James Scott Wheeler

Reference Guide To U S Military History 1919 1945:

American Military History Daniel K. Blewett, 2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums

World War II in Europe, Africa, and the Americas, with General Sources Loyd Lee, 1997-08-21 A broadly interdisciplinary work this handbook discusses the best and most enduring literature related to the major topics and themes of World War II Military historiography is treated in essays on the major theaters of military operations and the related themes of logistics and intelligence while political and diplomatic history is covered in chapters on international relations resistance movements and collaboration The volume analyzes themes of domestic history in essays on economic mobilization the home fronts and women in the military and civilian life The book also covers the Holocaust This handbook approaches each topic from a global viewpoint rather than focusing on individual national communities Except for nonprint material the literature research and sources surveyed are primarily those available in English The volume is aimed at both experts on the war and the general academic community and will also be useful to students and serious laymen interested in the war

Atlas of African-American History James Ciment, 2007 A comprehensive history of African Americans including culture slavery and civil rights

The United States in World War I James T. Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich s bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich s bibliography tracks the primary sources that tell each of these stories and many others besides during this tense period in American history Each entry lists the author title place of publication publisher date of publication and page count as well as descriptive information concerning illustrations plates ports maps diagrams and plans The armed forces section carries additional information on rosters awards citations and killed and wounded in action lists *The United States in World War I A Bibliographic Guide* is an ideal research tool for students and scholars of World War I and American

history *Jacob L. Devers* James Scott Wheeler, 2015-10-16 General Jacob L. Devers 1897-1979 was one of only two officers the other was Omar C. Bradley to command an army group during the decisive campaigns of 1944-1945 that liberated Europe and ended the war with Nazi Germany. After the war, Devers led the Army Ground Forces in the United States and eventually retired in 1949 after forty years of service. Despite incredible successes on the battlefield, General George C. Marshall's dependable man remains one of the most underrated and overlooked figures of his generation. In this definitive biography, James Scott Wheeler delivers a groundbreaking reassessment of the American commander whose contributions to victory in Europe are topped only by General Dwight D. Eisenhower's. Wheeler's exhaustively researched chronicle of Devers's life and career reveals a leader who demonstrated an extraordinary ability to cut through red tape and solve complex problems. Nevertheless, Eisenhower disliked Devers, a fact laid bare when he ordered Devers's Sixth Army Group to halt at the Rhine. After the war, Eisenhower's and Bradley's accounts of the general's disagreements over strategy and tactics became received wisdom to the detriment of Devers's reputation. An essential contribution to twentieth-century history, *Jacob L. Devers* provides a fresh and nuanced interpretation of the senior command during World War II and offers a new perspective on a highly accomplished soldier. **The Journal of Military History**, 1996 [World War II in Literature for Youth](#)

Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3,500 titles, a broad sampling of books on the war years 1939-1945. Includes both fiction and nonfiction works about all aspects of the war. Professional resources for educators aligned to the educational standards for social studies, technical references, periodicals, and electronic resources; a directory of WWII museums, memorials, and other institutions; and topics for exploration complement this excellent library and classroom resource. *The American Army in Germany, 1918-1923* Dean A. Nowowiejski, 2021-11-15 *The American Army in Germany 1918-1923: Success against the Odds* by Dean A. Nowowiejski fills a gap in American military and political history through thorough research and a compelling narrative of the Rhineland occupation. After the armistice ended the fighting on the Western Front in World War I, the US Third Army marched into the American occupation zone around the city of Koblenz, Germany, in December 1918. American forces remained there as part of an inter-Allied coalition until early 1923. Nowowiejski reintroduces us to a successful military diplomat, Major General Henry T. Allen, who faced two major challenges: build an efficient army and handle the complexity of working with the Allied powers of France, Britain, and Belgium in the Inter-Allied Rhineland High Commission (IARHC). Allen's ability to balance the interests of the French with those of the occupied Germans made him an indispensable participant in the High Commission. As the French sought revenge and added security against Germany, Allen moderated their actions with diplomatic skill. When the French sent forces into Germany in 1920 and 1921, Allen ensured that the US zone around Koblenz remained free of French interference. These achievements were without the support of the administration and Congress, which had no desire to take part in European affairs. Allen also had to create a competent American army in the Rhineland so that the

Allied powers and the Germans would respect American views and interests He successfully took a large number of new recruits who replaced World War I combat veterans and molded them into a professional fighting force As a result the American Forces in Germany became an exemplar for the entire US Army and a symbol to the Allies and Germans of American power and resolve This force competently accomplished the difficult task of postwar occupation according to the highest international standards The US administration made the decision in 1922 to radically cut back the size of Allen s army and in 1923 to remove all US troops from Germany The author analyzes this withdrawal as a missed opportunity for US leverage on diplomatic developments in Europe

American Reference Books Annual Juneal M. Chenoweth,1995-04-15 With more than 1600 descriptive and evaluative entries ARBA continues its 26 year tradition as a comprehensive review source for reference works published or distributed in the US ARBA 95 encompasses the subject spectrum covering such broad areas as general reference history education economics and business and science and technology Of special note in this edition is increased coverage of CD ROM products More than 350 reviewers provide reviews that cover strengths and weaknesses of the reference works

American Indian Wars Justin D. Murphy,2022-01-11 Providing an indispensable overview of the American Indian Wars this book focuses on Native American tribes and warriors and their varying responses to the onslaught of European colonists and American settlers in the centuries following contact This work provides an overview of the Indian Wars from the arrival of Europeans until 1890 The work focuses primarily on Native American tribes and warriors and their role in battles and campaigns against other Native Americans and Europeans Americans while also including key European American leaders and soldiers as well as treaties between Native Americans and Europeans Americans The introduction provides a broad overview of the Indian Wars and also considers whether the Indian Wars should be considered genocide The bibliography focuses on the most important works published on the Indian Wars Each entry also includes a list of references for readers to consult The work also includes a collection of primary source documents that span the entire time period
