**ROSA'S CHILD** SUSI. BECHHOFFER, 2023      **The Kindertransport** Andrea Hammel, 2023-10-27 In 1938 and 1939 some 10 000 children and young people fled to the UK to escape Nazi persecution Known as the Kindertransport this effort has long been hailed as a wartime success story but there are uncomfortable truths at its heart The Kindertransport was a complex visa waiver scheme and its organizers did not necessarily act with altruism The British government required a guarantee to indemnify itself against any expenses and refused to admit the child refugees parents The selection criteria prioritized those who were likely to make the best contribution to society rather than the most urgent cases And some children and young people were placed in unsuitable homes where many arrangements irrevocably broke down Written with striking empathy and insight Andrea Hammel's expert analysis casts new light on what really happened during the Kindertransport Revelatory and impassioned this book will be essential reading for anyone interested in the history of migration and refugees and offers thought provoking lessons for how we might make life easier for children fleeing conflict today      **Ghostwriting** Richard T. Gray, 2017-11-16 Ghostwriting provides the first comprehensive analysis of the fictional prose narratives of one of contemporary Germany's most recognized authors the migr writer W G Sebald Examining Sebald's well known published texts in the context of largely unknown unpublished works and informed by documents and information from Sebald's literary estate this book offers a detailed portrait of his characteristic literary techniques and how they emerged and matured out of the practices and attitudes he represented in his profession as a literary scholar The title Ghostwriting signals the convergence in Sebald's works of a set of diverse historical questions philosophical views and literary practices Many historical ghosts haunt Sebald's narratives on the level of story Moreover Sebald's narrator plays the role of a ghostwriter in the profound sense that his stories fictionally re enact the histories of obscure but once living individuals whose lives they revitalize and whose fates are tied up with the most virulent historical conjunctures of the modern world This study thus seeks to comprehend the constitutive elements of Sebald's poetics of history his implementation of literary tools for effective historical memorializing      The Broken Voice Robert Eaglestone, 2017-05-26 Which writer today is not a writer of the Holocaust asked the late Imre Kert sz Hungarian survivor and novelist in his Nobel acceptance speech one does not have to choose the Holocaust as one's subject to detect the broken voice that has dominated modern European art for decades Robert Eaglestone attends to this broken voice in literature in order to explore the meaning of the Holocaust in the contemporary world arguing again following Kert sz that the Holocaust will remain through culture which is really the vessel of memory Drawing on the thought of Hannah Arendt Eaglestone identifies and develops five concepts the public secret evil stasis disorientalism and kitsch in a range of texts by significant writers including Kazuo Ishiguro Jonathan Littell Imre Kert sz W G Sebald and Joseph Conrad as well as in work by victims and perpetrators of the Holocaust and of atrocities in Africa He explores the interweaving of complicity responsibility temporality and the often

problematic powers of narrative which make up some part of the legacy of the Holocaust      *Memory Traces* Silke Arnold-de Simine, 2005 This essay collection examines the dynamics of memory organization and the way it varies among different media and modes of discourse in post unification Germany German unification has put the post war period into a historical perspective Such a rupture raises questions concerning the appropriate commemoration preservation and reinterpretation of the past The processes of reorientation after unification influenced the self perception of literary authors as well as the social role position and status of German literature They also affected the way writers viewed the competition in which they found themselves pitted against visual and electronic media as rival windows on the past In the context of several debates on German literature during the 1990s the discussion revolved not only around the adequate aesthetic representation of the historical and cultural heritage but even more so around the role of literature itself in that process The contributions look at different discourses that were and still are concerned with reinterpreting and creating new collective symbols and narrative patterns in relation to Germany's past The volume focuses on the effects of the characteristic discourses of the press literature and its different genres film the internet and memorials on the depiction and performance of memories      *Finding Rosa* Caterina Edwards, 2010-03-09 When her mother Rosa begins to show signs of dementia Caterina Edwards embarks on what turns out to be a search for the meaning of the past and of home During the four years she cares for her mother Edwards must navigate between conflicting responsibilities while dealing with her mother's troubled mind and her own exhaustion This frank memoir tells a complex story of two women in crisis one struggling to maintain a sense of self the other seeking to understand and accept both her past and her present      **The Story in Fiction and Film of French Collaboration in the Occupation and Complicity in the Holocaust (1940-1944)** Daniel R. Schwarz, 2025-07-09 This book examines fiction and film narratives that show the active collaboration of the Vichy government with the Nazis in the deportation and murder of the Jews of France It also explains how these fiction and film narratives affected the official and dominant historical narrative of the 1940-44 Occupation years More than anything what changed the dominant narrative of the Occupation years are documentaries and creative works which imaginatively selected and arranged the presentation of neglected and suppressed facts By stressing how documentaries novels and imaginative films changed the dominant narrative of 1940-1944 the author is also arguing how cultural production transformed history      **Feminist Bookstore News**, 1998      *Our waifs and strays* Church of England children's society, 1884      *Wallace's Monthly* John Hankins Wallace, 1882      *Harper's Monthly Magazine*, 1914      **Harper's**, 1914      *Finding God* John M. Mulder, Hugh Thomson Kerr, 2012-08-13 The search for God is a staple of human history Finding God records sixty first person accounts of Christians who found God in different ways and the impact this discovery made on their lives and on the world in which they lived Ranging from the first century to the present Finding God is a fascinating digest of conversion stories from a wide variety of people from the apostle Paul to the rock musician Bono These narratives together demonstrate the remarkable diversity of

spiritual journeys and the dramatic changes that can result from encounters with God Both instructive and inspirational Finding God will expand horizons and deepen the faith of those who seek insight into the age old spiritual quest to find God
