## **Reinventing Dance In The 1960s Everything Was Possible:**

*Reinventing Dance in the 1960s* Sally Banes, 2003 The 1960s was a pivotal decade in dance an era of intense experimentation and rich invention In this volume an impressive range of dance critics and scholars examine the pioneering choreographers and companies of the era such as Anna Halprin s West Coast experiments the innovative Judson Dance Theater avant garde dance subcultures in New York the work of Meredith Monk and Kenneth King and parallel movements in Britain The contributors include Janice Ross Leslie Satin No l Carroll Gus Solomons jr Deborah Jowitt Stephanie Jordan Joan Acocella and Sally Banes

*Judson Dance Theater* Ramsay Burt, 2006-09-27 The Judson Dance Theatre explores the work and legacy of one of the most influential of all dance companies which first performed at the Judson Memorial Church in downtown Manhattan in the early 1960s There a group of choreographers and dancers including future well known artists Twyla Tharp Carolee Schneemann Robert Morris Trisha Brown Yvonne Rainier and others created what came to be known as postmodern dance Taking their cues from the experiments of Merce Cunningham they took movements from everyday life walking running gymnastics to create dances that influenced not only future dance work but also minimalism in music and art as well as the wedding of dance and speech in solo performance pieces Judson s legacy has been explored primarily in the work of dance critic Sally Banes in a book published in the 1980s Although the dancers from the so called Judson School continue to perform and create new works and their influence continues to grow from the US to Europe and beyond there has not been a book length study in the last two decades that discusses this work in a broader context of cultural trends Burt is a highly respected dance critic and historian who brings a unique new vision to his study of the Judson dancers and their work which will undoubtedly influence the discussion of these seminal figures for decades to come

*Performative Traces Judson Dance Theatre and Its Legacy* combines history performance analysis theory and criticism to give a fresh view of the work of this seminal group of dancers It will appeal to students of dance history theory and practice as well as all interested in the avant grade arts and performance practice in the 20th century

*Shakespeare and European Politics* Dirk Delabastita, Jozef de Vos, Paul Franssen, 2008 This volume s main focus is on the ways in which over

the past 400 years Shakespeare has played a role of significance within a European framework particularly where a series of political events and ideologically based developments were concerned such as the early modern wars of religion the emergence of the nation during the late eighteenth and nineteenth centuries the First and Second World Wars the process of European unification during the 1990s the attack on the World Trade Center in New York and Britain's participation in the war in Iraq The whole of the collection and particularly the opening section clearly invites a European and even a global perspective This book convincingly demonstrates that Shakespeare both at the level of his meaning in his own time and at that of his reception in later ages should no longer be studied only in relation to particular nations but as Dirk Delabastita argues also at various supranational levels Book Jacket *Chicago Makes Modern* Mary Jane Jacob, Jacquelynn

Baas, 2012-12-15 Chicago is a city dedicated to the modern from the skyscrapers that punctuate its skyline to the spirited style that inflects many of its dwellings and institutions from the New Bauhaus to Hull House Despite this the city has long been overlooked as a locus for modernism in the arts its rich tradition of architecture design and education disregarded Still the modern in Chicago continues to thrive as new generations of artists incorporate its legacy into fresh visions for the future *Chicago Makes Modern* boldly remaps twentieth century modernism from our new century perspective by asking an imperative question How did the modern mind deeply reflective yet simultaneously directed help to dramatically alter our perspectives on the world and make it new Returning the city to its rightful position at the heart of a multidimensional movement that changed the face of the twentieth century *Chicago Makes Modern* applies the missions of a brilliant group of innovators to our own time From the radical social and artistic perspectives implemented by Jane Addams John Dewey and Buckminster Fuller to the avant garde designs of L szl Moholy Nagy and Mies van der Rohe the prodigious offerings of Chicago's modern minds left an indelible legacy for future generations Staging the city as a laboratory for some of our most heralded cultural experiments *Chicago Makes Modern* reimagines the modern as a space of self realization and social progress where individual visions triggered profound change Featuring contributions from an acclaimed roster of contemporary artists critics and scholars this book demonstrates how and why the Windy City continues to drive the modern world

to the rigidly controlled worlds of architectural modernism and urban renewal With his wife Anna a renowned avant garde dancer and choreographer Halprin organized workshops involving artists dancers and interested citizens that produced scores which then informed his designs City Choreographer situates Halprin within the larger social artistic and environmental ferment of the 1960s and 1970s In doing so it demonstrates his profound impact on the shape of landscape architecture and his work s widening reach into urban and regional development and contemporary concerns of sustainability
