*Reveal, Release, Renew* Ashley J. Lauren,2022-02-22 Reveal Release Renew was written in my wholeness and my truth centered around my personal experience growing up in what society acknowledges as a broken home I speak on my life s experience which is very personal to me I choose to give blow for blow details regarding these situations in hopes it helps rescue or bring awareness and acknowledgment to what is not considered in most families as toxic and or destructive things happening to young people I focused on my experience in each situation and I m giving my audience some foundation as to why I am who I am I speak about my viewpoint on where I lived as a child and how often being unstable affected me

mentally emotionally and spiritually I expose how I fell into certain pits as a youth due to my toxic way of thinking which was caused by major traumas I experience as a child traumas such as different forms of child abuse and sexual abuse I share in detail my experience with sexual predators and how the Lord helped me to escape that situation I give some spiritual insight on issues that I was faced to overcome I give the full back story of where my trust issues began and I also go into me experiencing a few of my spiritual gifts in early childhood As I grew spiritually I noticed these same issues often tend to show up in many young girls who grow up in broken homes So I go into explaining the revelations I received regarding these traumas Again this book was written in hopes that other women can read it and gain understanding and insight into her own traumatic experiences in life Possibly she can understand where she may need the Lord to help her overcome as well So You Want to be a Medium? Rose Vanden Eynden, 2006 Demonstrates how to enhance one's spiritual senses for working between worlds explaining what the different kinds of spirit guides and elemental energies are how to get in touch with them and how to interpret their messages The Summoner of Basingstoke David Mosey, 2001-12 Albion's most powerful occult professional the black mage Montmorency wants a Designated Opposite that is a fellow professional against whom he can test his skills in friendly and not so friendly competition He has applied several times to the Free Dragons the most intelligent beings in any of the known universes requesting that under the terms of the Unified Code they locate the appropriate master of the occult arts and sciences All the Free Dragons have done so far is assure him that his request is receiving their attention but now Montmorency has found a way to get their urgent attention He has hatched a fiendish plot to impose economic efficiency modern management systems and spreadsheets on the land of Albion With the support of two evil and powerful noblemen he threatens to flood Albion with MBAs from the parallel world known as Earth Three a primitive world where occult evolution has stalled To ensure success Montmorency has stolen the Ward of Summoning an immensely potent occult artifact There is now no way to stop him by conventional occult means The Free Dragons know Montmorency must be stopped and because they never well hardly ever interfere directly in human affairs they have called upon Albion's most notorious band of adventurers Mission Implausible to do the job The band would normally be assigned a mage an expert in the theory and practice of magic to deal with Montmorency But because he has the Ward the Free Dragons have decided to use more primitive means They have arranged to transfer a mathematician from Earth Three to invoke the Summoner of Basingstoke and stop Montmorency's scheme in its tracks Unfortunately even the Free Dragons are not totally infallible Thus it comes to pass that the totally non mathematical Andrew Cruickshank having gone to on sleep in a Cumbrian hotel on Earth Three on the eve of a climbing holiday wakes up to find himself in a completely alien world in possession of a lethally temperamental magician's staff and in the company of five people who expect him to do magic on demand His talents in that area have hitherto been limited to a few transparent card tricks so the prospects appear unpromising And his attempts to use Tarot 5 1 Albion's industry standard spell system are catastrophically unpredictable However it soon turns out he has other

valuable talents With the help of these and Mission Implausible s robust uncompromising approach to conflict resolution the band of adventurers sweeps across Albion leaving confusion destruction and broken glasses in their wake until they reach Basingstoke There deep in the bowels of the Basingstoke Old People s Community Centre and Bingo Hall Andrew Cruickshank finds he must fight for his life against a lethal duellist before he can invoke the Summoner of Basingstoke MORE ABOUT ALBION Albion is a small island nation in the north temperate zone While it seems insignificant enough not only is it home to a pugnacious independent minded people it is also home to the Free Dragons The Free Dragons are the wisest beings in any of the possible universes they mastered the art and science of magic at about the time everybody else was sitting around waiting for the pleistocene era to get started They live beneath the Mountains of Dark Crystal on Albion s west coast a location rigorously enough isolated to deter even the most determined political canvasser the Free Dragons like their privacy Though they never well hardly ever involve themselves in human affairs they maintain informal contact with a number of Albion s more senior occult professionals The only reason the Free Dragons have not been adopted as gods is that they have never shown any interest whatsoever in turning people into stone demanding human sacrifices laying waste to whole cities or c

guidebook Tania Pryputniewicz author of November Butterfly      **The Sword of Ponsonby** David Mosey, 2005-10-14 As head of the Guild of the Black Mages Guildmaster Ponsoby knows that you have to move with the times and that's what he's trying to do. He's opened negotiations with Titus Handcarte the First Speaker of East Castellian and not only has he won two enormously profitable research contracts but also has got Handcarte to repeal the age old prohibition that barred occult professionals from practising in East Castellian. So everything in the garden should be lovely. And it would be except for Montmorency Mage Montmorency the most expert and powerful of the Black Mages is dead set against Ponsonby's plan. But to the creative manager such opposition is an opportunity not a problem. With the enthusiastic support of his other colleagues Ponsonby binds Montorency imprisons him behind countless tons of solid rock. So now everything in the garden is lovely. Well not exactly. No. Just as the rock closed about him Montmorency managed to get a message off to Mission Implausible the scruffiest bunch of anarchical heroes ever to disgrace the pages of a fantasy novel. Never mind their addiction to beer and gratuitous violence. Never mind their cavalier attitude to property that isn't bolted down. And never mind the fact that Andrew Cruickshank their mercurial magic user combines the reliability of the weather forecast with the destructive potential of Chernobyl. The big question is whether Mission Implausible can get their production of Blood on the Rooftops Blood on the Tiles into workable shape by opening night. And get the Guild of the Black Mages sorted out too of course. Ponsonby doesn't know anything about their play but he does know Cruickshank and his band of hooligans are on the way and so does Titus Handcarte. Ponsonby can call upon the awesome occult forces of the Guild and Handcarte has at his beck and call the economic and military might of East Castellian so they're confident. Playing at home they should be able to send Mission Implausible down to a four nil defeat at the very least. But there are a number of things they've left out of their calculations. They haven't reckoned on the power of an aroused student body. They haven't understood the influence of thousands of years of theatrical tradition. They haven't the faintest idea of just how implacably devious disruptive and destructive Mission Implausible can be. And they've totally neglected air defence. Mission Implausible doesn't bother with calculation. When they're not in rehearsals or instigating disgraceful scenes at disreputable taverns they get to work fomenting student unrest and bombarding the Guild precincts with surplus theatrical equipment while Andrew Cruickshank infiltrates the Guild itself in search of Montmorency. All the ingredients are there for one of the most shambolic episodes ever to be expunged from Guild records.
