Conflicted American Landscapes David E. Nye, 2021-04-27 How conflicting ideas of nature threaten to fracture America's identity Amber waves of grain purple mountain majesties American invest much of their national identity in sites of natural beauty And yet American lands today are torn by conflicts over science religion identity and politics Creationists believe that the Biblical flood carved landscapes less than 10 000 years ago environmentalists protest pipelines Western states argue that the federal government's land policies throttle free enterprise Native Americans demand protection for sacred sites In this book David Nye looks at Americans irreconcilably conflicting ideas about nature A landscape is conflicted when different groups have different uses for the same location for example when some want to open mining sites that others want to preserve or when suburban development impinges on agriculture Some landscapes are so degraded from careless use that they become toxic anti landscapes Nye traces these conflicts to clashing conceptions of nature ranging from pastoral to Native American to military industrial that cannot be averaged into a compromise Nye argues that today's environmental crisis is rooted in these conflicting ideas about land Depending on your politics global warming is either an inconvenient truth or fake news America's contradictory conceptions of nature are at the heart of a broken national consensus

The Mexican American Experience Matt S. Meier, Margo Gutiérrez, 2003-12-30 Mexican Americans are rapidly becoming the largest minority in the United States playing a vital role in the culture of the American Southwest and beyond This A to Z guide offers comprehensive coverage of the Mexican American experience Entries range from figures such as Corky Gonzales Joan Baez and Nancy Lopez to general entries on bilingual education assimilation border culture and southwestern agriculture Court cases politics and events such as the Delano Grape Strike all receive full coverage while the definitions and significance of terms such as coyote and Tejano are provided in shorter entries Taking a historical approach this book's topics date back to the 1848 Treaty of Guadalupe Hidalgo a radical turning point for Mexican Americans as they lost their lands and found themselves thrust into an alien social and legal system The entries trace Mexican Americans experience as a small conquered minority their growing influence in the 20th century and the essential

roles their culture plays in the borderlands or the American Southwest in the 21st century **Southwestern American Literature** ,2002 **Fluid Geographies** K. Maria D. Lane,2024-07-18 An unprecedented analysis of the origin story of New Mexico's modern water management system Maria Lane's Fluid Geographies traces New Mexico's transition from a community based to an expert led system of water management during the pre statehood era To understand this major shift Lane carefully examines the primary conflict of the time which pitted Indigenous and Nuevomexicano communities with their long established systems of irrigation management against Anglo American settlers who benefitted from centralized bureaucratic management of water The newcomers system eventually became settled law but water disputes have continued throughout the district courts of New Mexico's Rio Grande watershed ever since Using a fine grained analysis of legislative texts and nearly two hundred district court cases Lane analyzes evolving cultural patterns and attitudes toward water use and management in a pivotal time in New Mexico's history Illuminating complex themes for a general audience Fluid Geographies helps readers understand how settler colonialism constructed a racialized understanding of scientific expertise and legitimized the dispossession of nonwhite communities in New Mexico **The Essays** Rudolfo Anaya,2015-11-24 Fifty two essays exploring identity literature immigration and politics by the American Book Award winner one of the godfathers of Chicano literature Best known for his novel Bless Me Ultima which established him as one of the founders of Chicano literature Rudolfo Anaya displays his gift for storytelling and deep connection to the land and its history in The Essays These intimate and contemplative essays explore censorship immigration urban development the Southwest as a region and personal identity In Aztlan A Homeland Without Boundaries he discusses the reimagining of the modern Chicano community through ancient myth and legend in The Spirit of Place he explores the historical connection between literature and the earth Some essays are autobiographical some argumentative all are passionate and a must read for Anaya fans and readers who crave a view of contemporary America through fresh eyes **Zuni Origins** David A. Gregory,David R. Wilcox,2009-12-01 The Zuni are a Southwestern people whose origins have long intrigued anthropologists This volume presents fresh approaches to that question from both anthropological and traditional perspectives exploring the origins of the tribe and the influences that have affected their way of life Utilizing macro regional approaches it brings together many decades of research in the Zuni and Mogollon areas incorporating archaeological evidence environmental data and linguistic analyses to propose new links among early Southwestern peoples The findings reported here postulate the differentiation of the Zuni language at least 7 000 to 8 000 years ago following the initial peopling of the hemisphere and both formulate and test the hypothesis that many Mogollon populations were Zunian speakers Some of the contributions situate Zuni within the developmental context of Southwestern societies from Paleoindian to Mogollon Others test the Mogollon Zuni hypothesis by searching for contrasts between these and neighboring peoples and tracing these contrasts through macro regional analyses of environments sites pottery basketry and rock art Several studies of late prehistoric and protohistoric settlement systems in

the Zuni area then express more cautious views on the Mogollon connection and present insights from Zuni traditional history and cultural geography Two internationally known scholars then critique the essays and the editors present a new research design for pursuing the question of Zuni origins By taking stock and synthesizing what is currently known about the origins of the Zuni language and the development of modern Zuni culture Zuni Origins is the only volume to address this subject with such a breadth of data and interpretations It will prove invaluable to archaeologists working throughout the North American Southwest as well as to others struggling with issues of ethnicity migration incipient agriculture and linguistic origins

