Rudolf Steiner, Mary Adams-Fox

Rosicrucian Christianity Two Lectures By Rudolf Steiner Neuchatel September 27 And 28 1911:

Rudolf Steiner, Fragment of a Spiritual Biography Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff's life's work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth and an exploration of Steiner's relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples

Human Evolution Rudolf Steiner, 2014-12-15 Returning from travels in war torn Europe Steiner gives a stark impression of the conditions of the time encouraging esoteric work as a counter to the world situation Steiner analyses the gulf between contemporary culture and science which he says are characterized by narrow mindedness philistinism and ineptitude and a scientific approach to the spirit The wealth of spiritual thoughts and knowledge in these lectures remain as relevant today as they did when they were first delivered

Esoteric Christianity and the Mission of Christian Rosenkreutz Rudolf Steiner, 1984

Rudolf Steiner's Endowment Virginia Sease, 2012 The author's reflections emphasize especially three considerations First that the Endowment impulse would allow us to experience the art of interpreting in the Rosicrucian way Second that the best initiative even one undertaken by a great individuality is doomed to failure if the participants are unable to overcome their personal ambitions And third that we may live with the fact that despite the passage of time the latent seeds in Rudolf Steiner's attempt still have the possibility to reach fruition in the future

Revelation Edward Reaugh Smith, 2015-12-15 With this major work Edward Reaugh Smith concludes his singular series on the Bible and Anthroposophy Understanding the Book of Revelation presents the ultimate challenge to those who wish to penetrate its deepest meaning a spiritual mountain whose summit has remained beyond reach to most people Paradoxically in spite of its name Revelation is the most veiled and mysterious book in the Bible A century ago Rudolf Steiner opened a

route to that summit This book is the first extensive application of that priceless resource to the full text of Revelation The substance of what Steiner tells us about John s Revelation derives from the individuality who had that Apocalyptic Vision he was a seer and visionary and his account is esoteric and open only to such a seer Smith presents Steiner as a seer who for the first time since John wrote his Revelation has penetrated the obscuring veil of this text The scope of John s vision and Steiner s exposition covers the vast stretch of our human journey Our ongoing involvement in that journey is not optional We are each in it from beginning to end This book is for those who would awake to it

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff,1994 Prokofieff investigates the deepest mysteries of Rudolf Steiner s life and individuality and examines the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923/24 and the Foundation Stone meditation

TRUE KNOWLEDGE OF THE CHRIST Rudolf Steiner,2015-06-15 All existence is spirit Just as ice is water so matter is also spirit Mineral vegetable animal or human all are a condensed form of spirit Rudolf Steiner In the two lecture courses featured in this volume Rudolf Steiner presents a radical new paradigm Tackling the central dilemma of modern civilization the polarisation of science and spirituality he seeks to broaden natural science through a comprehensive spiritual science Rather than harking back to old spiritual forms or religions Steiner s approach is based on a conscious and systematic intensification of thinking and perception Rudolf Steiner approaches this spiritual scientific task from two perspectives In Kassel Germany he deepens insight into theosophy and Rosicrucianism showing their relationship to science and religion Although presented as an introduction Steiner was never interested in simply providing information not even in the form of new revelations and his insights are from fresh angles and with new illustrative examples These lectures deepen and develop key elements found in his fundamental works *Occult Science An Outline* and *Theosophy* Also featured are the fascinating question and answer sessions from the Kassel lectures In Basel Switzerland Rudolf Steiner discusses that most esoteric of the accounts of the life of Christ the Gospel of John Whilst the focus is on the gospel basic tenets of spiritual science human existence and world evolution are considered as is the concept of karma and the true nature of Christianity In both sets of lectures Steiner dwells on the Prologue to the Gospel of John given in his own translation which offers a meditative approach to gaining insight into both the gospel and Christianity as a whole Rather than distancing us from life each of the lectures in this volume brings us closer to reality As Rudolf Steiner states Rosicrucian theosophy does not make us into eccentrics outsiders but into friends of existence for it doesn t look down on everyday life alienating us from our mission on earth it brings us closer

Rosicrucian Wisdom Rudolf Steiner,Johanna Collis,2000 14 lectures Munich May 22 June 6 1907 CW 99

The work of Rudolf Steiner is unique in the way it combines esoteric teaching with practical suggestions for the development

of social life Indeed we know Steiner today mostly because of the various applications of his ideas in such areas as education medicine and agriculture However society could not have developed any of these without the coherent and profound body of spiritual knowledge at the core of Steiner's work In Rosicrucian Wisdom one of Rudolf Steiner's most complete introductions to modern spirituality he speaks from the very stream of Rosicrucian teaching Rather than borrowing old ideas from historical tradition however he presents a wholly new contribution that arises from the results of his own experiential spiritual research Steiner discusses of the Rosicrucian path as the one appropriate for modern spiritual seekers in the West He warns the reader that Rosicrucian teaching should not be taken as abstract theory rather than remaining in the head or even in the heart spiritual ideas should reach into daily action and transform all aspects of life He goes on to describe many facets of spiritual truth including the law of destiny the fact of life after death means of developing spiritual vision humanity's past and future evolution and much more This volume contains one of the best lecture courses for gaining a deeper understanding of the spiritual principles behind Anthroposophy Listen to lecture 1 mp3 Rosicrucian Wisdom is a translation from the German Die Theosophie des Rosenkreuzers GA 99 A previous translation was titled The Theosophy of the Rosicrucians

Rosicrucianism and Modern Initiation Rudolf Steiner, 1982 These lectures given just after the Christmas Foundation Meeting describe the changes in the inner life and consciousness of Western people since the 9th century Formerly there was an awareness of the spiritual within all realms of nature but this disappeared and was replaced by the modern consciousness of the sense world alone

