Capitalism's Long Hot Winter Has Begun Jack Barnes,2005 Today s accelerating global capitalist slump the opening stages of what will be decades of economic financial and social convulsions and class battles accompanies a continuation of the most far reaching shift in Washington s military policy and organization since the U S buildup toward World War II Class struggle minded working people must face this historic turning point for imperialism and draw satisfaction from being in their face as we chart a revolutionary course to confront it Also includes Their Transformation and Ours Socialist Workers Party Draft Resolution Crisis Boom and Revolution 1921 Reports by V I Lenin Leon Trotsky Introduction by Jack Barnes Photos maps charts tables and index      Cumulated Index to the Books ,1999      **The First and Second Declarations of Havana** Mary-Alice Waters,2007 Nowhere are the questions of revolutionary strategy that today confront men and women on the front lines of struggles in the Americas addressed with greater truthfulness and clarity than in these two documents adopted by million strong assemblies of the Cuban people in 1960 and 1962 These uncompromising indictments of imperialist plunder and the exploitation of man by man continue to stand as manifestos of revolutionary struggle by working people the world over      **Forthcoming Books** Rose Arny,2001      **Revolutionary Studies** Paul Le Blanc,2018-01-12 With characteristic clarity and insight historian and activist Paul Le Blanc offers a sweeping survey of the key contributions of Marxist theory exploring its relevance to twentieth century revolutionary movements and figures Paul Le Blanc Has written on and participated in the US labor radical and civil rights movements and is author of numerous books      **The Russian Revolution in Retreat, 1920-24** Simon Pirani,2008-03-03 The Russian revolution of 1917 was a defining event of the twentieth century and its achievements and failures remain controversial in the twenty first This book focuses on the retreat from the revolution s aims in 1920 24 after the civil war and at the start of the New Economic Policy and specifically on the turbulent relationship between the working class and the Communist Party in those years It is based on extensive original research of the actions and reactions of the party leadership and ranks of dissidents and members of other parties and of trade union activists and ordinary factory workers It discusses working class collective action before during and after the crisis of 1921 when the Bolsheviks were confronted by the revolt at the Kronshtadt naval base and other protest movements This book argues that the working class was politically expropriated by the Bolshevik party as democratic bodies such as soviets and factory committees were deprived of decision making power it examines how the new Soviet ruling class began to take shape It shows how some worker activists concluded that the principles of 1917 had been betrayed while others accepted a social contract under which workers were assured of improvements in living standards in exchange for increased labour discipline and productivity and a surrender of political power to the party
