## **Region In Turmoil South Asian Conflicts Since 1947:**

**A Region in Turmoil** Robert Johnson, 2006 Since 2001 there has been considerable interest in the individual conflicts that have engulfed the states of South Asia from the long insurgency of Myanmar through the struggle of the Tamil Tigers in Sri Lanka the Maoist insurgency in Nepal the unrest in the Punjab and Assam the Bangladeshi war of independence the gruelling conflict in Kashmir to the intractable conflicts of Afghanistan and the current War on Terror In *A Region in Turmoil South Asian Conflicts since 1947* Rob Johnson explains and evaluates the historic and political roots of conflicts in South Asia in a systematic and thematic way South Asian region as a whole and they are rarely examined in the regional or global context The failure to take a regional perspective in the past has meant that important connections have not always been understood in the West and the view from South Asia has perhaps not been fully explored The author addresses this gap illustrating the causes developments context and conclusions or absence of them of conflicts in the South Asian region India and Pakistan are both nuclear powers who have resorted to war with each other on a number of occasions since independence In addition the insurgencies of the last fifty years continue to destabilize the states of the region and now the rest of the world The global context of these campaigns are analyzed from the end of empire through the Cold War to the global effort against terrorism today Highly topical this book will be of interest not only to students and scholars but to a wide general audience as well

*A Region in Turmoil* Rob Johnson, 2005-09-15 South Asia has been the setting for some of the century's most violent invasions the Western world's bloodiest defeats and a volatile geopolitical brew of religions ethnicities and nationalism that sends unsettling ripples through the global balance of power even today Rob Johnson writes here the engrossing history of the individual conflicts that have engulfed the states of South Asia during the last half century *A Region in Turmoil* offers a new perspective on the area drawing together the conflicts of South Asia and examining them in local and global contexts from the end of the Western colonial empires through today's global efforts to combat terrorism Johnson's incisive analysis breaks down the historical and political roots of the conflicts and departs from traditional Western centric paradigms to reveal heretofore overlooked South Asian viewpoints on the conflicts and connections among the wars He probes the causes contexts and conclusions of the conflicts ranging from the enduring insurgency in Myanmar to the struggle of the Tamil Tigers in Sri Lanka the unrest in the Punjab and Assam states the Bangladeshi war of independence and the intractable struggles in Kashmir and Afghanistan The twenty first century opened with South Asia front and center on a turbulent political stage the region is not only the designated frontline for the war on terror but also home to the newest nuclear powers India and Pakistan *A Region in Turmoil* addresses this critical contemporary crisis with an invaluable analysis of the region and its complex history making it essential reading for historians policymakers and anyone who reads the front page of the daily newspaper

*Oil, Islam, and Conflict* Robert Johnson, 2007-10-15 The author looks at the policies of the Central Asian governments that includes their attitudes to democratic reform human rights energy and economic

development and how these are related to civil violence      Regionalism and Regional Security in South Asia Zahid Shahab Ahmed, 2016-04-08 Zahid Shahab Ahmed evaluates the progress of the South Asian Association for Regional Cooperation SAARC This study goes beyond economic integration to present a detailed appraisal of cooperation under the overarching themes of economic cooperation environmental security human welfare and cooperation in security matters According to the author SAARC is making progress in addressing the myriad of issues on its agenda The transition from agreements to actions and frequent interactions among the member states has boosted confidence The progress of SAARC is more evident in the less controversial areas of human security such as poverty alleviation health and safety human resources development and higher education Notwithstanding enthusiastic commitments reflected in agreements and action plans there is a gulf between rhetoric and implementation most notably in sensitive areas relating to traditional security In the light of the findings of this study the author proposes that greater cooperation in common human security areas has a potential to pave the way for a cooperation on issues of a contentious nature particularly terrorism      **Global security** Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2009-08-02 This report into the global security concerns related to Afghanistan and Pakistan recommends that the UK Government should refocus its wide ranging objectives in Afghanistan and concentrate its limited resources on one priority security The UK has experienced mission creep from its initial goal of countering international terrorism into the realms of counter insurgency counter narcotics protection of human rights and state building The Committee recommends that the lead international role on counter narcotics should be transferred away from the UK The Committee recognises that the security situation in Afghanistan will remain precarious for some time to come but there can be no question of the international community abandoning Afghanistan The issue at stake must be how best the UK and its allies can allocate responsibilities and share burdens so as to ensure that the country does not once again fall into the hands of those who seek to threaten the security of the UK and the West The Committee says that a negotiated Afghan led political settlement with broad popular support represents the only realistic option for long term security and stability in Afghanistan There can be no serious prospect of meaningful discussions until Coalition Forces and the Afghan national security forces gain and retain the upper hand on security across the country including in Helmand and are then able to negotiate from a position of strength The international effort by the UN EU and individual countries in Afghanistan since 2001 has delivered much less than it promised and its impact has been significantly diluted by the absence of a unified vision and strategy grounded in the realities of Afghanistan's history culture and politics      *Atal Bihari Vajpayee and India's Foreign Policy: 1977-2004* Jhila Poptani, Tridib Chakraborti, 2024-06-15 Atal Bihari Vajpayee and India's Foreign Policy 1977-2004 Initiatives Policy Making and Achievements examines the life and work of a humanitarian a visionary an orator par excellence a writer a mass leader and a Parliamentarian who is still revered by both members of his own party and by the opposition Vajpayee's long political career won him accolades as well as honors Being closely associated with the Indian

