

Our History

In the spring of 1997 we were contacted by Old Colonial Williamsburg to help solve a problem. The pathways at this venerable site consisted of loose pea gravel. They were attractive and upheld the historical theme. However, the American Disabilities Act mandated that the pathways be wheelchair friendly. Our chemists modified one of our existing, below grade, soil stabilizers for a topical application. The stones were then permanently glued together. Williamsburg's pathways retained their natural look and wheelchairs rolled smoothly over them. That's how Klingstone came to be.