Rosicrucianism Renewed Rudolf Steiner, 2006-03 After Rudolf Steiner had left us in the body the gifts of the spirit that were offered by him in such overflowing measure could not continue It must now happen that a community of human beings takes over the results of his spiritual research takes them in such a way that they remain alive in the community People must come together in anthroposophic work united in such a way that Anthroposophy comes into its own Carl Unger Oct 29 1928 This volume provides perhaps the most comprehensive and profound exegesis of Rudolf Steiner's Anthroposophy especially his book titled Anthroposophical Leading Thoughts That book provides Steiner's final and most complete explanation of his Spiritual Science through brief aphoristic thoughts or meditations on the profound esoteric meaning of the modern spiritual path he called Anthroposophy In The Language of the Consciousness Soul Carl Unger unfolds and expands Rudolf Steiner's leading thoughts in 78 brief meditative chapters to help the reader comprehend the deeper meaning behind the Leading Thoughts Unger helps us see how Steiner created a mandala like image of Anthroposophy revealing an ever expanding cosmology and epistemology that goes far beyond mere philosophy or a belief system to a practical path of spiritual investigation and knowledge for modern humankind Rudolf Steiner had this to say about Carl Unger Dr Carl Unger for many years past has always been the most industrious and devoted collaborator in the anthroposophic movement At an early date Dr Unger saw that Anthroposophy before all needs a strong foundation of the theory of knowledge With a deep understanding he took up what I myself many years ago was able to give in my books

Goethe's Theory of Knowledge Truth and Knowledge and Intuitive Thinking as a Spiritual Path A Philosophy of Freedom he developed independently what I had intuited Supported by mental discernment his goal was to see through the nature of the human process of knowledge in a clear analysis and from that to form its true picture Dr Unger is not dialectical but an observer of empirical facts This is why through the years he has been able to give results of the highest value showing how the process of knowledge in ordinary consciousness produces always and everywhere out of itself the impulses to anthroposophic investigation Moreover Dr Unger's method of thinking trained through technical problems is free from subjective vagueness and thus his scientific collaboration in Anthroposophy is the most important that we can have The Language of the Consciousness Soul is an indispensable guidebook for group study and for individuals who wish to penetrate the depths of Anthroposophy and apply its principles both inwardly and to daily life This volume is an edited translation by Effie Grace Wilson of *Aus der Sprache der Bewusstseinsseele Unter Zugrundelegung der Leitsätze Rudolf Steiners* *The Mission of Christian Rosenkreutz: Its Character and Purpose* Rudolf Steiner, Mary Adams-Fox, 1950 **The Book of Revelation and the Work of the Priest** Rudolf Steiner, 1998 18 lectures conversations with 57 priests Dornach Sept 5 22 1924 CW 346 John's Book of Revelation the Apocalypse has been subjected to countless theological and academic interpretations over the years usually based on theories and abstract speculations Rudolf Steiner however discussed the Book of Revelation through direct experience and knowledge of the spiritual truths contained in John's mysterious imagery Rudolf Steiner had already presented his insights on the Apocalypse to various audiences but in 1924 he presented a completely new perspective This time his comments were in response to requests from priests of The Christian Community the movement for religious renewal which itself had taken form on the basis of Steiner's insights This book will be of value to anyone who would like a fresh perspective on the most enigmatic book of the New Testament Includes eight color plates of blackboard drawings This book is a translation from German of text reconstructed from notes taken by the participants originally published as *Vorträge und Kurse über christlich religiöses Wirken Bd 5 Apokalypse und Priesterwirken* GA 296

From Jesus to Christ Rudolf Steiner, 1972 [The Christ Impulse](#) Rudolf Steiner, 2014 Christ will reappear but in a higher reality than the physical one in a reality which we will only see if we have first acquired a sense and understanding of spiritual life Inscribe in your hearts what anthroposophy should be a preparation for the great epoch of humanity which lies ahead of us Rudolf Steiner's teachings of Christ and in particular what he refers to as the Christ impulse are unique Christ he says is an objective universal force existing independently of Christian churches and confessions and working for the whole of humanity The impulse that Christ brought to earth acts for the advancement of all people irrespective of religion creed or race Speaking in Berlin whilst still a representative of the largely eastern oriented Theosophical Society Rudolf Steiner presents multifaceted perspectives on the Christ impulse based on his independent spiritual research from the vast cycles of time preceding Christ's incarnation and the preparation for his coming to the actual physical embodiment of Christ in

Palestine in Jesus of Nazareth some two thousand years ago Steiner also describes how Christ will influence the future development of the earth and humanity In his opening lecture Rudolf Steiner discusses the nature of the Bodhisattvas and their role in relation to Christ and human evolution The Bodhisattvas are the great teachers of humanity incarnating in human form during their passage through the various cycles of cultural development and are intimately involved in preparing the work of the Christ impulse In other lectures Steiner addresses subjects as diverse as the Sermon on the Mount in relation to the development of the faculty of conscience and the current duality of male and female microcosm and its correspondence in the cosmos macrocosm The latter phenomenon is related to initiation within the Germanic and Egyptian mysteries which reach their higher unity in Christian initiation Among the myriad other themes that emerge here are the introduction of the I or self in human development and its essential connection to Christ the preparation of the Christ impulse through the Jahveh religion and the law of Moses the meaning of the Ten Commandments and the new clairvoyance in relation to the appearance of Christ in the etheric From Jesus to Christ Rudolf Steiner,1972 From Jesus to Christ Rudolf Steiner,1943