political arena from a very young age Vajpayee with his knowledge experience and charismatic persona became the Bhishma Pitamah of Indian politics He had achieved few major milestones during his long political tenure in the Parliament of India Atal Bihari Vajpayee was unarguably one of the best and most influential Prime Ministers of India serving the nation for a full term five years and two short terms having impressive contributions to the development of India He played a very significant role in shaping the foreign policies of India Vajpayee's dedicated efforts to solve persistent and major issues in foreign policies are remarkable His indomitable determination and spirit helped India to attain its justified place in international forum Atal Bihari Vajpayee's legacy is preserved and reproduced by successive leaders of India honoring his accomplishments

War in the Modern World, 1990-2014 Jeremy Black, 2014-09-15 In *War in the Modern World 1990-2014* Jeremy Black looks at the most modern of conflicts from the perspective that war is a central feature of the modern world Arguing that understanding non Western developments is crucial if the potential of Western war making is to be assessed accurately the book also asserts that knowing the history of conflict can only help future generations Black argues for the need to emphasise the variety of military circumstances as well as the extent to which the understanding of force and the definitions of victory and defeat are guided by cultural assumptions War has a multi faceted impact in the modern world and this book shows its significance As the latest volume in the Warfare and History series this title takes a global and historical perspective on modern warfare enabling the reader to approach familiar conflicts through a new analytical framework This book is an invaluable resource for all students of the history of modern warfare

*Conventional Warfare in South Asia, 1947 to the Present* Kaushik Roy, 2017-03-02 The essays included in this volume focus on conventional war on land sea and air fought by the states of South Asia and their impact on the host societies and economies The authors are drawn from academia and the military in India and Pakistan as well as from outside the subcontinent in order to give a wide perspective In the introduction the editors describe the changing contours of warfare in South Asia and the similarities and dissimilarities with warfare in the Middle East and South East Asia The volume highlights the influence of extra regional powers like China Russia and the US in providing arms munitions and shaping the texture of military doctrines and force structures of the South Asian powers

*Race, Ethnicity and Nuclear War* Paul Williams, 2011-10-18 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Ranging across novels and poetry critical theory and film comics and speeches *Race Ethnicity and Nuclear War Representations of Nuclear Weapons and Post Apocalyptic Worlds* explores how writers thinkers and filmmakers have answered the following question are nuclear weapons white Many texts respond in the affirmative and arraign nuclear weapons for defending a racial order that privileges whiteness They are seen as a reminder that the power enjoyed by the white western world imperils the whole of the Earth Furthermore the struggle to survive during and after a speculated nuclear attack is often cast as a contest between races and ethnic groups *Race Ethnicity and Nuclear War* listens to voices from around the Anglophone world and the debates followed do not only

take place on the soil of the nuclear powers Filmmakers and writers from the Caribbean Australia and India take up positions shaped by their specific place in the decolonizing world and their particular experience of nuclear weapons The texts considered in Race Ethnicity and Nuclear War encompass the many guises of representations of nuclear weapons the Manhattan Project that developed the first atomic weapons the destruction of Hiroshima and Nagasaki nuclear tests taking place around the world and the anxiety surrounding the superpowers devastating arsenals Of particular interest to SF scholars are the extensive analyses of films novels and short stories depicting nuclear war and its aftermath New thoughts are offered on the major texts that SF scholars often return to such as Philip Wylie's Tomorrow and Pat Frank's Alas Babylon and a host of little known and under researched texts are scrutinized too War, Ethics and Justice Annika

