**Victor Gourevitch (ed)**

## **Rousseau The Social Contract And Other Later Political Writings:**

Rousseau: 'The Social Contract' and Other Later Political Writings Jean-Jacques Rousseau, 1997-07-24 The work of Jean Jacques Rousseau is presented in two volumes together forming the most comprehensive anthology of Rousseau's political writings in English Volume II contains the later writings such as The Social Contract and a selection of Rousseau's letters on important aspects of his thought The Social Contract has become Rousseau's most famous single work but on publication was condemned by both the civil and the ecclesiastical authorities in France and Geneva Rousseau fled and it is during this period that he wrote some of his autobiographical works as well as political essays such as On the Government of Poland This 1997 volume like its predecessor contains a comprehensive introduction chronology and guide to further reading and will enable students to obtain a full understanding of the writings of one of the world's greatest thinkers Rousseau: The Social Contract and Other Later Political Writings Jean-Jacques Rousseau, 2019 The new edition of this comprehensive and authoritative anthology of Rousseau's major later political writings in up to date English translations **The social contract and other later political writings** Jean-Jacques Rousseau, 2019 A comprehensive and authoritative anthology of Rousseau's major later political writings in up to date English translations This volume includes the essay on Political Economy The Social Contract the extensive late Considerations on the Government of Poland as well as the important draft on The Right of War and a selection of his letters on various aspects of his political thought The Social Contract Rousseau's most comprehensive political work he called it a small treatise was condemned on publication by both the civil and the ecclesiastical authorities in France as well as in Geneva and warrants for its author's arrest were issued Rousseau was forced to flee and it is during this period that he wrote some of his autobiographical works This new edition features an expanded Introduction and an extensive editorial apparatus designed to assist students at every level access these seminal texts

Rousseau: The Social Contract and Other Later Political Writings Victor Gourevitch (ed), 2010 **The Social Contract and Other Later Political Writings** Jean-Jacques Rousseau, 1997 *The Roman Republic in Political Thought* Fergus Millar, 2002 An experienced scholar explains why the legendary early Republic rather than the historical Republic of Cicero has most influenced later political thought Rousseau's Social Contract David Lay Williams, 2014-01-13 Rousseau's Social Contract An Introduction offers a thorough and systematic tour of this notoriously paradoxical and challenging text *The Social Contract and Other Political Writings* Jean-Jacques Rousseau, 2015-05-22 Jean Jacques Rousseau was one of the greatest and most influential political philosophers of all time His writings influenced America's founding fathers later with less salutary results elements of his thinking were adopted by the leaders of the French Revolution This essential edition of Rousseau's writings includes his most classic political essays On the Social Contract Discourse on the Sciences and the Arts Discourse on the Origin and Foundation of Inequality among Men A Discourse on Political Economy and The State of War It also includes an extended introduction to Rousseau and his thought as well as notes to clarify and explain Rousseau for the

modern reader      **Marx: Later Political Writings** Karl Marx, 1996-01-18 Marx Later Political Writings first published in 1996 brings together translations of Marx's most important texts in political philosophy written after 1848 Marx challenged political theory to its very fundamentals as his works do not follow traditional models for exploring politics theoretically In his introduction Terrell Carver situates Marx in a politics of democratic constitutionalism and revolutionary communism The works are presented here complete according to the first editions or the earliest manuscript state and include the Manifesto of the Communist Party the Preface of 1859 to A Contribution to the Critique of Political Economy The Civil War in France and the little known Notes on Adolph Wagner More than most political theorists Marx made contemporary politics the focus for his theoretical work He created a distinctive kind of political theory and this volume makes it accessible today      **Of The Social Contract and Other Political Writings** Jean-Jacques Rousseau, 2012-10-04 Man was born free and everywhere he is in chains These are the famous opening words of a treatise that has stirred vigorous debate ever since its first publication in 1762 Rejecting the view that anyone has a natural right to wield authority over others Rousseau argues instead for a pact or social contract that should exist between all the citizens of a state and that should be the source of sovereign power From this fundamental premise he goes on to consider issues of liberty and law freedom and justice arriving at a view of society that has seemed to some a blueprint for totalitarianism to others a declaration of democratic principles Translated by Quentin Hoare With a new introduction by Christopher Bertram      **The Cambridge Companion to Rousseau's Social Contract** David Lay Williams, Matthew W. Maguire, 2024-02-22 What is freedom What is equality And what is sovereignty A foundational text of modern political philosophy Rousseau's Social Contract has generated much debate and exerted extraordinary influence not only on political thought but also modern political history by way of the French Revolution and other political events ideals and practices The Social Contract is regularly studied in undergraduate courses of philosophy political thought and modern intellectual history as well as being the subject of graduate seminars in numerous disciplines The book inspires an ongoing flow of scholarly articles and monographs Few texts have offered more influential and important answers to research questions than Rousseau's Social Contract and in this new Cambridge Companion a multidisciplinary team of contributors provides new ways to navigate this masterpiece of political philosophy and its animating questions      *Rousseau: 'The Discourses' and Other Early Political Writings* Jean-Jacques Rousseau, 1997-07-13 The work of Jean Jacques Rousseau is presented in two volumes which together form the most comprehensive anthology of Rousseau's political writings in English Volume I contains the earlier writings such as the First and Second Discourses The American and French Revolutions were profoundly affected by Rousseau's writing thus illustrating the scope of his influence Volume II contains the later writings such as the Social Contract The Social Contract was publicly condemned on publication causing Rousseau to flee In exile he wrote both autobiographical and political works These volumes contain comprehensive introductions chronologies and guides to further reading and will enable students to fully understand the writings of one of

