Regnum Dei:

Regnum Dei Archibald Thomas Robertson,2004-10-18 The Kingdom of God is the Christian answer to the most vital question that man has to solve the question of the purpose of his being Our Saviour s teaching on the subject is closely connected with hopes and convictions in full currency at the time of his Advent on earth but he so used these convictions and hopes as to give a new meaning to life and to open a new direction to human aspiration and effort The Kingdom of God in his hands is a many sided conception to do justice to it has been the problem set to his followers in the long and varied course of the Church s existence My fervent hope and prayer is that whatever its faults this volume of Lectures may do nothing to hinder but by God s mercy may rather in some degree however slight set forward the Kingdom of Christ and of God I would make my own the prayer of one of my predecessors Domine Deus quaecunque dixi de tuo agnoscant et tui si qua de meo et Tu ignosce et tui from the Preface **Regnum Dei** Archibald Robertson,1901 *Regnum Dei* Archibald Robertson,1901

Educating the Catholic People David Salomoni,2021-07-19 In *Educating the Catholic People* David Salomoni reconstructs the complex educational landscape that arose in sixteenth century Italy and lasted until the French Revolution Over three centuries various religious orders both male and female took on the educational needs of cities and states on the Italian peninsula renewing the traditional humanist pedagogy Historians however have not attempted to produce a synthesis on this topic focusing mainly on the pedagogical activities of the Jesuits and neglecting the contributions and innovations of other groups This book addresses this historiographical gap providing a new chapter in the comparative study of pre modern education *Regnum Dei* Archibald Robertson,2014-03 This Is A New Release Of The Original 1901 Edition **Regnum Dei: Eight Lectures on the Kingdom of God in the History of Christian Thought** Archibald Robertson,2019-02-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant The Deicides Joseph Cohen,1872

REGNUM DEI ARCHIBALD. ROBERTSON,2018 *Corpus Reformatorum* ,1863 **Abraham Kuyper's Commentatio (1860): The Young Kuyper about Calvin, a Lasco, and the Church (2 vols.)** Jasper Vree,Johan Zwaan,2019-01-03 In the *Commentatio* the 22 year old Kuyper not only describes Calvin s and a Lasco s concepts of the Church but also discusses

them in the light of the Gospel The Commentatio marks the beginning of modern a Lasco studies The work also offers the initial impetus for the idea with which Kuyper would later exert great influence on Dutch nation and society the Church as a free democratic society of Christians which manifests itself as a living organism in all spheres of life The text which has never been published before is accompanied by historical and philological introductions annotations and comprehensive registers and throws surprising new light on the origins of Kuyper s ideas Moreover this source edition is important for the study of nineteenth century Reformation research

High Way to Heaven: The Augustinian Platform Between Reform and Reformation, 1292-1524 Eric Leland Saak,2021-12-28 This volume reveals the political religious theological institutional and mythical ideals that formed the self identity of the Augustinian Order from Giles of Rome to the emergence of Martin Luther Based on detailed philological analysis this interdisciplinary study not only transforms the understanding of Augustine s heritage in the later Middle Ages but also that of Luther s relationship to his Order The work offers a new interpretative model of late medieval religious culture that sheds new light on the relationship between late medieval Passion devotion the increasing demonization of the Jews and the rise of catechetical literature It is the first volume of a planned trilogy that seeks to return late medieval Augustinian theology to the historical context of Augustinian religion

The "Things of Greater Importance" Conrad Rudolph,2016-11-11 The Things of Greater Importance provides a close look into the social and cultural context of medieval art primarily as expressed in Bernard of Clairvaux s Apologia the central document in the greatest artistic controversy to occur in the West prior to the Reformation and the most important source we have for understanding medieval attitudes toward art Bernard wrote the Apologia during the medieval efflorescence of monumental sculpture and stained glass of advanced architecture of pilgrimage art of high Romanesque and of the origins of Gothic art Rudolph places the Apologia traditionally seen as a condemnation either of all religious art or of all monastic art in a broader context using it to explore the role of art in medieval society He shows that Bernard was interested in the impact of art on contemporary monasticism in a more complex way than previously believed The book offers the most thorough study available of the theoretical basis of medieval art as it functioned in society and its implications for the art of both the Romanesque and Gothic periods which were spanned by Bernard s life are significant

The Idea of Reform Gerhart Ladner,2004-04-21 In this classic volume Ladner explores the origin and early history of the idea of reform The book opens with a look at varieties of renewal ideology then moves on to study the early Christian idea of reform The conclusion is an insightful examination of how the idea of reform influenced the earliest manifestations of Christian monasticism

Right Thinking and Sacred Oratory in Counter-Reformation Rome Frederick J.

McGinness,2014-07-14 At the end of the sixteenth century when painters writers and scientists from all over Europe flocked to Rome for creative inspiration the city was also becoming the center of a vibrant and assertive Roman Catholic culture

Closely identified with Rome the Counter Reformation church sought to strengthen itself by building on Rome's symbolic value and broadcasting its cultural message loudly and skillfully to the European world In a book that captures the texture and flavor of this rhetorical strategy Frederick McGinness explores the new emphasis placed on preaching by Roman church leaders Looking at the development of a sacred oratory designed to move the heart he traces the formation of a long lasting Catholic worldview and reveals the ingenuity of the Counter Reformation in the transformation of Renaissance humanism McGinness not only describes the theory of sermon writing but also reconstructs the circumstances social and physical in which sermons were delivered The author considers how sermons blended spirituality with pious legends for example stories of the early martyrs and evocative metaphors to fashion a *respublica christiana* of loyal Catholics Preachers projected a right view of history social relationships and ecclesiastical organization while depicting a spiritual topography upon which Catholics could chart a path to salvation At the center of this topography was Rome a vast stage set for religious pageantry which McGinness brings to life as he follows the homiletic representations of the city from a bastion of Christian militancy to a haven of harmony light and tranquility Originally published in 1995 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Opera Omnia Joannes Chrysostomus (Saint, Patriarch of Constantinople), 1836 **Calvin's Catholic Christology** Edward David Willis, 2022-07-11 *Testimonies in Proof of the Separate Existence of the Soul in a State of Self-consciousness Between Death and the Resurrection* Thomas Huntingford, 1829 **Gratia in Augustine's Sermones Ad Populum During the Pelagian Controversy** Anthony Dupont, 2012-10-12 Studying the presence of grace in Augustine's sermones ad populum preached during the period of the Pelagian controversy this book explores the anthropological ethical perspective of his doctrine of grace and indicates the continuity in his reflections on grace and human freedom
