Rediscovering Canada:

Rediscovering the First Nations of Canada John W. Friesen, 1997 Overview of the history lifestyles and spirituality of native races of major regions of Canada Rediscovering Canadian History Paul W. Bennett, 1980 Canadian history including some activities Canada's Rural Majority R.W. Sandwell, 2016-04-06 Before the Second World War Canada was a rural country Unlike most industrializing countries Canada's rural population grew throughout the century after 1871 even if it declined as a proportion of the total population Rural Canadians also differed in their lives from rural populations elsewhere In a country dominated by a harsh northern climate a short growing season isolated households and communities and poor land they typically relied on three ever shifting pillars of support the sale of cash crops subsistence from the local environment and wage work off the farm Canada's Rural Majority is an engaging and accessible history of this distinctive experience including not only Canada's farmers but also the hunters gardeners fishers miners loggers and cannery workers who lived and worked in rural Canada Focusing on the household the environment and the community Canada's Rural Majority is a compelling classroom resource and an invaluable overview of this understudied aspect of Canadian history

Canada in the World Richard Albert, David R. Cameron, 2017-11-02 In this volume marking the Sesquicentennial of Confederation in Canada leading scholars and jurists discuss the evolution of the Canadian Constitution since the British North America Act 1867 the role of the Supreme Court in interpreting the Constitution as a living tree capable of application to new legal issues and the growing influence of both the Constitution with its entrenched Charter of Rights and Freedoms and the decisions of the Court on other constitutional courts dealing with a wide range of issues pertaining to human rights and democratic government The contributors assess how the Canadian Constitution accommodates the cultural diversity of the country's territories and peoples while ensuring the universal applicability of its provisions the role of the Court in interpreting and applying the Constitution and the growing global influence of the Constitution and decisions of the Court on legislatures and courts in other countries **Tommy Douglas and the Quest for Medicare in Canada** Gregory Marchildon, 2024-11-30 How and why was universal health coverage implemented so early in a poverty stricken province in Canada Why was its design so faithfully replicated in the national standards that ultimately shaped Medicare across the rest of Canada Seeking to answer these questions Tommy Douglas and the Quest for Medicare in Canada explores the history of universal health care through the life of Canadian politician Tommy Douglas identifying the pivotal moments and decisions that led to the establishment of Medicare in Canada The book traces the origins of Medicare back to the 1930s Depression and its devastating impact on the Prairie populations Marchildon examines how Tommy Douglas and a new generation of reformers radicalized by the Depression prioritized socialized health care The book reveals how as the provincial party leader Douglas leveraged support from both local and external allies to rapidly implement universal hospital insurance and lay the groundwork for a new health system Despite strong opposition from physician and business lobbies Douglas continued to

pressure the government for federal cost sharing of universal health coverage Drawing on archival sources including speeches television broadcasts and cabinet documents Tommy Douglas and the Quest for Medicare in Canada illuminates how Douglas's vision leadership and coalition building among unions were crucial to the successful establishment of Medicare in Canada **Breaking Free of Neoliberalism: Canada's Challenge** ALEX HIMELFARB, 2024-09-13

Neoliberalism idealizing free market capitalism sets the boundaries for how we are governed in Canada no matter who is in power Author ALEX HIMELFARB explores why these ideas persist when the need for dramatic action on issues like inequality and global warming is obvious to all Neoliberalism free market capitalism and the view that freedom is society's highest value has become embedded in the fabric of Canadian government and society Neoliberal theorists marginalized for decades after the Second World War saw their ideas embraced by Margaret Thatcher and Ronald Reagan who implemented their policies in the 1980s and 90s Neoliberalism arrived in Ottawa with the Mulroney government in 1984 and has continued as widely accepted common sense about government until today Neoliberalism's basic tenets reduce public services in favour of privatization cut taxes to benefit business demonize government deficits limit government regulation and enable corporations to self regulate continue to be promoted by its corporate champions and think tank advocates Yet the experiences of the last decade in Canada and internationally have demonstrated the emptiness of neoliberalism and demonstrated the crucial role government plays in society Challenges from financial market crises to the COVID 19 pandemic and climate change underscore how vital government action can be in our lives **The novel english as**

