Translated from the French by C. Martel* Michel Eugène CHEVREUL,1854 **The Protevangelium of James** George T. Zervos,2019-08-22 George T Zervos presents the first in a two volume critical investigation of one of the earliest and most important of the New Testament Apocrypha the Protevangelium of James also known as the Infancy Gospel of James Zervos challenges the prevailing view that the ProtJas is a 2nd century unitary document finding it instead to be the product of an ongoing redactional process in which a 1st century CE heretical text was progressively conformed to the orthodox Christian doctrine of the time Zervos tells the story of how an early apocryphal gospel provided the developing church with doctrinal material which was incorporated into both the theology and the ecclesiastical liturgical cycle of the medieval Church thus becoming a significant part of the standard catechism for generations of Christians In this first volume Zervos provides a critical introduction to the text and discusses ProtJas publication history scholarly investigation compositional problems and evidence of redaction as well as a in depth analysis of the narrative For the first time the readings of the vast majority of the known Greek manuscripts appear together with a
