Reform In Modern Russian History:

Reform in Modern Russian History Theodore Taranovski, Peggy McInerney, 1995-01-27 This volume provides a comparative study of the problems and prospects of reform in modern Russian history Drawn from contributions to a May 1990 conference sponsored by the Kennan Institute for Advanced Russian Studies the book raises important methodological and historiographic questions regarding the content scope and significance of various reform efforts ranging from the Great Reforms of tsar Alexander II to attempts to salvage the Soviet system undertaken by Khrushchev and Gorbachev One of the key issues raised is whether various attempts to modernise the political and social system were a series of cyclical failures or demonstrate a pattern of progressive development Reform in Modern Russian History favours the second mode of interpretation and provides an excellent background for all who want to understand the Gorbachev era and contemporary Russian politics

New Perspectives in Modern Russian History Robert B Mcklean, 1992-10-13 Containing a selection of papers from the Congress for Soviet and East European Studies this book deals with the crisis of the ancien regime in the 1890s and 1990s The essays in this volume are accordingly devoted mainly to the history of tsarist Russia between 1881 and 1917

Russia's Great Reforms, 1855-1881 Ben Eklof, John Bushnell, Larissa Zakharova, 1994-06-22 The Great Reforms undertaken during the reign of Alexander II represented a unique attempt by the tsarist government to restructure virtually every aspect of Russian life beginning with the emancipation of the serfs and continuing through reforms of local government the judiciary the military education the financial system censorship and other domains This volume the work of an international group of scholars that includes historians from Russia maps out the major landmarks in the conceptualization and implementation of the Great Reforms during the reign of Alexander II and proposes a variety of perspectives from which to view them From publisher s description

Modernism and Public Reform in Late Imperial Russia I. Gerasimov, 2009-08-12 This book is a comprehensive reconstruction of the successful attempt by rural professionals in late imperial Russia to engage peasants in a common public sphere Covers a range of aspects from personal income and the dynamics of the job market to ideological conflicts and psychological transformation Based on hundreds of individual life stories

Russia in 1913 Wayne Dowler, 2010-10-29 A pivotal year in the history of the Russian Empire 1913 marks the tercentennial celebration of the Romanov Dynasty the infamous anti Semitic Beilis Trial Russia s first celebration of International Women s Day the ministerial boycott of the Duma and the amnestying of numerous prisoners and political exiles along with many other important events A vibrant public sphere existed in Russia s last full year of peace prior to war and revolution During this time a host of voluntary associations a lively and relatively free press the rise of progressive municipal governments the growth of legal consciousness the advance of market relations and new concepts of property tenure in the countryside and the spread of literacy were transforming Russian society Russia in 1913 captures the complexity of the economy and society in the brief period between the revolution of 1905 and the outbreak of war in 1914 and shows

how the widely accepted narrative about pre war late Imperial Russia has failed in significant ways While providing a unique synthesis of the historiography Dowler also uses reportage from two newspapers to create a fuller impression of the times This engaging and important study will appeal both to Russian studies scholars and serious readers of history **Land Reform in Russia, 1906-1917** Judith Pallot, 1999-05-20 Since the collapse of the USSR there has been a growing interest in the Stolypin Land Reform as a possible model for post Communist agrarian development Using recent theoretical and empirical advances in Anglo American research Dr Pallot examines how peasants throughout Russia received interpreted and acted upon the government s attempts to persuade them to quit the commune and set up independent farms She shows how a majority of peasants failed to interpret the Reform in the way its authors had expected with outcomes that varied both temporally and geographically The result challenges existing texts which either concentrate on the policy side of the Reform or if they engage with its results use aggregated official statistics which this text argues are unreliable indicators of the pre revolutionary peasants reception of the Reform **Revolutions and the Collapse of Monarchy** Zhand Shakibi, 2007-02-23 What causes revolution What brought about the end of the last major monarchies of the modern period Were Louis XVI Nicholas II and Mohammad Reza Pahlavi the unwitting victims of historical circumstance or did their own actions help to bring about the revolutions that overthrew them This powerful and original book is the first comparative study of the revolutions in Bourbon France Romanov Russia and Pahlavi Iran Zhand Shakibi analyses fully the timing and causes of these three revolutions and reveals the important similarities between them *Revolutions and the Collapse of Monarchy* argues provocatively that it is often the monarch s own personality that provides the vital spark which produces revolution This ambitious and important book challenges the Marxist interpretation of history and adds a compelling new perspective to theories of revolution *Liberal Reform in an Illiberal Regime* Stephen F. Williams, 2013-09-01 An examination of property rights reforms in Russia before the revolution reveals the advantages and pitfalls of liberal democracy in action from a government that could be described as neither liberal nor democratic The author analyzes whether truly liberal reform can be effectively established from above versus from the bottom up or whether it is simply a product of exceptional historical circumstances **Transforming Peasants** Judith Pallot, 1998-07-15 The essays in this collection explore the social construction of the Russian peasantry in the period between Emancipation and Collectivisation and the impact of these constructions on Tsarist and Bolshevik agrarian policy The international group of authors represent different trends in the historical sociological and geographical investigations of the East European peasantry and draw both upon the insights of cultural studies and recently available archival materials to throw new light on the relationship between peasantry and other classes *Historians and Historical Societies in the Public Life of Imperial Russia* Vera Kaplan, 2017-02-27 What was the role of historians and historical societies in the public life of imperial Russia Focusing on the Society of Zealots of Russian Historical Education 1895 1918 Vera Kaplan analyzes the network of voluntary associations that existed in imperial Russia

showing how they interacted with state public and private bodies Unlike most Russian voluntary associations of the late imperial period the Zealots were conservative in their view of the world Yet like other history associations the group conceived their educational mission broadly engaging academic and amateur historians supporting free public libraries and widely disseminating the historical narrative embraced by the Society through periodicals The Zealots were champions of voluntary association and admitted members without regard to social status occupation or gender Kaplan s study affirms the existence of a more substantial civil society in late imperial Russia and one that could endorse a modernist program without an oppositional liberal agenda
