**Regional development** John H. Cumberland, 2018-12-03 No detailed description available for Regional development

*Regional Development Theories & Their Application* Benjamin Howard Higgins, Donald J. Savoie, 1995 Throughout the world today we are seeing former nation states as different as Yugoslavia Somalia and Canada breaking up or threatening to break up into regions The conflicts are economic social ethnic linguistic religious political and cultural *Regional Development Theories and Their Application* analyzes the reasons for these conflicts and shows why attempts to eliminate regional disparities within nations have been largely unsuccessful Part I of the book is an exposition analysis and critique of various theories of regional development Part II presents case studies in the United States Great Britain the European Community Australia and less developed countries Part III outlines the lessons learned from past experience and sketches a new political economy of regional development Higgins and Savoie demonstrate that new knowledge is more likely to be discovered if social scientists work at the regional and community levels rather than exclusively at the macrolevel national economy society and polity or the microlevel the household firm industry and local government *Regional Development Theories and Their Application* provides a readable comprehensible survey of the literature and current debates in the fields of regional economics development policy and planning It lays the foundation for improved social and economic policy and theoretical synthesis that will be of interest to sociologists economists professionals working in regional development and political scientists and theorists

**Local and Regional Development** Andy Pike, Andrés Rodríguez-Pose, John Tomaney, 2016-07-15 Actors and institutions in localities and regions across the world are seeking prosperity and well being amidst tumultuous and disruptive shifts and transitions generated by an increasingly globalised knowledge intensive capitalism global financial instability volatility and crisis concerns about economic social and ecological sustainability climate change and resource shortages new multi actor and multi level systems of government and governance and a re ordering of the international political economy state austerity and retrenchment and new and reformed approaches to intervention policy and institutions for local and regional development *Local and Regional Development* provides an accessible critical and integrated examination of local and regional development theory institutions and policy in

this changing context Amidst its rising importance the book addresses the fundamental issues of what kind of local and regional development and for whom its purposes principles and values frameworks of understanding approaches and interventions and integrated approaches to local and regional development throughout the world The approach provides a theoretically informed critical analysis of contemporary local and regional development in an international and multi disciplinary context grounded in concrete empirical analysis from experiences in the global North and South It concludes by identifying what might constitute holistic inclusive progressive and sustainable local and regional development and reflecting upon its limits and political renewal

*Concepts of Regional Development* Sergei Borisovich Lavrov, Galina Vasil'evna Sdasiuk, 1988

*Regional Development Theories and Their Application* Benjamin Howard Higgins, Benjamin Higgins, Donald J. Savoie, Throughout the world today former nationstates as disparate as Yugoslavia Somalia and Canada have either disintegrated or threaten to splinter into regions The conflicts are economic social ethnic linguistic religious political and cultural Higgins and Savoie analyze the reasons for these conflicts and show why attempts to eliminate regional disparities within nations have been largely unsuccessful

New Regional Development Paradigms: New regions Asfaw Kumssa, T. G. McGee, 2001 Annotation Illustrates the changing context in which regional planning now occurs using examples from transitional industrialized and developing economies in Asia and the Americas

*Integrated Regional Development Planning* Organization of American States. Department of Regional Development, 1984

**OECD Regional Development Studies Regions in Industrial Transition 2023 New Approaches to Persistent Problems** OECD, 2023-09-29 This report builds on work presented in the OECD's 2019 report *Regions in Industrial Transition Policies for People and Places* It considers industrial transition as a complex and enduring challenge in regional development that traditional policy levers have not always been able to satisfactorily address

*Transitions in Regional Economic Development* Ivan Turok, David Bailey, Jennifer Clark, Jun Du, Ugo Fratesi, Michael Fritsch, John Harrison, Tom Kemeny, Dieter Kogler, Arnoud Lagendijk, Tomasz Mickiewicz, Ernest Miguelez, Stefano Usai, Fiona Wishlade, 2018-10-18 At a time of extraordinary challenges confronting the world this book analyses some of the profound changes occurring in the development of cities and regions It discusses the uncertainties associated with the stalling of hyper globalization and asks whether this creates opportunities for resurgent regional economies driven by local capabilities resource efficiencies and domestic production Theory and evidence on socio economic and environmental transitions underway in many regions are brought together Implications of the shifting balance of global power towards emerging economies in the East are explored along with the consequences of urbanization in the global South for politics and democracy Dilemmas surrounding migration are also discussed including whether incomers displace local workers and depress wages or bring benefits in the form of know how new technology and investment More integrative concepts of the region and theories of regional development are analysed recognising the role of human capital knowledge innovation finance infrastructure and institutions This was originally published as a special issue of *Regional*

Studies      **Regional Development and Planning for the 21st Century** Allen G. Noble, Frank J. Costa, Robert B. Kent, 2019-10-28 Regional Development and Planning for the 21st Century examines a number of related themes including the traditional approach of local and regional planning initiatives developed within the context of national goals the current decline of bi polar political and ideological blocs political decentralization and concurrent economic centralization including the growth of multi national corporations devolution of centralized planning powers to regions and localities and the rise and acceptance of sustainable development concepts The book is divided into five parts addressing 1 adjustments to political economic and social change 2 the problems of urban housing and housing and health 3 adjustments to environmental change development policies and sustainability 4 the problem of rapid urban growth and mega cities 5 adjustments of changing urban networks The contributors are from several countries worldwide and the chapters examine the issues at a global level