Autoethnographic Explorations of Lived Raciolinguistic Experiences Among Multilingual Scholars Qianqian Zhang-Wu, Bridget Goodman, 2025-03-25 While substantial research has looked backward at the colonial history of language and forward to the potential of decolonizing English for linguistic justice there is a lack of investigation looking inward at the lived raciolinguistic experiences of multilingual scholars This edited collection opens a healing space for storytelling and deepens readers understanding of raciolinguistics in practice through autoethnography The book brings together language education researchers and scholars with each author representing and in contact with multiple cultural linguistic and ethnic backgrounds Together they create a community of practice to bring scholars with diverse backgrounds together for inward reflections on their lived raciolinguistic experiences Through this

journey the book empowers both the chapter contributors and readers and allies who may see themselves in the stories to reflect learn and change their practices and provides valuable insights into raciolinguistics and autoethnography as a research method

Peregrinations Amy T Hamilton, 2018-06-15 Peregrinate To travel or wander around from place to place The land of the United States is defined by vast distances encouraging human movement and migration on a grand scale Consequently American stories are filled with descriptions of human bodies walking through the land In *Peregrinations* Amy T Hamilton examines stories told by and about Indigenous American Euroamerican and Mexican walkers Walking as a central experience that ties these texts together never simply a metaphor or allegory offers storytellers and authors an elastic figure through which to engage diverse cultural practices and beliefs including Puritan and Catholic teachings Din and Anishinaabe oral traditions Chicana histories and European literary traditions Hamilton argues that walking bodies alert readers to the ways the physical world more than human animals trees rocks wind sunlight and human bodies has a hand in creating experience and meaning Through material ecocriticism a reading practice attentive to historical and ongoing oppressions exclusions and displacements she reveals complex layerings of narrative and materiality in stories of walking human bodies This powerful and pioneering methodology for understanding place and identity clarifies the wide variety of American stories about human relationships with the land and the ethical implications of the embeddedness of humans in the more than human world

Ethnic Positioning in Southwestern Mixed Heritage Writing Judit Ágnes Kádár, 2022-04-04 *Ethnic Positioning in Southwestern Mixed Heritage Writing* explores how Southwestern writers and visual artists provide an opportunity to turn a stigmatized identity into a self-conscious holder of valuable assets cultural attitudes and memories The problem of mixed ethno cultural heritage is a relevant feature of North American populations faced by millions Narratives on blended heritage show how mixed race authors utilize their multiple ethnic experiences knowledge archives and sensibilities They explore how individuals attempt to cope with the cognitive anxiety stigmas and perceptions that are intertwined in their blended ethnic heritage family and social dynamics and the renegotiation of their ethnic identity The Southwest is a region riddled by Eurocentric and Colonial concepts of identity yet at the same time highly treasured in the Frontier experiences of physical mobility and mental and spiritual journeys and transformations Judit Ágnes Kádár argues that the process of ethnic positioning is a choice made by mixed heritage people that results in renegotiated identities leading to more complex and engaging concepts of themselves

Framing Nature Yolonda Youngs, 2024-06 Winner of the 2024 John Brinkerhoff Jackson Prize from American Association of Geographers The Grand Canyon of the Colorado River is an internationally known feature of the North American landscape attracting more than five million visitors each year A deep cultural visual and social history has shaped the Grand Canyon s environment into one of America s most significant representations of nature Yet the canyon is more than a vacation destination a movie backdrop or a scenic viewpoint it is a real place as well as an abstraction easily summoned in the minds of Americans The Grand Canyon or the idea of it is woven into the fabric of American cultural identity and serves as a cultural reference point an icon In Framing Nature Yolonda Youngs traces the idea of the Grand Canyon as an icon and the ways people came to know it through popular imagery and visual media She analyzes and interprets more than fourteen hundred visual artifacts including postcards maps magazine illustrations and photographs of the Grand Canyon supplemented with the words and ideas of writers artists explorers and other media makers from 1869 to 2022 Youngs considers the manipulation and commodification of visual representations and shifting ideas values and meanings of nature exploring the interplay between humans and their environments and how visual representations shape popular ideas and meanings about national parks and the American West Framing Nature provides a novel interpretation of how places especially national parks are transformed into national and environmental symbols