the world's greatest thinkers      **Jean Jacques Rousseau's Concept of Society and Government: A Study of the Social Contract** Andrea Becker, Maren Reyelt, 2004-07-15 Seminar paper from the year 2001 in the subject Politics Political Theory and the History of Ideas Journal grade 1 A University of Wyoming Department of Political Science course Recent Political Thought language English abstract Man is born free and everywhere he is in chains One believes himself the other's master and yet is more a slave than they How did this change come about I do not know What can it make legitimate I believe I can solve this 1 Regarding this quoted statement Jean Jacques Rousseau's *Of the Social Contract or Principles of Political Right* in the following referred to as the Social Contract of 1762 tries to explain and solve the problems of the society Rousseau lived in with the idea of a somewhat direct democracy and a radical popular sovereignty Accordingly the author's theory is the counterpart to the early liberal Montesquieuian model of a state with a binding constitution but also to the later classical liberal theories of democracy of John Stuart Mill In general Rousseau is known as a representative of the concept of direct democracy and as an intercessor of the identity of governors and the governed Moreover he pledged for the inseparability of popular sovereignty 2 Taking this into consideration Rousseau's Social Contract although censored and prohibited in his own time remains a key source of democratic belief and is one of the classics of political theory His theories were viewed so controversially that they were even publicly burned So the Social Contract and *Emile or on Education* 1762 became victims of the flames 3 This was because basically the Social Contract argues that the first and the most important consequences of the principles established so far is that the general will *volonté g n rale* alone can direct the forces of the state according to the end of its institution which is the common good 4 1 Jean Jacques Rousseau *The Social Contract and Other Later Political Writings* edited and translated by Victor Gourevitch Cambridge University Press Cambridge Texts in the History of Political Thought 1997 Book I p 41 2 Manfred G Schmidt *Demokratietheorien Eine Einf hrung* 2 Auflage Opladen Leske Budrich 1997 pp 23 24 3 Merle L Perkins *Jean Jacques Rousseau on the Individual and Society* Lexington University Press of Kentucky 1974 p 239 4 Rousseau *The Social Contract* Book II p 57      *Kant's Embedded Cosmopolitanism* Georg Cavallar, 2015-05-19 Kant's omnipresence in contemporary cosmopolitan discourses contrasts with the fact that little is known about the historical origins and the systematic status of his cosmopolitan theory This study argues that Kant's cosmopolitanism should be understood as embedded and dynamic Inspired by Rousseau Kant developed a form of cosmopolitanism rooted in a modified form of republican patriotism In contrast to static forms of cosmopolitanism Kant conceived the tensions between embedded local attachments and cosmopolitan obligations in dynamic terms He posited duties to develop a cosmopolitan disposition *Gesinnung* to establish common laws or cosmopolitan institutions and to found and promote legal moral and religious communities which reform themselves in a way that they can pass the test of cosmopolitan universality This is the cornerstone of Kant's cosmopolitanism and the key concept is the vocation *Bestimmung* of the individual as well as of the human species Since realizing or at least approaching this vocation is a long term arduous

and slow process Kant turns to the pedagogical implications of this cosmopolitan project and spells them out in his later writings This book uncovers Kant's hidden theory of cosmopolitan education within the framework of his overall practical philosophy

