

A color photograph of Luciano Pavarotti, a famous Italian opera singer, smiling and holding a bouquet of flowers. He is in the foreground, wearing a red and black patterned shirt. Behind him is a large, dense crowd of Chinese people, mostly men in light blue shirts, looking towards the camera. In the background is a traditional Chinese building with a dark, tiled roof and red pillars. The text "Pavarotti in China" is overlaid in large white letters across the middle of the image.

China's Public Diplomacy Ingrid d'Hooghe,2015-01-08 In China s Public Diplomacy author Ingrid d Hooghe contributes to

our understanding of what constitutes and shapes a country's public diplomacy and what factors undermine or contribute to its success. China invests heavily in policies aimed at improving its image, guarding itself against international criticism and advancing its domestic and international agenda. This volume explores how the Chinese government seeks to develop a distinct Chinese approach to public diplomacy, one that suits the country's culture and authoritarian system. Based on in-depth case studies, it provides a thorough analysis of this approach, which is characterized by a long-term vision, a dominant role for the government, an inseparable and complementary domestic dimension, and a high level of interconnectedness with China's overall foreign policy and diplomacy. *The Politicisation of Sport in Modern China* Fan Hong, Lu

Zhouxiang, 2015-07-16 *The Politicisation of Sport in Modern China* Communist and Champions is the first book in English which examines in chronological order key issues in sport in the People's Republic of China from 1949 to 2012 in the context of Chinese history, politics, and society. It explores the complexity of Chinese sport, including the sovietisation of Chinese sports policy and practice, the emergence of the two Chinas issue, the Cold War, the Cultural Revolution, sports diplomacy, and sports militarism. China's turbulent journey of participation in the Asian Games and in the Olympics, the politics and policy of doping and anti-doping in Chinese sport, and China's sport in the post Beijing Olympics era. By analysing the relationships between sport, diplomacy, politics, and social transformation in China, the book examines how sport has played an important role in China's rise in the 20th and 21st centuries and how China embraced the Olympic Movement and also influenced the world through the Olympic Games. Featuring major events, original documents, and interviews with a wide breadth of insiders from sports policy makers, Olympic medallists, and ordinary Chinese, this book for the first time provides a comprehensive guide to the history of sport in the People's Republic of China. It is a fascinating book for academic researchers, general readers, and students. This book was published as a special issue of the *International Journal of the History of Sport*. China Tripping Rowman & Littlefield, 2019-02-08 This unique book is the first to bring together a group of influential China experts to reflect on their cultural and social encounters while travelling and living in the People's Republic. Filling an important gap, it allows scholars, journalists, and businesspeople to reflect on their personal memories of China. Private experiences, vivid and often entirely unanticipated, often teach more about how a society actually works than a planned course of study can. Such experiences can also expose the sometimes naive misconceptions visitors often bring with them to China. China experts relate stories that are always interesting, but also more, they tell not just anecdotes but telling anecdotes. Why are there no campus maps? Because if you don't know where you're going and why you don't need to be here. What's the allure of Mickey Mouse? He could break all sorts of rules and get away with it. What's a sworn brother in China? Somebody who fights for your honor even when you're not looking. Covering nearly a half century from 1971 to the present, these stories open a vivid window on a rapidly evolving China and on the zigzag learning curve of the China trippers themselves.
