Reflections on Afterlife John J. Kula, 2016-09-26 Humanity has always wished for something beyond this life something greater and uplifting beyond mere mortal existence This feeling of longing is often seen as a religiously inspired conviction and many people see their place in the afterlife as something divinely ordained John J Kula examines the myths as well as the far fetched notions surrounding the afterlife in this expansive study that combines philosophy science religion and faith He explores areas such as science and religion and how they overlap modern day myths about the afterlife psychic phenomena channeling and out of body experiences and heaven purgatory limbo and hell By clearing away the misgivings and confusion that surround the notion of afterlife you'll realize that it is not like any place on earth That is part of its incredible mystery Take a positive contemporary view of the afterlife and look to the theological teachings of today to demystify ancient mythology with *Reflections on Afterlife* *Beyond Death* Gary R. Habermas, J. P. Moreland, 2004-01-29 Death and what lies

beyond is not something you consider every day But the thought of it raises some intriguing questions Are there good reasons for believing in life after death What is the afterlife like How valid are the reports of near death experiences Do heaven and hell exist And if so how can hell be reconciled with a loving God By sharing the very latest scientific philosophical anthropological ethical and theological evidence on life after death noted Christian scholars Habermas and Moreland present a strong case for immortality with this book They begin by taking up the question of whether life after death is real and what evidence supports its reality They then explore what the afterlife is like and go on to show how having this reality in your future should affect the way you live here and now This book will reassure you that there's no need to fear death as long as you're prepared eternity that follows It's also a great aid in developing a serious biblical rational and even scientific defense for the belief in life beyond the grave **Life After Life ; And, Reflections on Life After Life** Raymond A. Moody, 1977 I

heard the doctors say that I was dead and that s when I began to feel as though I were tumbling actually kind of floating through this blackness which was some kind of enclosure There are not really words to describe this Everything was very black except that way off from me I could see this light It was a very very brilliant light but not too large at first It grew larger as I came nearer and nearer to it What Does the Bible Say about Life after Death?
