*New Millennial Sexstyles* Carol Siegel, 2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct* *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book's second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today's most radical youth

cultures and suggests new directions for gender studies

### **Paul Verhoeven, Media Manipulation, and Hyper-reality**

Emmanuel William Malchiodi, 2011 Dutch director Paul Verhoeven is a polarizing figure. Although many of his American-made films have received considerable praise and financial success, he has been lambasted on countless occasions for his gratuitous use of sex violence and contentious symbolism. 1995's *Showgirls* was overwhelmingly dubbed the worst film of all time, and 1997's *Starship Troopers* earned him a reputation as a fascist. Regardless of the controversy surrounding him, his science fiction films are a move beyond the conventions of the big blockbuster science fiction films of the 1980s. *E.T.* and the *Star Wars* trilogy are prime examples revealing a deeper exploration of both sociopolitical issues and the human condition. Much like the novels of Philip K. Dick, and Verhoeven's 1990 film *Total Recall*, an adaptation of a Dick short story, Verhoeven's science fiction work explores worlds where paranoia is a constant and determining whether an individual maintains any liberty is regularly questionable. *It Doesn't Suck* Adam Nayman, 2014-04-01

The Worst Movie Ever is a masterpiece. Seriously, enough time has passed since *Showgirls* flopped spectacularly that it's time for a good hard look back at the sequined spectacle. A salvage operation on a very public, very expensive train wreck, *It Doesn't Suck* argues that *Showgirls* is much smarter and deeper than it is given credit for. In an accessible and entertaining voice, the book encourages a shift in critical perspective on Paul Verhoeven's *Showgirls*, analyzing the film, its reception, and rehabilitation. This in-depth study of a much reviled movie is a must-read for lovers and haters of the 1995 Razzie winner for Worst Picture. **Paul Verhoeven**

Douglas Keesey, 2005 Known for always pushing the envelope when it comes to showing sex and violence on screen, Paul Verhoeven has directed controversial films in several genres, including the erotic thriller *Basic Instinct*, melodrama *Showgirls*, and science fiction *RoboCop*, *Total Recall*, *Starship Troopers*, and *Hollow Man*. However, even before going to Hollywood, Verhoeven had been a success or scandal in his native Netherlands, where he directed a war saga *Soldier of Orange*, a medieval epic *Flesh & Blood*, a psychosexual thriller *The Fourth Man*, and a sex comedy *Turkish Delight*, which was voted Best Dutch Film of the Century at the Netherlands Film Festival. Verhoeven has shown that visceral thrills can be thought-provoking, challenging our received notions of heroism, patriotism, and eroticism. He has created some of the most courageous and contentious films of recent years. Made with full access to Paul Verhoeven's archives. *Paul Verhoeven , The Lost One* Stephen D.

Youngkin, 2005-09-30 The first full biography of this major actor draws upon more than 300 interviews, including conversations with directors Fritz Lang, Alfred Hitchcock, Billy Wilder, John Huston, Frank Capra, and Rouben Mamoulian, who speak candidly about Lorre, both the man and the actor. *The Rochester Directory*, 1870 **100 Greatest Cult Films**

genome having diminished the contrast between capitalist and non capitalist spaces on which the earlier critiques depended Bringing close readings of blockbuster films into dialogue with historical and theoretical scholarship on dispossession Dystopia and Dispossession in the Hollywood Science Fiction Film proposes a new understanding of the politics of science fiction in particular and utopian thought in general Christianity and Rabbinic Judaism Jonas E. Alexis, 2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus's deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis
