Whatever Happened to the Leisure Society? A. J. Veal, 2018-10-10 The idea of a leisure society was in its heyday in the 1960s and 1970s when it was predicted that the pattern of falling working hours which had been experienced in Western societies in the first half of the twentieth century would continue indefinitely The leisure society has clearly not been realised On the contrary contemporary industrial societies seem to be characterised by a shortage of time experienced as time squeeze and stress The leisure society idea can be seen as the modern version of the age old dream of a life of ease and plenty This analytically and empirically rich book traces the idea in history through biblical classical Greek medieval and nineteenth century utopian writings and into twentieth century concerns with dystopia and the impact of rapid technological change The leisure society concept turns out to have been an elusive and short lived phenomenon For a variety of reasons the trend towards shorter working hours ran out of steam in the last quarter of the twentieth century However while leisure scholars have deserted the topic a diverse range of activists including environmentalists economists and feminists continue to make the case for reducing working hours *Whatever Happened to the Leisure Society* concludes that the on going struggle for time should be supported for the sake of human health and well being and for the sake of the planet This is a valuable resource for students and academics in the fields of leisure studies cultural studies history economics sociology and political science

Free Time Graham Neville, 2004-05-27 For

centuries Christian teachers saw leisure only as a necessary accompaniment of work a time for the recovery of strength so that work could be resumed But now the expansion of leisure requires a theological reassessment These essays are offered as a contribution to that process In this book hints are taken from a wide variety of theologians from Augustine and Thomas Aquinas to Pascal Klerkegaard Berdyaev Barth and Moltmann as well as from sociological writers such as Thorstein Veblen and Josef Pieper There are also thematic discussions of fantasy and imagination of freedom and boredom and of play games and laughter The intention is to stimulate discussion not to make definitive statements

Rounding the Bases Joseph L. Price, 2006 After identifying early conflicts between churches and baseball in the late nineteenth century Price examines the appropriation of baseball by the House of David an early twentieth century millennial Protestant community in southern Michigan Turning then from historic intersections between baseball and religion two chapters focus on the ways that baseball reelects religious myths First the omphalos myth about the origin and ordering of the world is reflected in the rituals and rules of the game Then the myth of curses is explored in the culture of superstition that underlies the game At the heart of the book is a sustained argument about how baseball functions as an American civil religion affirming and sanctifying American identity especially during periods of national crises such as wars and terrorist attacks Building on this analysis of baseball as an America s civil religion two chapters draw upon novels by W P Kinsella and David James Duncan to explore the sacramental potential of baseball and to align baseball with apocalyptic possibilities The final chapter serves as a full confession interpreting baseball affiliation stories as conversion narratives In various ways

Electronic Hearth Cecelia Tichi, 1992-10-29 We all talk about the tube or box as if television were simply another appliance like the refrigerator or toaster oven But Cecilia Tichi argues that TV is actually an environment a pervasive screen world that saturates almost every aspect of modern life In *Electronic Hearth* she looks at how that environment evolved and how it in turn has shaped the American experience Tichi explores almost fifty years of writing about television in novels cartoons journalism advertising and critical books and articles to define the role of television in the American consciousness She examines early TV advertising to show how the industry tried to position the new device as not just a

gadget but a prestigious new piece of furniture a highly prized addition to the home The television set she writes has emerged as a new electronic hearth the center of family activity John Updike described this primitive appeal of the hearth in Roger's Version Television is its irresistible charm a fire Entering an empty room we turn it on and a talking face flares into being Sitting in front of the TV Americans exist in a safety zone free from the hostility and violence of the outside world She also discusses long standing suspicions of TV viewing its often solitary almost autoerotic character its supposed numbing of the minds and imagination of children and assertions that watching television drugs the minds of Americans Television has been seen as treacherous territory for public figures from generals to presidents where satire and broadcast journalism often deflate their authority And the print culture of journalism and book publishing has waged a decades long war of survival against it only to see new TV generations embrace both the box and the book as a part of their cultural world In today's culture she writes we have become teleconscious seeing for example real life being certified through television as seen on TV and television constantly ratified through its universal presence in art movies music comic strips fabric prints and even references to TV on TV Ranging far beyond the bounds of the broadcast industry Tichi provides a history of contemporary American culture a culture defined by the television environment Intensively researched and insightfully written The Electronic Hearth offers a new understanding of a critical but much maligned aspect of modern life Faith and Doubt Norman Lamm, 2006 Presents a collection of studies on modern intellectual challenges from the perspective of Modern Orthodox Judaism Themes range from comparative law to metaphysics with a chapter on Law and Morality new to this edition The Tyranny of Time Robert Banks, 1997-03-04 The problem of too little time says Robert Banks is a real one The notion of increased leisure time is a myth From a distinctly Christian perspective Banks explains how we can break out of the time prison at work and at church as individuals and as families He emphasizes who we are over what we do and shows how we can develop a sense of personal and social rhythms Religion in American Life Nelson Rollin Burr, 1971 Journal of Leisure Research, 2007 **Apologetical Aesthetics** Mark Coppenger, William E. Elkins, Richard H. Stark, 2022-04-29 Apart from the work of God in creation it's notoriously difficult to explain the presence of beauty in the world and man's appreciation for it Indeed the aesthetic realm with its array of phenomena which engage the senses the mind and the heart not only suits the biblical account of the universe but also points toward it In making this case sixteen writers address the shortcomings of naturalistic narratives the virtues of theistic accounts particularly those grounded in Christ and the manner in which the various arts resonate with Scripture Along the way readers will encounter the peacock's tail and Farnsworth House a Schubert piano sonata and chopsticks Kintsugi and Kitsch Hugh of St Victor and Hans Urs von Balthasar Kandinsky and Eisenstein the Lydian and Phrygian modes eucatastrophe and liminal space McDonald's and Don Quixote Smagol and the Blobfish Stockhausen and Begbie Adorno and Kinkade Mount Auburn Cemetery and Narnia Fujimura and Schopenhauer

Torn from the Nest Clorinda Matto de Turner, 1999-04-29 Clorinda Matto de Turner was the first Peruvian novelist to command an international reputation and the first to dramatize the exploitation of indigenous Latin American people. She believed the task of the novel was to be the photograph that captures the vices and virtues of a people, censuring the former with the appropriate moral lesson and paying its homage of admiration to the latter. In this tragic tale, Clorinda Matto de Turner explores the relationship between the landed gentry and the indigenous peoples of the Andean mountain communities. While unfolding as a love story rife with secrets and dashed hopes, *Torn from the Nest* in fact reveals a deep and destructive class disparity and criticizes the Catholic clergy for blatant corruption. When Lucia and Don Fernando Marin settle in the small hamlet of Killac, the young couple becomes advocates for the local Indians who are being exploited and oppressed by their priest and governor and by the gentry allied with these two. Considered meddling outsiders, the couple meets violent resistance from the village leaders who orchestrate an assault on their house and pursue devious and unfair schemes to keep the Indians subjugated. As a romance blossoms between a member of the gentry and the peasant girl that Lucia and Don Fernando have adopted, a dreadful secret prevents their marriage and brings to a climax the novel's exposure of degradation: they share the same father, a parish priest. *Torn from the Nest* was first published in Peru in 1889 amidst much enthusiasm and outrage. This fresh translation, the first since 1904, preserves one of Peru's most distinctive and compelling voices. **The Publishers Weekly**, 1874 Sociological Analysis, 1965