**Re-framing Regional Development** Philip Cooke, 2013-01-17 Turbulence characterises the current global scene This book uses complementary theoretical approaches to understand and help prescribe policies to re frame the regional development problem in turbulent times These approaches are evolutionary complexity evolutionary economic geography emergence theory and resilience theory From below they address the four major crises creating a perfect storm for societies and economics involving the climate change crisis the energy crisis the banking and financial crisis and the global economic crisis This book analyses and proposes ways in which regional economies in particular are having to be reframed to address these crises First many must evolve in new ways possibly moving back from the service economy towards a new greener form of manufacturing of goods as well as services Accordingly regional economies are innovating in new ways Amongst these are the quest for relatedness within their own regional orbits and promoting modularity as a mode of analysis and a policy stance to stimulate innovation across industry and geographical borders Finally regional economies and societies are discovering that from a resilience perspective they must find answers to the higher levels of governance with which they increasingly struggle In this respect regional economies are in transition and regional processes are emergent The transition seeks to address the four crises involving re balancing re directing and re framing future policy and practice This book describes many of the novel framings involved in understanding the new ways in which this major task is being addressed in theory policy and everyday practice      Regional Economic Development Robert J. Stimson, Roger R. Stough, Brian H.

Roberts, 2006-10-12 The completely reedited second edition of this book reflects recent advances and adds insightful new material The book analyzes regional economic performance and change and discusses how analysis integrates with strategies for local and regional economic development policy and planning The aim is to provide the reader with an account of quantitative and qualitative approaches to regional economic analysis and of old and new strategic frameworks for formulating regional economic development planning      Regional Development and Settlement Policy David Dewar, Alison Todes, Vanessa Watson, 2017-09-05 Originally published in 1986 This book focusses on a critical analysis of regional

development strategy in South Africa and shifts over time in that strategy Regional development theory and thinking about settlement policy have developed largely independently of each other This book clarifies some of the resulting confusion and points towards a greater integration of the two areas of understanding The book provides an overview of shifts which occurred in national and regional development theory and the broader social economic and political factors which influenced these shifts It identifies the major policy implications of the various development approaches with particular emphasis placed on the role of settlement policy The differences between policy approaches and the debates surrounding them are identified and discussed      **Regional Policies in the United States** Organisation for Economic Co-operation and Development,1980

**Handbook of Regional Growth and Development Theories** Roberta Capello,Peter Nijkamp,2010-01-01 This Handbook is essential reading for anyone with an interest in the explanation of economic growth in the space economy The editors and the individual contributors are to be congratulated on producing such an important collection of review essays which is destined to become one of the definitive reference books on the subject John McCombie Scienze Regionali offers a valuable up to date overview of many aspects of these important theoretical developments Peter Wood Environment development theories of innovation knowledge and space and regional production factors and growth theories and space This book will be a source of reference and information for both scholars and students in the area of regional economics

*Regional Economic Development and History* Marijn Molema,Sara Svensson,2019-10-17 Regional Studies is inextricably intertwined with history Cultural and institutional legacies inform choices between different policy options meaning that the past plays a crucial role in how we think about regional economic development planning and policy Through a selection of accessible theoretical methodological and empirical chapters this book explores the connections between regional development and history Drawing on the expertise of scholars in several disciplines it links history to topics such as behavioural geography interdependence divergence and regional and urban policy This innovative book will be of interest to researchers across regional studies planning economic geography and economic history      *Regional Development in Rural Areas* André Torre,Frédéric Wallet,2016-05-14 This book intends to provide analytical and policy tools for investigating the question of the development of rural and peri urban areas The aim is to shed some light on this topic and in particular to contribute to a better understanding of the link between issues of regional or territorial development and issues of rural development The text addresses the question of the disputed notions and definitions of rural development in rural and regional studies examines the literature of regional and territorial development and the policies of regional development and planning It also presents scenarios for the future of rural areas with a focus on European territories      **World Regional**

**Geography** Mr. Rohit Manglik,2023-12-23 Provides comparative insights into major world regions focusing on physical features cultures economies and geopolitical issues shaping human and environmental interactions      **Introduction to Regional Economic Development** Mustafa Dinc,2017-06-30 In this easy to follow one stop reference Dinc discusses a new

and dynamic endogenous regional development approach that delves deeply into a variety of topics the globalization process and its impact on local and regional economies theoretical evolution of economic development the role of governance and institutions and local leadership in the development process The book reviews major traditional local and regional development theories from their origins and early applications as well as regional agglomerations and industrial clusters It also introduces conflict management procedures into the regional development process and provides a regional decision support framework that can be used for informed development policymaking Another advantage of this book is its discussion of basic analytical tools and the inclusion of a template in an easy to use MS Excel spreadsheet application Though the book follows a logical narrative each chapter can be read individually without a loss of meaning making it perfect for classrooms Introduction to Regional Economic Development will prove to be an invaluable resource for teachers and students of regional science regional development and planning as well as regional and local development practitioners regional development agency staff and local government officials

## **Regional Development** Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Regional Development**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
