AB Bookman's Weekly, 1997 **The Pauline Corpus in Early Christianity** Benjamin P. Laird, 2022-12-01 The Pauline Corpus in Early Christianity Its Formation Publication and Circulation offers a comprehensive and wide ranging examination of the canonical development of the collection of writings associated with the Apostle Paul The volume considers a number of clues from the New Testament writings ancient literary conventions related to the composition and collection of letters and a variety of early witnesses to the early state of the corpus such as biblical manuscripts canonical lists and the testimony of writers As a conclusion to these inquiries Laird argues that at least three major archetypal editions of the Pauline corpus those containing 10 13 and 14 letters appear to have been collected and edited as early as the first century These major archetypal editions Laird concludes circulated simultaneously for many years until editions containing 14 letters became nearly universally recognized by the fourth century The volume serves as a valuable resource of information for those engaged in the study of the early state of the New Testament canon and offers a fresh perspective on the process that led to the formation of the Pauline corpus Christ's Resurrection in Pauline Soteriology David Michael Stanley, Seeing People Through Nate Regier, PhD, 2020-08-04 NASA Pixar Animation Studios and BMW all use the Process Communication Model as a way of training leaders to connect effortlessly with anyone This book simplifies the complex model to make it easy for anyone to use Today more than ever leaders need a new style of leadership They are realizing that true transformation happens through meaningful relationships and discovering that the key to sustainable connections that create possibility and potential is through communication In Seeing People Through we take a deep dive into The Process Communication Model PCM a behavioral communication model that teaches people how to assess connect motivate and resolve conflict by understanding the personality types that make up a person s whole self which is the key to leveraging personality diversity PCM is more than a lens for understanding how people see things differently it s a deep journey into self awareness and self transformation In this book new emerging leaders senior leaders and seasoned consultants alike will develop a fresh and relevant framework on leadership that is consistent with emerging trends and they will learn how individual and collective concerns can be reconciled in leadership NASA Pixar Animation Studios and BMW are just some of the companies who have all used PCM as a way to build better relationships through authenticity trust agility and positive influence and now you can too History of the Pauline Corpus in Texts, Transmissions and Trajectories Chris S. Stevens, 2020-06-15 In History of the Pauline Corpus in Texts Transmissions and Trajectories Chris S Stevens examines the Greek manuscripts of the Pauline texts from P46 to Claromontanus Previous research is often hindered by the lack of a systematic analysis and an indelicate linguistic methodology This book offers an entirely new analysis of the early life of the Pauline corpus Departing from traditional approaches this text critical work is the first to use Systemic Functional Linguistics which enables both the comparison and ranking of textual differences across multiple manuscripts Furthermore the analysis is synchronically

oriented so it is non evaluative The results indicate a highly uniform textual transmission during the early centuries The systematic analysis challenges previous research regarding text types Christological scribal alterations and textual trajectories

Petroelje,2022-09-08 Benjamin J Petroelje argues that how one reads Ephesians is a function of deeper questions about how to read the Pauline book Petroelje suggests the contemporary consensus that Ephesians depicts development of away from the real Paul is largely a construct of modern criticism rooted in shifting strategies about how to read a letter collection that developed in the 19th century Using Ephesians 3 1 13 as a point of analysis Petroelje theorizes that the text s image of Paul not only anticipates recent revisionist interpretations of Paul s Jewish identity and gentile gospel but also holds together tensions in the collection itself surrounding these questions By analysing ancient letter collections beside their own hermeneutical priorities and applying this method to the late antique and modern reception of the corpus Paulinum Petroelje is able to historicize the origins of the split of Paul s corpus revealing the constructed nature of the critical consensus on Ephesians and the effect that such modern reading strategies have on interpreting the letter Urging a return to reading Ephesians alongside Pauline co texts Petroelje advocates for Ephesians as a crucial source for the study of Paul whether Paul wrote it or not **Bertha the Swiss Trader's Daughter** Eleni Trataris Cotton,2017-08-17 It is 1915 and the Great War changes everything Born of two cultures black and white the Deuss sisters live lives of privilege in Nyasaland now Malawi a magnificent country where people walk in fear of slave traders where big game is hunted and affluent colonials drink cocktails at sundown It ends suddenly when catastrophic events tear their family apart Bertha and her sisters are left

unprotected in a male dominated racist society Rejecting despair they forge a new path for themselves with courage and determination But is this enough to open society s closed doors to build a new life find love and defy what society expects lone girls of mixed race to do This is fact fiction meticulously researched a novel and adventure story which is based on real peoples lives people who experienced the depths of tragedy yet also the heights of joy during their lives on an unforgettably beautiful and wild continent It is a slice of history a window into an enthralling exciting and doomed world that is gone forever

The Pauline Letters David Oliver Smith,2022-06-17 In The Pauline Letters A Rhetorical Analysis David Oliver Smith unveils his revolutionary discovery that the apostle Paul divided his letters into structured literary units as he wrote them These literary units are based upon repeated words phrases and abstract concepts and are invariably patterned into chiasmic parallel or hybrid structures Using his technique of rhetorical analysis Smith sets out each literary unit in the seven undisputed letters of Paul After the structures of the literary units have been exposed the units reveal interpolations that disrupt Paul s original

structure When the interpolations revealed by this technique are compared with interpolations heretofore proposed by Pauline scholars there are some surprising results Smith also uses his technique to analyze the Deutero Pauline letters to determine whether any of those letters exhibit the same literary attributes as the undisputed letters
