Meet the Rottweiler American Kennel Club, 2014-05-13. The American Kennel Club's *Meet the Rottweiler* an official publication of the American Kennel Club (AKC) serves as go to resource for new and experienced owners of this impressive working dog. With its characteristic black and mahogany coloration, the robust Rottweiler cuts a unique silhouette and has attracted thousands of admirers in the United States and around the world. *Meet the Rottweiler* begins with a discussion about the decision to own this powerful large guard dog and the responsibilities that accompany this decision. Equally important is the selection of the right breeder, a topic covered in a chapter on puppy selection that includes a list of questions to ask the breeder and the answers new owners are looking for. The book addresses the health of the Rottweiler and alerts new owners to potential problems in the breed. The chapter on health discusses the importance of finding the right veterinarian for this breed as well as how to embark on a preventive healthcare regimen with your vet. New owners will profit from the chapters dedicated to selecting the right merchandise for a new puppy and how to make the home and yard safe for the active and agile Rottie puppy. House training and obedience training are presented in individual chapters and the AKC's stance on positive training methods shines through as owners are enlightened to the power of praise and rewards. The book doesn't stint on information about grooming, exercise, dental health and feeding, all vital topics for the dog owner. The final chapter includes a dozen ways to get your Rottweiler active in dog sports and the community, from participating in AKC performance events like dog shows, obedience and agility trials to becoming certified as a therapy dog and visiting nursing homes and retirement homes with your well trained Rottie. The chapters also offer advice on how to pursue the AKC's STAR Puppy and the Canine Good Citizen programs, both ideal for young dogs getting their start in organized dog events and therapy. The Resources section of the book includes excellent recommendations for websites, periodicals, books and programs that Rottweiler owners will find informative and helpful.

Important Facts about Puppies Best Ways to Care for Puppies How A Puppy Grows Develops and Behaves How to Choose a Breed So Many Different Types of Puppies to Choose From How To Train Puppies Quickly And Easily How Save Money on Dog Vaccinations Introduction to Dog Breeds Top 10 List Labrador retriever German shepherd Poodles Rottweiler's Boxers Golden Retriever Beagles Yorkshire terrier Bulldogs Dachshund 10 Important Facts about Puppies

More than likely if you have a puppy you might be wondering how to properly integrate this new animal into your life Puppies require quite a bit of attention and love as well as proper training when you are just starting out Although they can be the most adorable creatures on the planet they can also cause a considerable amount of problems Depending upon the type of breed that you're working with they may or may not be very easy to train Regardless of how much work it will take if you truly love animals and want your puppy to grow up to be a healthy loyal friend and protector there are a few tips and strategies you ought to know In this article we will present 10 facts about puppies that you ought to know

- 1 Puppies are born after a 63 day gestation cycle which means the mom is only pregnant for 63 days
- 2 Puppies are born almost helpless but they have several natural instincts the moment they are born
- 3 Puppies instinctually are able to nurse right after birth and will spend a large portion of their time feeding and sleeping
- 4 The first couple weeks puppies will be unable to open up their eyes
- 5 In the first few months of their life they will grow very rapidly developing both physically and socially
- 6 Despite an independent nature they learn quite a bit from their littermates soon after they are born
- 7 Puppies require quite a bit of socialization meaning you will have to spend a great deal of time with them in order to familiarize them with their surroundings
- 8 Every puppy needs to be taken to the veterinarian within two months of their birth not only for a check up but to get the initial shots that they will need
- 9 Puppies need to be dewormed at an early age and they should also be checked for potentially deadly conditions such as Parvo
- 10 At some point puppies will have to be potty trained something that should start about two months after they are born

Although there are many more facts about puppies that you can learn the best thing you can do is learn from experience and also apply all of the techniques that you learn from books the Internet and people that have successfully trained puppies before Having a puppy is a wonderful experience but it takes hard work and dedication to allow them to become healthy adult dogs that you will love for many years to come
