Religion And Modern Man:

The Modern Man's Religion Charles Reynolds Brown, 1911 *Prayer and Modern Man* Jacques Ellul, 1970 A prominent social critic and former resistance leader makes a searing analysis of man's alienation from God and traces the reasons for praying or not praying With razor like statements he cuts through the weaknesses of much traditional praying and in the end offers a strong and positive program for praying in today's troubled times *The Modern Man's Religion* Charles Reynolds Brown, 2023-07-18 This work of philosophical and theological reflection examines the challenges facing religious belief in the modern world The author offers a critique of traditional religious institutions and practices arguing that they are ill equipped to meet the spiritual needs of contemporary people Rather than rejecting religion altogether however he proposes a new form of spirituality that draws on the insights of psychology philosophy and other disciplines This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Modern Man's Religion** Charles Reynolds Brown, 2015-06-25 Excerpt from *The Modern Man's Religion* Through the aid of generous friends it was possible to arrange for the addresses now included in this volume Neither the addresses themselves nor the topics with which they deal were arranged for without careful thought and without a definite purpose in view From both teachers and students alike had come many requests for an opportunity to hear a new and fresh statement of some of the fundamental principles of religion In the break up of conventional ideas which has been so marked a characteristic of the generation in which we live many intelligent men and women have lost the clue to the meaning of religion and to its significance for human life They have been led hither and yon by strange and often superficial teachings which frequently confused without enlightening About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Modern Man's Religion (Classic Reprint)* Charles Reynolds Brown, 2018-01-19 Excerpt from *The Modern Man's Religion* It has been the good fortune of Columbia University to be a pioneer in many fields It has had the courage and the foresight to advance on to new ground when advance was needed and to stand fast by old principles when steadfastness was required In setting aside a portion of

the academic day in order that teachers and students may assemble to listen to these addresses on religious principles and religious truth the Dean and Faculty of Teachers College have performed a new and not inconsiderable service About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Encounter of Man and Nature* Seyyed Hossein Nasr,1968 [The Several Israels](#) Samuel

Sandmel,1971 **Religions of Modernity** Stef Aupers,Dick Houtman,2010 Religions of Modernity challenges the social scientific orthodoxy that once unleashed the modern forces of individualism science and technology inevitably erode the sacred and evoke the profane The book s chapters some by established scholars others by junior researchers document instead in rich empirical detail how modernity relocates the sacred to the deeper layers of the self and the domain of digital technology Rather than destroying the sacred tout court then the cultural logic of modernization spawns its own religious meanings unacknowledged spiritualities and magical enchantments The editors argue in the introductory chapter that the classical theoretical accounts of modernity by Max Weber Emile Durkheim and others already hinted at the future emergence of these religions of modernity **Order and Agency in Modernity** Kwang-ki Kim,2012-02-01 In this unique analysis of three prominent theorists of modern sociology theory is understood as implicitly but importantly reflecting especially modern problems of individual and social life From the grand theoretical systems of Talcott Parsons to the unique symbolic interactionism of Erving Goffman and the radically mundane ethnomethodology of Harold Garfinkel a wide variety of noted sociological theories have addressed central issues of sociology against the backdrop of modern society When this modern backdrop is brought into the foreground of analysis sociological theories assume new depth and breadth and new historical significance The author outlines features of the modern experience drawing upon neglected cultural theorists of modernity and then shows how these features of modernity are reflected and incorporated in the scholarship of Parsons Goffman and Garfinkel The result is an original and eclectic analysis that illuminates previously overlooked dimensions to modern sociological theory and suggests new possibilities for meaningful and rewarding comparisons between theoretical traditions

Believers: Faith in Human Nature Melvin Konner,2019-09-10 An anthropologist examines the nature of religiosity and how it shapes and benefits humankind Believers is a scientist s answer to attacks on faith by some well meaning scientists and philosophers It is a firm rebuke of the Four Horsemen Richard Dawkins Daniel Dennett Sam Harris and Christopher Hitchens known for writing about religion as something irrational and ultimately harmful Anthropologist Melvin Konner who was raised as an Orthodox Jew but has lived his adult life without such faith explores the psychology development brain

science evolution and even genetics of the varied religious impulses we experience as a species Conceding that faith is not for everyone he views religious people with a sympathetic eye his own upbringing his apprenticeship in the trance dance religion of the African Bushmen and his friends and explorations in Christian Buddhist Hindu Muslim and other faiths have all shaped his perspective Faith has always manifested itself in different ways some revelatory and comforting some kind and good some ecumenical and cosmopolitan some bigoted coercive and violent But the future Konner argues will both produce more nonbelievers and incline the religious among us holding their own by having larger families to increasingly reject prejudice and aggression A colorful weave of personal stories of religious and irreligious encounters as well as new scientific research Believers shows us that religion does much good as well as undoubted harm and that for at least a large minority of humanity the belief in things unseen neither can nor should go away Religion and Modern Man John Benjamin

Religion and Global Culture Jennifer I. M. Reid, 2003-02-22 Religion and Global Culture draws together the work of a group of historians of religion who are concerned with situating the contemporary study of religion within the cultural complexity of the modern world The writing of each of the volume s contributors relates to the work of leading historian of religion Charles H Long who has identified religious meanings in the contacts and exchanges of the colonial and postcolonial periods Together with Long these scholars explore religious practices in a variety of globalized contexts chapters consider such varied subjects as the rituals of African immigrant communities in the United States the making of Mohawk sweet grass and black ash baskets the religious experience of prisoners in the Nazi holding camp of Westerbork and the regional repercussions of contemporary multi national business By locating religion in the conflicted and cooperative relationships of the colonial and postcolonial periods Religion and Global Culture calls on scholars of religion to reconfigure their interpretive stances from the perspective of the material structures of the modern globalized world **The Emergence of Jewish**

Theology in America Robert G. Goldy, 1990-02-22 In The Emergence of Jewish Theology in America Robert G Goldy traces the birth and development of American Jewish theology from the Second World War to the present taking into account its social historical and intellectual roots and its revolutionary impact on the rabbinate and the Jewish intellectual community Affected by the horrors of war many third generation American Jews became dissatisfied with Jewish liberal thought and sought an American Jewish theology that would be radical existentialist and neo Orthodox **Catholic World** ,1907

Meaning in History Karl Löwith, 2011-03-31 Modern man sees with one eye of faith and one eye of reason Consequently his view of history is confused For centuries the history of the Western world has been viewed from the Christian or classical standpoint from a deep faith in the Kingdom of God or a belief in recurrent and eternal life cycles The modern mind however is neither Christian nor pagan and its interpretations of history are Christian in derivation and anti Christian in result To develop this theory Karl L with beginning with the more accessible philosophies of history in the nineteenth and eighteenth centuries and working back to the Bible analyzes the writings of outstanding historians both in antiquity and in Christian times A book of distinction and great importance The author is a master of philosophical interpretation and each of his terse and substantial chapters has the balance of a work of art Helmut Kuhn Journal of Philosophy
