The Grand Canyon and the Southwest Ansel Adams, 2000-05-03 Next to Yosemite and the High Sierra the Southwest was closest to Ansel Adams heart It was there in the early 1930s that he met photographer Paul Strand and decided to make photography his life s work In his words wherever one goes in the Southwest one encounters magic strength and beauty In The Grand Canyon and the Southwest Adam s little known images of the Grand Canyon make up roughly one quarter of the photographs selected and edited by his longtime editor Andrea Stillman The varied images portray the balance of desolation and stark beauty in the Southwestern landscape from Texas to California The pictures are complemented by an introduction by Andrea Stillman and a selection of Adams vivid letters about the region In a letter to Alfred Stieglitz he writes It is all very beautiful and magical here a quality which cannot be described You have to live it and breathe it let the sun bake it into you The skies and land are so enormous and the detail so precise and exquisite Modern Ireland and Revolution Cormac O'Malley, 2016-11-11 In 1922 following a decade of political ferment and much bloodshed the Irish Free State was established became stabilised and developed along conservative lines During these years the prevailing impulse was to reprove the actions of republicans who had rejected the Anglo Irish Treaty and many significant revolutionary voices were left unheeded One mind more agile than most of his contemporaries belonged to Ernie O Malley It was through his vastly popular clipped lyric memoirs especially On Another Man s Wound in 1936 that many of the complexities of the republican mindset were brought to light for readers worldwide In Modern Ireland and Revolution leading Irish and American historians and academics deliver critical essays that consider the life writings and monumental influence of Ernie O Malley and the modern arts that influenced him After his involvement in the War of Independence and the Civil War O Malley developed a modernist approach while living abroad for ten years he was devoted to the arts moved in circles that included Georgia O
