Reflections Of An Australian Liberal:

Australian Liberals and the Moral Middle Class Judith Brett, 2003-11-06 The Liberal Party of Australia was late to form in 1945 but the traditions and ideals upon which it is founded have been central to Australian politics since Federation This 2003 book by award winning author and leading Australian political scientist Judith Brett provides the very first complete history of the Australian liberal tradition and then of the Liberal Party from the second half of the twentieth century The book sparkles with insight particularly in its sustained analysis of the shifting relationships between the experiences of the moral middle class and Australian liberals own self understandings It begins with Alfred Deakin facing the organised working class in parliament and ends with John Howard electorally triumphant but alienated from key sections of middle class opinion This book is destined to become the definitive account of Australian liberalism and of the Liberal Party of Australia *Australia and the Wider World* Curran, James, Ward, Stuart, 2013-05-20 Since the 1960s Neville Meaney has been asking probing questions about social change and the rise of nationalism especially as found in the making of Australia s self image and its engagement with the world His efforts to unravel what he once called the riddle of Australian nationalism have raised important and often unsettling challenges for Australians Bringing together the cultural intellectual political and diplomatic dimensions of the national experience Meaney s work has been dominated by two overarching and interconnected questions how Australians should resolve the tension between the community of culture and the community of interest and how they should reconcile their British heritage with their Asian moorings *JB Chifley* Julie Soares, 2019-03-19 This combined with his rural background and commitment to the labour movement played a major role in the development of his internationalist perspective Often overlooked by historians Chifley believed that the only way to avoid war and economic depression was through the establishment of international rules based economic and collective security institutions These were beliefs he had held since the early 1930s Chifley was a prime minister with a keen interest in post war Asia who understood that the old colonial order was ending He was a great admirer of the Indian Prime Minister Jawaharlal Nehru This book reveals the extraordinary convergence of worldviews of two fellow internationalists Chifley and Nehru This convergence can be seen in their views on the need to adjust to a changing post colonial world their internationalism their support for the United Nations their opposition to Western colonialism their anti war attitudes and their animosity towards the American and British Cold War framework through which the post war world was viewed Historian Frank Bongiorno wrote about Julie s work on Chifley it is a tremendous achievement to produce such a new vision of a major political figure it is an important contribution to Australian political foreign policy and intellectual history [Reflections of an Australian Liberal](#) Frederic William Eggleston, 1953 [Liberalism Versus Conservatism](#) François B.