Bergman-Rosamond, Mark Phythian, 2011-01-28 This edited volume addresses the key issues of ethics war and international relations in the post 9 11 world There is a lively debate in contemporary international relations concerning the relationship between statist obligations to one's own political community and cosmopolitan duties to distant others This volume contributes to this debate by investigating aspects of the ethics of national military and security and intelligence policies in the post 9 11 environment The discursive transformation of national militaries into forces for good became normalized as the Cold War subsided While the number of humanitarian military interventions and operations rose considerably in the immediate post Cold War period the advent of the war on terror raised questions about exactly what we mean by ethical behaviour in terms of military and security policies This volume interrogates this key question via a focus that is both distinctive and illuminating on national military ethics femininities masculinities and difference and intelligence ethics The key objectives are to demonstrate the important linkages between areas of international relations that are all too often treated in isolation from one another and to investigate the growing tension between cosmopolitan and communitarian conceptions of intelligence and security and the use of armed force This book will be of much interest to students of security studies ethics gender studies intelligence studies and international relations in general Mark Phythian is Professor of Politics in the Department of Politics and International Relations at the University of Leicester He is the author or editor co editor of ten books Annika Bergman Rosamond is Senior Researcher at the Danish Institute for International Studies in Copenhagen

History at the End of the World? History Climate Change and the Possibility of Closure Mark Levene, Robert Johnson, Penny Roberts, 2010-01-01 This collection of essays proposes that climate change means serious peril Our argument however is not about the science per se It is about us our deep and more recent history and how we arrived at this calamitous impasse With contributions from academic activists and independent researchers History at the End of the World challenges advocates of business as usual to think again But in its wide ranging assessment of how we transcend the current crisis it also proposes that the human past could be our most powerful resource in the struggle for survival Our approaches begin from archaeology literature religion psychology sociology philosophy of science engineering and sustainable

development as well as straight history

**Failed States and the Origins of Violence** Tiffiany Howard, 2016-04-15 What makes a terrorist Is an individual inherently predisposed to be attracted to political violence or does exposure to a certain environment desensitize them in such a way that violence represents a viable mode for addressing political grievances Identifying state failure as the impetus for political violence this book addresses these questions and focuses on why existing extremist groups find failed states so attractive Utilizing global barometer data Tiffiany Howard examines the underpinnings of individual support for political violence and argues that an insidious pattern of deprivation within failed states drives ordinary citizens to engage in and support extreme acts of political violence A rigorous examination of four regions plagued by a combination of failed states and political violence Sub Saharan Africa The Middle East and North Africa Southeast and South Asia and Latin America this text draws parallels to arrive at a single conclusion that failed states are a natural breeding ground for terrorism and political violence

How Rivalries End Karen Rasler, William R. Thompson, Sumit Ganguly, 2013-03-15 Rivalry between nations has a long and sometimes bloody history Not all political opposition culminates in war the rivalry between the United States and the Soviet Union is one example but in most cases competition between nations and peoples for resources and strategic advantage does lead to violence nearly 80 percent of the wars fought since 1816 were sparked by contention between rival nations Long term discord is a global concern since competing states may drag allies into their conflict or threaten to use weapons of mass destruction How Rivalries End is a study of how such rivalries take root and flourish and particularly how some dissipate over time without recourse to war Political scientists Karen Rasler William R Thompson and Sumit Ganguly examine ten political hot spots stretching from Egypt and Israel to the two Koreas where crises and military confrontations have occurred over the last seven decades Through exacting analysis of thirty two attempts to deescalate strategic rivalries they reveal a pattern in successful conflict resolutions shocks that overcome foreign policy inertia changes in perceptions of the adversary s competitiveness or threat positive responses to conciliatory signals and continuing effort to avoid conflict after hostilities cease How Rivalries End significantly contributes to our understanding why protracted conflicts sometimes deescalate and even terminate without resort to war

**Asia's Rise in the 21st Century** Scott B. MacDonald, Jonathan Lemco, 2011-10-20 This expert analysis looks at what the increasing economic and political prominence of China and other Asian nations means to the West and the rest of the world Asia s Rise in the 21st Century is a wake up call to the West offering a sophisticated assessment of a group of nations that are becoming essential markets for U S trade industry and finance even as they increasingly represent fierce competition for global markets The work traces changes that launched the region down the path to potential economic and political ascendancy and it looks at various factors from politics to economics to demographics that affect Asia now and will continue to do so in the future China s prominence is explored in the context of how it complements and competes with the rest of Asia especially Japan and India and how it interacts with other major emerging market countries such as Brazil Russia and Turkey The book

also looks at the challenge China's ascendancy poses to the assertion that a successful capitalist system must be accompanied by political democracy Finally the authors suggest ways in which Asia's rise can be accommodated in the West and elsewhere and offer thoughts on where Asia and especially China will be in 2030      **Europe Since the Seventies**

Jeremy Black, 2009-03-30 In *Europe since the Seventies* Jeremy Black offers a succinct and authoritative analysis of the social and economic development of Europe in recent decades While providing a full treatment of environmental demographic and cultural issues in Europe Black also offers delineations of broader political economic and social matters discussing practical immediate subjects like migration crime transportation and the environment *Europe since the Seventies* reveals how European society has changed strikingly former societal lines drawn on the basis of economics and class have given way to lines formed by identity such as gender sexual orientation and ethnicity Meanwhile the European Union has created an expanded Europe and is now a testing ground for new forms of economics and politics A readable concise and timely work this latest book by a notable European historian will be indispensable to anyone wishing to understand the complexities of present day Europe

*Law, Society and Transition in Myanmar* Melissa Crouch, Tim Lindsey, 2014-10-23 This edited volume addresses the dynamics of the legal system of Myanmar Burma in the context of the dramatic but incomplete transition to democracy that formally began in 2011 It includes contributions from leading scholars in the field on a range of key legal issues now facing Myanmar such as judicial independence constitutional law human rights and institutional reform It features chapters on the legal history of Myanmar electoral reform the role of the judiciary economic reforms and the state of company law It also includes chapters that draw on the experiences of other countries to contextualise Myanmar's transition to democracy in a comparative setting including Myanmar's participation in regional bodies such as ASEAN This topical book comes at a critical juncture in Myanmar's legal development and will be an invaluable resource for students and teachers seeking greater understanding of the legal system of Myanmar It will also be vital reading for a wide range of government business and civil society organisations seeking to re engage with Myanmar as it navigates a difficult transition toward democracy and the rule of law

**People-to-People Diplomacy in Israel and Palestine** Sapir Handelman, 2016-04-08 The *Minds of Peace Experiment* is a small scale Israeli Palestinian public negotiating congress The exercise invites Israeli and Palestinian delegations to publicly negotiate solutions to their struggle over a limited period of sessions The initiative is designed to demonstrate the peacemaking power of a major public negotiating congress to evaluate its potential outcomes and to get support for its establishment Scholars from different disciplines describe and analyze the enterprise They provide valuable lessons for improving and elaborating the initiative which has been conducted in major universities around the U S Canada and in Israel Palestine The intention is to add a fresh perspective to the efforts to build a revolutionary peacemaking process in the Israeli Palestinian case The *Minds of Peace Experiment* is a fascinating laboratory for people to people diplomacy and negotiation The exercise succeeded to demonstrate how people from all walks of life and the entire political

spectrum can reach peace agreements while their leaders face major problems in their relationship The book intends to provoke critical and fruitful discussion among those who are interested in negotiation diplomacy and the Israeli Palestinian conflict This book was published as a special issue of Israel Affairs *Museums, Heritage and International Development* Paul Basu, Wayne Modest, 2014-10-03 While many claims are made regarding the power of cultural heritage as a driver and enabler of sustainable development the relationship between museums heritage and development has received little academic scrutiny This book stages a critical conversation between the interdisciplinary fields of museum studies heritage studies and development studies to explore this under researched sphere of development intervention In an agenda setting introduction the editors explore the seemingly oppositional temporalities and values represented by these past making and future making projects arguing that these provide a framework for mutual critique Contributors to the volume bring insights from a wide range of academic and practitioner perspectives on a series of international case studies which each raise challenging questions that reach beyond merely cultural concerns and fully engage with both the legacies of colonial power inequalities and the shifting geopolitical dynamics of contemporary international relations Cultural heritage embodies different values and can be instrumentalized to serve different economic social and political objectives within development contexts but the past is also intrinsic to the present and is foundational to people s aspirations for the future *Museums Heritage and International Development* explores the problematics as well as potentials the politics as well as possibilities in this fascinating nexus

The war in Afghanistan: A Legal Analysis , Provides legal examination of the armed conflict in Iraq during the second Gulf War that began in 2003 Discusses legal issues associated with the initial decision to use armed force the manner in which force was employed the legal framework and evolution of military activities from invasion to occupation detention and counterinsurgency operations as well as policy and legal issues associated with the establishment of the rule of law and return of governance to the people of Iraq

**Baltic Facades** Aldis Purs, 2013-02-15 Estonia Latvia and Lithuania are often grouped together as the Baltic States but these three Eastern European countries tied together historically are quite different Although each is struggling to find its place within Europe and fighting to preserve its own identity the idea of the Baltic States is a facade In this book Aldis Purs dispels the myth of a single coherent Baltic identity presenting a radical new view of the region Baltic Facades illuminates the uniqueness of these three countries and locates them within the larger context of European history also revealing the similarities they share with the rest of the continent He also examines the anxiety the people of Estonia Latvia and Lithuania feel about their own identities and how others see them Giving equal weight to developments in politics economics and social and cultural trends he places contemporary events in a longer perspective than traditional Cold War inspired views of the region tracing the countries under Soviet rule after the end of World War II through their declarations of independence in the early 1990s and their admission to the European Union in 2004 Baltic Facades is an enlightening look at these three separate though related Eastern European countries
