MYSTERY OF REINCARNATION J Danelek,2007-05-27 What if you found out that the life you re living today is

not the only one you'll ever live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you'll not only explore reincarnation's western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it's trying to do on a spiritual level and what it all means to you as you go about your day to day life It's sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before

**Beyond Death** Gary R. Habermas, J. P. Moreland, 2004-01-29 Death and what lies beyond is not something you consider every day But the thought of it raises some intriguing questions Are there good reasons for believing in life after death What is the afterlife like How valid are the reports of near death experiences Do heaven and hell exist And if so how can hell be reconciled with a loving God By sharing the very latest scientific philosophical anthropological ethical and theological evidence on life after death noted Christian scholars Habermas and Moreland present a strong case for immortality with this book They begin by taking up the question of whether life after death is real and what evidence supports its reality They then explore what the afterlife is like and go on to show how having this reality in your future should affect the way you live here and now This book will reassure you that there's no need to fear death as long as you're prepared eternity that follows It's also a great aid in developing a serious biblical rational and even scientific defense for the belief in life beyond the grave

*Caught Between Heaven & Earth* Nancy Van Alphen, 2019-03-27 An Incredible True Story of Awakening In *Caught Between Heaven Earth* Nancy van Alphen takes us on her unexpected spiritual journey that changed her from agnostic to believer A humorous peek into her childhood during which she had but a mere smattering of religion paints the picture of an ordinary girl living an ordinary life As a teen she concluded God was unprovable and never looked back until God decided He wasn't content being a mere possibility Alone one night Nancy happened upon a video of a young man given little time to live Heartfelt compassion morphed into anger as she raised her fists and railed about suffering to a God in whom she didn't really believe To her utter amazement God responded Thus begins her journey in which she traverses a surreal chasm between doubt and belief caught between Heaven and Earth as she struggles to understand messages she was given about suffering reincarnation including her own and humanity's true identity With a sprinkling of light hearted family anecdotes Nancy recalls her progressively more profound experiences within the context of earthly reality Interactions with God Jesus and angels chip away at her agnosticism until one day something so amazing happens it obliterates all traces of doubt Between scenes Nancy looks at various religious traditions and present day near death experiences uncovering information supporting what she was told by Divine source helping her round out her new picture of reality Her conclusion presents four habits of LOVE by which to live to foster evolution of one's soul as well as the spiritual evolution of humanity Praise for *Caught Between Heaven Earth* I am proud of Nancy for her courage in sharing her story with us that we might find light in it It is valuable that she is open and sharing of her reproachment to God Nancy went in as an agnostic and exited as a full on believer Kudos to Nancy for her persistence in continuing the work in having courage and resilience and in doing it in a world too often filled with darkness What a lesson for the rest of us

Dr Doris Eliana Cohen PhD *Repetition and Dreaming on Both Sides of the Brain* Nancy van Alphen takes you by the hand and ushers you into her mind and then into her heart where you experience her intimate and breathtaking journey from agnosticism to spirituality Her authentic report begins with angels at her door That day marked the beginning of her transformation which she describes in honest detail Hers is a journey similar in its mystical nature to that which I and countless others have experienced in this time of rising awareness The truths that unfold to Nancy in surprising even astonishing ways will resonate in the heart of experiencers and non experiencers alike
