizenship studies defends the autonomy and recognition of cultural and sometimes religious identity within an overarching scheme of rights and equality This collection draws upon the many threads of citizenship in the Western tradition to consider how all of them are still extant and contentious in contemporary liberal democracy

Multiculturalism Question Jack Jedwab, 2016-03-14 Canada's policy of multiculturalism has been the object of ongoing debate since it was first introduced in 1971 Decades later Canadians still seem uncertain about the meaning of multiculturalism Detractors insist that government has not succeeded in discouraging immigrants and their descendants from preserving their cultures of origin undercutting a necessary identification with Canada while supporters argue that immigrant groups abilities to influence their adjustments to Canada has strengthened their sense of belonging Beyond what often seems to be a polarized debate is a broad spectrum of opinion around multiculturalism in Canada and what it means to be Canadian The Multiculturalism Question analyzes the policy ideology and message of multiculturalism Several of Canada's leading thinkers provide valuable insights into a crucial debate that will inevitably continue well into the future

Ashcroft, Mark Bevir, 2020-05-21 Since 1945 the United Kingdom has changed from a polity that was overwhelmingly white ethnically British and Christian to one constituted by creeds cultures and communities drawn from all over the globe The term multiculturalism evokes these demographic changes the policies and laws that arose as a result and connected public debates Political and public support for multiculturalism has been called into question in the new millennium with British multiculturalism and Britain itself currently in a state of flux This volume examines the policy law and political theory of multiculturalism in the British context exploring how they inform each other It covers topics such as national identity immigration integration the welfare state gender freedom of religion and human rights It provides a deeper understanding of contemporary British multiculturalism in its various aspects inexorably leading back to fundamental questions regarding the structure and purpose of the British polity It also explores the connections between multiculturalism and current events including Brexit renewed calls for Scottish independence and the broader rise of populism in the West This book was originally published as a special issue of Critical Review of International Social and Political Philosophy to which the editors have added a new concluding chapter
