Reflections On Money:

Reflections on money, 1989 **Reflections on Money** David T. Llewellyn, 1989-12-22 This volume contains a series of sometimes controversial reflections on money and the conduct of monetary policy by eight distinguished economic analysts and practitioners **Critical Reflections on Transnational Organized Crime, Money Laundering and Corruption** Margaret E. Beare, 2003-01-01 Contributors offer a wide range of challenges to commonly held views on transnational crime and approaches to fighting it suggesting that current international policies follow an American model that exaggerates its threat out of proportion **Understanding Money** Aditya Nain, P. G. Jung, 2021-07-29 This book offers a novel understanding of money by moving away from the dominant lens of economics through which it is usually seen In contrast to the economic frameworks of money the volume examines philosophical discourses on money through conceptual frameworks that explain how monetary value manifests in various empirical monetary systems It showcases how the increasingly abstract nature of the objects that stand proxy for money could be conceptualized ontologically highlighting the predominance of digital money today as well as contemporary monetary innovations such as cryptocurrencies like Bitcoin Provocative yet grounded in a sound theoretical framework this book will be of interest to scholars students and teachers interested in money or monetary value across various domains and disciplines such as philosophy economics sociology anthropology finance science and technology studies as well as the interested general reader **Good Value** Stephen Green, 2011-02-08 An unusual and thoughtful disquisition on how to conduct oneself in a world of high finance and ambition The Wall Street Journal A Financial Times Book of the Year Can one be both an ethical person and an effective businessperson As an ordained priest and former bank chairman Stephen Green thinks so In Good Value Green retraces the history of the global economy and its financial systems and shows that while the marketplace has delivered huge advantages to humanity it has also abandoned over a billion people to extreme poverty encouraged overconsumption and debt and ravaged the environment How do we reconcile the demands of capitalism with both the common good and our own spiritual and psychological needs as individuals To answer that and some of the most vexing questions of our age Green takes us on a lively and erudite journey through history looking for lessons in the work of economists and philosophers businessmen and poets theologians and novelists playwrights and political scientists An essential business book by a man who is uniquely qualified to write it Good Value is a timely and persuasive analysis of the most pressing financial and moral questions we face Psychoanalytic Reflections on a Changing World Halina Brunning, 2018-05-08 This book analyses a range of ubiquitous phenomena that make up our daily lives and to ask not so much whether psychoanalytic thinking can add to our existing understanding of these phenomena but what it can add It deals with work issues independently of each other **Money-making men J.** Ewing Ritchie, 2024-03-19 **Money, Inflation, and Capital Formation** Leopold von Thadden, 1999-11-17 This book is a slightly revised version of my doctoral thesis which I wrote during my time as an assistant at the Faculty of Economics of the

University of Magdeburg I am grateful that I had the opportunity to write my thesis in the stimulating atmosphere of this young and lively faculty I owe a great amount of gratitude to my supervisor Prof G Schwodiauer who constantly encouraged my work and helped to improve it in many discussions I also would like to thank Prof K H Paque and Prof P Flaschel who as members of my doctoral committee commented on various details of this study in a very constructive manner At various stages of my work I received helpful comments from many colleagues of mine in particular T Konig and A Wohrmann However it goes without saying that I retain full responsibility for all remaining errors
