A dictionary of economics Donald Rutherford, **International Bibliography of Economics 2003** Compiled by the British Library of Political and Economic Science, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included

International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French *The Cambridge Companion to Literature and Economics* Paul Crosthwaite, Peter Knight, Nicky Marsh, 2022-08-11 In recent years money finance and the economy have emerged as central topics in literary studies The Cambridge Companion to Literature and Economics explains the innovative critical methods that scholars have developed to explore the economic concerns of texts ranging from the medieval period to the present Across seventeen chapters by field leading experts the book highlights how throughout literary history economic matters have intersected with crucial topics including race gender sexuality nation empire and the environment It also explores how researchers in other disciplines are turning to literature and literary theory for insights into economic questions Combining thorough historical coverage with attention to emerging issues and approaches this Companion will appeal to literary scholars and to historians and social scientists interested in the literary and cultural dimensions of economics *Handbook of Research on Environmental Taxation* Janet E. Milne, Mikael Skou Andersen, 2012-01-01 Ingeniously organized in a life cycle format the Handbook covers environmental taxation concepts design acceptance implementation and impact The universal themes discussed in each area will appeal to a broad range of readers Larry Kreiser Cleveland State University US This book is a smart and useful reader s guide providing analytical tools for a full comprehension of environmental taxes with an interdisciplinary approach that looks at all the different phases of environmental taxation from the design to the implementation the political acceptance and the impact on the economy The authors effort is very successful in endowing academicians policy makers and the general public with an excellent proof of the effectiveness of environmental taxes and green tax reforms Alberto Majocchi University of Pavia Italy Putting the words environment next to taxation might not always be the flavour of the month but no modern society can ignore the value of the natural environment and the need to maintain its good quality and no competitive economy can prosper without the necessary tax revenues to function Environmental taxation offers the prospect of moving towards a more resource efficient economy where preference is given to tax more what we burn less what we earn I welcome this contribution to the literature Commissioner Connie Hedegaard European Commission The Milne and Andersen volume provides a splendid treatment of environmental taxation that encompasses the basic conceptual issues problems of tax design and implementation and several insightful case studies that show how environmental taxes actually work in practice It is the best overall treatment of environmental taxation available comprehensive rigorous and readable Wallace Oates University of Maryland US The Handbook of Research on Environmental Taxation captures the state of the art of research on environmental taxation Written by 36 specialists in environmental taxation from 16 countries it takes an interdisciplinary and international approach focusing on issues that are universal to using taxation to achieve environmental goals The Handbook explores the conceptual

foundations of environmental taxation essential elements for designing environmental tax measures factors that influence the acceptance of environmental taxation the variety of ways to implement environmental taxes their environmental and economic impact and finally the larger question of the role of taxation among other policy approaches to environmental protection Intermixing theory with case studies the Handbook offers readers lessons that can be applied around the world It identifies key bodies of research for people who are already working in the field or entering the field and highlights issues that call for more research in the future With systematic analysis of key issues in environmental taxation this book will appeal to researchers governments think tanks NGOs and academics in law economics political science and public finance as well as students specializing in environmental taxation and other market based instruments *Fiscal Federalism and Diversity Accommodation in Multilevel States: A Comparative Outlook* Francisco Javier Romero Caro, Alice Valdesalici, 2024-09-12 This open access edited book connects two strands of federal studies fiscal federalism and diversity accommodation to answer two closely interrelated questions The first of these is to what extent has the need to accommodate diversities determined financial relations and their evolution The authors answer this question by conducting a thorough investigation of the types of diversity that drive such evolution The second question is does fiscal federalism have a broadly positive or negative impact on the accommodation of diversities by producing institutional solutions that either integrate a federal system or pull it apart Through contributions from experts in law economics and political science the book uses a series of case studies to establish a theoretical framework for exploring the relationship between fiscal federalism and diversity accommodation The authors lay the groundwork for a comparative study of this relationship in multilevel states *The Trouble with Money or Why Does the U.S. Dollar Rise and Fall and Then Rise Again*, **What is an Exchange?** Ruben Lee, 1998 Important reference point on the recent development of exchanges Dr Rolf E Breuer Chairman of Deutsche Bank and Chairman of Deutsche Borse Ruben Lee has long been a thoughtful student of securities trading markets [Lex Petrolea and International Investment Law](#) Nima Mersadi Tabari, 2016-09-01 [Lex Petrolea and International Investment Law](#) Law and Practice in the Persian Gulf offers readers a detailed analysis of jurisprudence on the settlement of upstream petroleum disputes between host states in the Persian Gulf and foreign investors Dr Nima Mersadi Tabari considers the historical political and socio economic roots of the existing frameworks and levels of protection offered to foreign investors With particular focus on petroleum related disputes he initially delivers a comprehensive survey of the jurisprudence of international investment law and investment treaty arbitration Following on from this in three dedicated chapters the author provides in depth analysis of the legal regimes governing the matter in the major producers of the region Saudi Arabia Iraq and Iran A key resource for all professionals working on legal issues arising from foreign direct investments in natural resources this book draws a detailed picture of the legal regime governing the upstream sector in the most important geographical region for the international oil and gas sector *A Reconsideration of the Theory of Non-Linear Scale Effects* Richard G. Lipsey, 2018-03-22 The main

thrust of this Element is a critical assessment of the theory and evidence concerning the sources of scale effects. It is argued that the analysis of static scale effects is important because scale effects are embedding in our world and new technologies associated with an evolving economy often allow their exploitation when they cannot be exploited in less technically advanced and smaller economies. So although static equilibrium theory is not a good vehicle for studying economic growth showing how scale effects operate when output varies with given technology helps us to understand the scale effects that occur when output rises as a result of economic growth even though that is typically driven by technological change.