A History of Western American Literature Susan Kollin, 2015-12-11 The American West is a complex region that has inspired generations of writers and artists Often portrayed as a quintessential landscape that symbolizes promise and progress for a developing nation the American West is also a diverse space that has experienced conflicting and competing hopes and expectations While it is frequently imagined as a place enabling dreams of new beginnings for settler communities it is likewise home to long standing indigenous populations as well as many other ethnic and racial groups who have often produced different visions of the land This History encompasses the intricacy of Western American literature by exploring myriad genres and cultural movements from ecocriticism settler colonial studies and transnational theory to race ethnic gender and sexuality studies Written by a host of leading historians and literary critics

this book offers readers insight into the West as a site that sustains canonical and emerging authors alike and as a region that exceeds national boundaries in addressing long standing global concerns and developments *Oral History Reimagined: Emerging Research and Opportunities* Pack, Sam, 2020-03-20 The traditional method of composing the life history as a flowing narrative is not only morally dishonest but also intellectually inadequate because it conveys the false impression of a chronologically timeless and uninterrupted soliloquy They are highly processed constructed and reified Questions have been removed entire sections have been reordered and redundancies have been deleted After the multiple stages involved in transforming a narrative life into an inscribed text the final product bears little resemblance to the original transcription of the interview By focusing only on the final product life histories ignore the other two components in the communicative process *Oral History Reimagined: Emerging Research and Opportunities* demonstrates the potential of the life history to serve as a new way of writing vulnerably about the other by refusing to hide the authors by sharing equal billing in a dialogic encounter with their informants in order to produce an ethnographic narrative that is multivocal conversational and co constructed The book examines the idea that a reflexive ethnography in the form of a reciprocal exchange between researchers and informants constitutes the logical extension of reflexivity in anthropological research The book's ultimate goal is a balance that dissolves the distinction between the ethnographer as theorizing being and the informant as passive data that reduces the gap between subject and object and that presents both ethnographer and informant as having active voices Featuring topics on life histories reflexive ethnography and narrative structure of autoethnography it is ideally designed for anthropologists ethnographers historians policymakers academicians researchers and students *Black Americans and the Civil Rights Movement in the West* Bruce A. Glasrud, Cary D. Wintz, 2019-02-14 In 1927 Beatrice Cannady succeeded in removing racist language from the Oregon Constitution During World War II Rowena Moore fought for the right of black women to work in Omaha's meat packinghouses In 1942 Thelma Paige used the courts to equalize the salaries of black and white schoolteachers across Texas In 1950 Lucinda Todd of Topeka laid the groundwork for the landmark Supreme Court decision *Brown v Board of Education* These actions including sit ins long before the Greensboro sit ins of 1960 occurred well beyond the borders of the American South and East regions most known as the home of the civil rights movement By considering social justice efforts in western cities and states *Black Americans and the Civil Rights Movement in the West* convincingly integrates the West into the historical narrative of black Americans struggle for civil rights From Iowa and Minnesota to the Pacific Northwest and from Texas to the Dakotas black westerners initiated a wide array of civil rights activities in the early to late twentieth century Connected to national struggles as much as they were tailored to local situations these efforts predated or prefigured events in the East and South In this collection editors Bruce A Glasrud and Cary D Wintz bring these moments into sharp focus as the contributors note the ways in which the racial and ethnic diversity of the West shaped a specific kind of African American activism Concentrating on the far West the mountain states the desert

Southwest the upper Midwest and states both southern and western the contributors examine black westerners responses to racism in its various manifestations whether as school segregation in Dallas job discrimination in Seattle or housing bias in San Francisco Together their essays establish in unprecedented detail how efforts to challenge discrimination impacted and changed the West and ultimately the United States *Reclaiming Early Childhood Literacies* Richard J Meyer, Kathryn F. Whitmore, 2016-09-01 At a time when literacy has become more of a political issue than a research or pedagogical one this volume refocuses attention on work with young children that places them at the center of their literacy worlds Drawing on robust and growing knowledge which is often marginalized because of political and legislative forces it explores young children s literacies as inclusive redefined and broadened encompassing technologies the arts multiple modalities and teaching and learning for democracy cultural sustainability and social justice Highlighted themes include children s rights to grow through playful engagements with multiple literacies to interrogate their worlds adults who expand and inspire children s consciousness and awareness of others and the world around them the centrality of meaning making in all aspects of language and literacy development a deep respect for diversities including languages cultures sexual orientation socioeconomic status and more and an expansive understanding of the nature of texts *Citizens by Treaty* A. Gabriel Meléndez, 2025-04-11 This volume gathers works produced by Spanish speaking people of Mexican descent who became United States citizens by virtue of the Treaty of Guadalupe Hidalgo 1848 and whose ancestors had resided in New Mexico Arizona California Texas and Colorado for hundreds of years prior to the Mexican American War The writings in this collection drawn from various genres were composed at a time marked by the confluence of tradition and change In addition to facing unprecedented challenges to their rights livelihoods language and religion the writers experienced the arrival of the railroad the telegraph film and radio they fought in the American Civil War the Spanish American War and World War I and they saw Arizona and New Mexico gain statehood in 1912 This anthology of songs poems speeches and journalism shows the persistence of a vibrant culture in the face of upheaval and change *Sovereign Acts* Frances Negrón-Muntaner, 2017-11-21 This paradigm shifting work examines the new ways colonized peoples resist subjugation and reclaim rights and political power Provided by publisher