**Rousseau's Platonic Enlightenment** David Lay Williams, 2010-11-01 In this sterling deeply researched study Williams explores how thinkers ranging from Hobbes to d'Holbach highlight various sets of ideas that Rousseau combated in developing his philosophical teaching The account of Rousseau's predecessors who might be called Platonists is especially interesting as is the account of those who qualify as materialists Moreover Williams provides a good overview of Rousseau's teaching demonstrates a commendable grasp of the relevant secondary literature and argues ably for the superiority of his own interpretations Clearly written and superbly organized this book contributes much to Rousseau studies An indispensable book for Rousseau scholars this volume also will appeal to general readers and students at all levels C E Butterworth CHOICE

**Republicanism** Rachel Hammersley, 2020-09-22 Republicanism is a centuries old political tradition yet its precise meaning has long been contested The term has been used to refer to government in the public interest to regimes administered by a collective body or an elected president and even just to systems embodying the values of liberty and civic virtue But what do we really mean when we talk about republicanism In this new book leading scholar Rachel Hammersley expertly and accessibly introduces this complex but important topic Beginning in the ancient world she traces the history of republican government in theory and practice across the centuries in Europe and North America concluding with an analysis of republicanism in our contemporary politics She argues that republicanism is a dynamic political language with each new generation of thinkers building on the ideas of their predecessors and adapting them in response to their own circumstances concerns and crises This compelling account of the origins history and potential future of one of the world's most enduring political ideas will be essential reading for anyone with an interest in republicanism from historians and political theorists to politicians and ordinary citizens

**Justice, Order and Anarchy** Alex Prichard, 2013-05-02 This book provides a contextual account of the first anarchist theory of war and peace and sheds new light on our contemporary understandings of anarchy in International Relations Although anarchy is arguably the core concept of the discipline of international relations scholarship has largely ignored the insights of the first anarchist Pierre Joseph Proudhon Proudhon's anarchism was a critique of the projects of national unification universal dominion republican statism and the providentialism at the heart of enlightenment social theory While his break with the key tropes of modernity pushed him to the margins of political theory Prichard links Proudhon back into the republican tradition of political thought from which his ideas emerged and shows how his defence of anarchy was a critique of the totalising modernist projects of his contemporaries Given that we are today moving beyond the very statist processes Proudhon objected to his writings present an original take on how to institutionalise justice and order in our radically pluralised anarchic international order Rethinking the concept and understanding of anarchy Justice Order and Anarchy will be of interest to students and scholars of political philosophy

anarchism and international relations theory      **Globalization and Popular Sovereignty** Adam Lupel, 2009-09-11 This volume analyzes the impact of globalization on the concept of popular sovereignty seeking to better understand the emerging structures of global governance and their potential for democratic legitimacy      **Monarchism and Absolutism in Early Modern Europe** Cesare Cuttica, 2015-10-06 The 14 essays in this volume look at both the theory and practice of monarchical governments from the Thirty Years War up until the time of the French Revolution Contributors aim to unravel the constructs of absolutism and monarchism examining how the power and authority of monarchs was defined through contemporary politics and philosophy      The Routledge Companion to Social and Political Philosophy Gerald Gaus, Fred D'Agostino, Ryan Muldoon, 2024-11-26 The Routledge Companion to Social and Political Philosophy Second Edition is a comprehensive definitive reference work providing an up to date survey of the field charting its history and key figures and movements and addressing enduring questions as well as contemporary research Features unique to the Companion are as follows Extensive coverage of the history of social and political thought including separate chapters on the development of political thought in the Islamic world India and China as well as in modern Germany France and Britain A focus on the core concepts and the normative foundations of social and political theory A section devoted exclusively to distributive justice the central issue of political philosophy since Rawls Theory of Justice Several chapters on global justice and international issues The Companion s 74 commissioned chapters by leading scholars from throughout the world are divided into eight thematic sections The History of Social and Political Theory Political Theories and Ideologies Normative Foundations Distributive Justice The National State and Beyond Political Concepts Approaches and Issues in Social and Political Philosophy Expanded updated and revised throughout this Second Edition includes new chapters on Politics Philosophy and Economics PPE Political Epistemology Race and Ethnicity Power Foucault and New Diversity Theory