paradigm of canadian literary identity Natalia Rodriguez Nieto, 2014-04-02 La presente tesis se centra en el género novelístico en lengua inglesa como paradigma de la Identidad literaria canadiense con el fin de analizar su construcción restrictiva por medio de la Recuperación de contribuciones de mujeres y autores étnicos que han sido bien relegadas o bien infravaloradas como agentes literarios relevantes Esta investigación abarca un periodo que comprende desde la publicación de la primera novela canadiense en inglés The History of Emily Montague de Frances Brooke en 1769 hasta 1904 año en el que la obra de Sara Jeannette Duncan titulada The Imperialist vio la luz es decir desde los comienzos del género en inglés hasta la primera novela modernista La primera parte engloba el marco teórico general del Nuevo Historicismo el Feminismo y los Estudios étnicos puesto que resaltan el papel crucial de la historización de la literatura en la creación de tradiciones e identidades literarias e impulsan una visión crítica tanto de la producción literaria de mujeres y escritores étnicos como de su consideración La segunda parte se centra en la historia tradicional e identidad literarias canadienses Por medio de la novela se analiza el proceso de antologización de la literatura canadiense en inglés a través de un estudio detallado sobre la presencia ausencia de autoras y autores étnicos en antologías publicadas entre 1920 y 2004 También se incluyen las contribuciones de críticas feministas y/o étnicas puesto que cuestionan axiomas establecidos en la historia tradicional e identidad canadienses y posibilitan el acceso a las obras de estos escritores/as alternativos cuyos diversos sentidos identitarios de otro modo

silenciados son revelados Precisamente estos diferentes sentidos de la identidad son el eje de la tercera parte Desde 1769 a 1904 existen una primera novela frecuentemente infravalorada escrita Frances Brooke novelas olvidadas de autoras con gran reconocimiento como Susanna Strickland Moodie escritoras relevantes en la ficción juvenil como es el caso de Agnes Maule Machar Margaret Murray Robertson y Margaret Marshall Saunders contribuciones tempranas de autores étnicos como Martin Robinson Delany y Winnifred Eaton así como novelistas de éxito de la talla Agnes Early Fleming Lily Dougall Susan Frances Harrison y Sara Jeannette Duncan Dando voz y resaltando su relevancia este trabajo demuestra que la literatura canadiense temprana está plagada de autoras y autores étnicos inteligentes poderosos y reconocidos cuyas aportaciones deben ser reconsideradas si se pretende seguir manteniendo el carácter multicultural y no patriarcal de las letras canadienses Estas novelas de un autor afroamericano y residente temporal en Canadá de una mujer canadiense de ascendencia chino inglesa y un amplio espectro de mujeres inmigrantes o nativas pone de manifiesto no sólo que Canadá cuenta con un pasado literario sólido y forjado desde la diversidad sino que cuestiona el hecho de que esta herencia literaria todavía necesita ser recuperada

Expo 67 and Its World Craig Moyes, Steven Palmer, 2022-06-17 In 1967 Montreal hosted Man and His World Terre des hommes By far the most successful cultural event ever produced in Canada it was embraced by the public at the same time as intellectuals from Marshall McLuhan to Umberto Eco hailed it as a new type of exhibition for a new global age Because it was held where and when it was on a man made archipelago in the St Lawrence River seven years into Quebec's Quiet Revolution Expo 67 also provided a prism through which the idea of the nation could be refracted and recast in original ways Misunderstood by some scholars as an expensive exercise in official patriotism while maligned by Quebec intellectuals as a crypto federalist distraction from the real business of national independence the fair nevertheless showcased Montreal as the de facto capital of a suddenly modern Quebec engaging with a late modern world Expo 67 and Its World proposes a

reappraisal of the 1967 Montreal International and Universal Exhibition across a range of political social and cultural spaces from the dispossession of Indigenous Peoples and what was then known as the Third World through the aspirations of Montreal Quebec and Canada to the increasingly global ambit of youth culture medicine film and finance A new approach to understanding Expo 67 the collection challenges assumptions about the significance of the event to Canadian Qu b cois and First Nations history
