Paurava And Alexander:

Paurava And Alexander SUBBA RAO,1971-04-01 When Alexander the great Macedonian conqueror invaded India in 327 B C the various kingdoms and republics of the North West failed to forge a united front against the common enemy Some rulers like Ambhi submitted without resistance while others like Paurava and the chief of Massaga refused to bow to Alexander even when defeat seemed certain Although Alexander met his match in King Paurava he managed to overpower him Alexander was also helped by the weather the heavy rain on the day before the battle had made the earth wet so that Paurava s able archers found it difficult to rest their bows on the slippery ground Nineteen Greek writers who either accompanied Alexander or visited India soon after the invasion wrote accounts of Alexander s march Based on these early records Arrian 1st century A D wrote his biography of the Macedonian conqueror This and other works by Curtius Diodoros Plutarch and Justin describe Alexander s invasion but there is no detailed Indian source to which we can turn It is therefore difficult to trace Alexander s movements in India with precision or to identify the tribes he encountered in the course of his arduous march

Edward James Rapson,Sir Wolseley Haig,Sir Richard Burn,Henry Dodwell,Mortimer Wheeler,1922 *Reminiscences an Anthology of Poems* M.C. Mahesh,2025-03-05 The following is a collection of poems written over a period of time It is an

eclectic mixture with themes ranging from Stephen Hawking's brief history of time the Rig Veda and Jawaharlal Nehru's Discovery of India There are poems on the Indian seasons Indian weather and romance What they do have in common is that most of them have been modelled on the Locksley Hall metre It is one of the archaic metres which is still there in circulation Though it was used extensively in medieval Europe it is comparatively easy to handle due to its inherent flexibility The anthology has relatively fewer themes but the ones that are present are thought provoking The six Indian seasons have been dealt with in detail in Kalidasa's Ritusamhara There are Ragas in Hindustani classical music that are specifically sung during the onset of a season Having read Kalidasa's rendition of the Hemanta Ritu and Sharad Ritu I was convinced that only the Locksley hall metre could do justice to the descriptions of Indian autumn or winter The poems on the birth and dissolution of the cosmos are based on the Rig Veda and the Discovery of India has an interpretation of it There are striking parallels to the Nasadiya Sukta in Stephen Hawking's The Brief History of Time I have always felt that poetry does more justice to the classics of any nation rather than mere prose The same is true of all languages especially when romantic scenes are described I hope this small booklet will inspire the readers to go into the originals besides stimulating their thinking
