Reimagining Canada:

Reimagining Canada Jeremy Webber, 1994-02-21 Webber begins by showing how different conceptions of culture language and nation shaped Canada's constitutional negotiations from 1960 until the referendum of 1992. He then calls for a reconception of the terms of the debate claiming that the terms now used often borrowed from quite different societies have made resolution of the constitutional issues more difficult. He rejects the language of nation and nationalism and the tendency towards exclusiveness implicit in that language, arguing for a Canadian community founded not on a rigid set of shared values but on shared debates and shared engagements through time. Recognizing that Canadians belong simultaneously to the larger community and to other more local communities, each generating its own sense of allegiance, Webber describes how their relationships are shaped by institutional, linguistic and cultural factors and notes that these multiple influences produce an asymmetrical structure. He maintains that this structure should be reflected in an asymmetrical constitution and can be accommodated without undermining individual rights. Webber offers both an overview of the constitutional negotiations and a set of reflections on the appropriate relationship between culture, language and political community in Canada. These reflections, while rooted in the Canadian context, hold lessons for other pluralistic federations or for nations confronting similar issues of cultural accommodation. *Constitutional Amendment in Canada*

Emmett Macfarlane, 2016-08-12 In Canada the 1982 Constitution Act contains the amending formula which outlines a set of procedures required to make changes to the constitution. Recent debates over Senate reform, the status of the Supreme Court of Canada and the rules governing royal succession have highlighted how important the amending formula is in maintaining the vitality and relevance of the governing system. *Constitutional Amendment in Canada* is the first volume to focus solely on the implications of the amending formula in Canada. Emmett Macfarlane has brought together a group of expert authors to address such topics as the difficulties of constitutional reform, the intersection of various levels of government and the judiciary and the ability of the public to veto proposed changes. Filling a serious gap in the literature, *Constitutional Amendment in Canada* is an authoritative study of the historical and contemporary implications of the amending formula.

Beyond the Impasse Institute for Research on Public Policy, 1998 Efforts to reform the Canadian constitution have only resulted in a serious impasse fostered by demands for change from Quebec and reticence from English Canada. This book looks at the potential for achieving reconciliation through a new partnership between Quebec and Canada in a series of papers that examine the stakes for both Canada and Quebec in opting for a modified relationship that is neither the status quo nor complete separation. Two papers in part 1 lay the conceptual groundwork concerning the constituent elements of partnership. Papers in part 2 deal with the economic union in the context of a renewed partnership. Four papers in part 3 examine issues concerning rights recognition and citizenship in a Quebec-Canada partnership. Part 5 broadens the discussion to the international arena and includes a comparative international scan of partnership models. The final part distills the two

editors separate conclusions on how to move beyond the impasse based on the studies presented

The Constitution of Canada Jeremy Webber, 2015-04-30 The book introduces and describes the principal characteristics of the Canadian constitution including Canada's institutional structure and the principal drivers of Canadian constitutional development The constitution is set in its historical context noting especially the complex interaction of national and regional societies that continues to shape the constitution of Canada The book argues that aspects of the constitution are best understood in agonistic terms as the product of a continuing encounter or negotiation with each of the contending interpretations rooted in significantly different visions of the relationship among peoples and societies in Canada It suggests how these agonistic relationships have in complex ways found expression in distinctive doctrines of Canadian constitutional law and how these doctrines represent approaches to constitutional legality that may be more widely applicable As such the book charts the Canadian expression of trans societal constitutional themes democracy parliamentarism the rule of law federalism human rights and Indigenous rights and describes the country that has resulted from the interplay of these themes The Constitution of Canada is a masterpiece an outstanding and original study of the Canadian constitutional experience by one of Canada's leading legal scholars Webber explains the history characteristics and resourcefulness of the living constitution in non technical and illuminating language He also shows how the constitution is shaped by the engagement and interaction of the diverse people of Canada who are simultaneously subjects and active citizens of it a dynamic he calls agonistic constitutionalism James Tully Distinguished Professor University of Victoria Jeremy Webber has given us a rich contextual account of Canada's constitution Webber moves beyond the confines of constitutional texts and judicial decisions and grounds his account in the circumstances of the country's history Only such an account can capture the deep diversity that is the hallmark of Canada's constitutional culture Peter Russell Professor Emeritus University of Toronto

Projecting Canada Zoë Druick, 2007-02-22 Based on newly uncovered archival information and a close reading of numerous NFB films Projecting Canada explores the NFB's involvement with British Empire communication theory and American social science Using a critical cultural policy studies framework Druick develops the concept of government realism to describe films featuring ordinary people as representative of segments of the population She demonstrates the close connection between NFB production policies and shifting techniques developed in relation to the evolution of social science from the 1940s to the present and argues that government policy has been the overriding factor in determining the ideology of NFB films Projecting Canada offers a compelling new perspective on both the development of the documentary form and the role of cultural policy in creating essential spaces for aesthetic production

Canada and Competing Indo-Pacific Visions of China and the US Kenneth M. Holland, 2024-12-13 This book describes and analyzes the choices that Canada as a Middle Power has regarding the strategic rivalry between the United States and China The administrations of Republican Donald Trump and his successor Democrat Joe Biden have taken a hardline stance toward Beijing which in turn has adopted an increasingly belligerent tone toward Washington The posture of the United States toward China has put traditional American allies in a difficult position They must choose whether to join the effort to counter China's ambitions support those ambitions or take some intermediate stance As one of America's closest and longest standing allies Canada must make decisions that will affect its position in the world for the rest of the twenty first century The book argues that Canada's national interests are best served by alignment with the confrontational posture of the United States while at the same time joining the efforts of U.S. allies Japan India and South Korea to moderate the thrust of Washington's Indo Pacific Strategy in a direction more consistent with multilateralism and the preservation of the rules based international order The book has important implications for other U.S. allies including the member states of the European Union Organization of American States and Association of Southeast Asian Nations each of which finds itself caught in the middle between the world's two greatest powers

Constitutionalising Secession David Haljan, 2014-11-01 Constitutionalising Secession proceeds from the question What if anything does the law have to say about a secession crisis