Sustainable and Responsible Entrepreneurship and Key Drivers of Performance Popescu, Cristina Raluca Gh., Verma, Rahul, 2021-06-25 Today's entrepreneurial practices operate in a continuously challenging highly dynamic and everchanging environment. In these times of change it is important to examine up to date theoretical infrastructure on the most powerful and representative approaches to sustainable and responsible entrepreneurship. *Sustainable and Responsible Entrepreneurship and Key Drivers of Performance* covers an updated view of the newest trends, novel practices and latest tendencies concerning sustainable and responsible entrepreneurship in a world dominated by insecurity and dramatic economic, political and managerial changes. The book presents theoretical infrastructure on approaches to sustainable and responsible entrepreneurship as well as empirical results that make a tremendous contribution to the analysis of organizations' performance, key drivers. Elaborating on topics such as greening economy, intellectual capital, knowledge management, sustainable entrepreneurial ecosystems and social responsibility, this text is essential for entrepreneurs, managers, executives, academicians, scientists, researchers, students, practitioners and policymakers worldwide.

Commercial Banking in Kenya Christian Velasco, 2024-08-05 This book investigates the impact of commercial banks in Kenya right through from their origins to their role during the colonial period, the process of adaptation following independence and up to their responses to new challenges and economic policies in the twenty-first century. The British colonisation of East Africa required the development of diverse political, social and economic institutions to advance and exercise control over the territories and their populations. Multinational commercial banks were among the first institutions with the National Bank of India, Standard Bank of South Africa and Barclays Bank DCO all setting up business in Kenya whilst continuing to maintain close relationships with the UK and other colonial actors. This book assesses the impact of commercial banks during the last years of colonial domination and the tools they used to adapt in the first decades of independence. The book concludes by considering how the colonial banking system has influenced the development of modern financial institutions in Kenya in the twenty-first century. This book argues that commercial banks are fundamental to understanding African colonies and the foundations over which the financial system of contemporary Africa was constructed. It will be of interest to researchers of banking, economic history, the colonial period and African studies. **China in the Global South** Theodor Tudoroiu, Anna Kuteleva, 2022-04-23 This book scrutinizes the frequently ignored agency of Global South sub

national actors in their interactions with China using a multidisciplinary approach and eleven case studies Contributors examine China's presence in the Global South on a country by country basis analyzing how various non state and sub state actors are responding to the rise of China and whether they are attracted by the cooperation models that China proposes or deterred by its new assertiveness Contributions cover diverse and heterogeneous geographies of the Global South ranging from Papua New Guinea to Argentina and from Madagascar to the Russian Far East Examining such diverse cases contributors focus on two interrelated questions What is the actual economic political and social impact of China's growing presence in the Global South And critically how do the citizens of the Global South understand and interpret China's rise Taken together the case studies develop a comprehensive picture of a complex and sometimes problematic process of China's inclusion into the economic social and political realities of the Global South This book identifies and fills the gaps in the existing literature on China's rise by offering a nuanced perspective on China's relations with the countries of the Global South that captures such variables as social context intersubjective meanings and identities By focusing China's relations with the Global South it also provides an important addition to the literature on international politics of development and China's role in the transformation of the South South cooperation

Intellectual Property and Development Rami M. Olwan, 2013-03-15 The book examines the correlation between Intellectual Property Law notably copyright on the one hand and social and economic development on the other The main focus of the initial overview is on historical legal economic and cultural aspects Building on that the work subsequently investigates how intellectual property systems have to be designed in order to foster social and economic growth in developing countries and puts forward theoretical and practical solutions that should be considered and implemented by policy makers legal experts and the World Intellectual Property Organization WIPO

Evolution of United States Budgeting Annette Meyer, 2002-05-30 As a fiscal document recording the spending taxing and borrowing policies for the coming year the U S budget continues to be a model for other nations This book focuses on the various phases of budget making its historical background in fiscal and monetary terms and special budgetary issues including the budget balance credit activities of Government Sponsored Enterprises the future health of Social Security and the budget's relationship to the financial and public goods aspects of the international environment Covering major changes in the structure and process of budgeting since 1989 when the book was first published this volume covers new ground in many aspects of fiscal and financial policy domestically and internationally Each section of the book is devoted to a different aspect of U S budgeting ranging from the foundations of the present policies to the annual budget cycle to the actual methods of accomplishment and the containment of those policies in the global framework One section focuses on high visibility issues Social Security surpluses federal debt and entitlement programs The book provides a valuable overview for those wishing to understand the budget process and its foundations while aspiring to help improve that process

Treasury Markets and Operations Hong Kong Institute of Bankers (HKIB), 2014-08-01 An in depth look at how banks and other

financial institutions manage treasury operations Created for banking and finance professionals with a desire to expand their management skillset this book focuses on treasury operations in banking It was written by the experts at the world renowned Hong Kong Institute of Bankers an organization dedicated to providing the international banking community with education and training Offers a detailed look at treasury operations and how banks manage their relationships with various markets including foreign exchange bond markets and derivatives Gives practitioners a thorough understanding of balance sheet management settlement and control Provides bankers with the specialised knowledge they need to undertake critical reviews of treasury operations in banks manage a wide range of treasury activities and identify risks *A Piece of the Pie* Tim Cohen,2012-09-13 Nationalisation Swear word for some cure all for others both within and outside the ruling party Tim Cohen a senior journalist with many years experience in both political and business reporting traces the emergence of calls for nationalisation in South African politics It is a subject which has become the most fiercely argued and passionate economic debate of modern day South African politics This is particularly so since the call for nationalisation is so closely associated with the emergence of the controversial Julius Malema although the policy also has strong support from within the trade union movement *A Piece of the Pie* offers a short accessible overview of the political and economic debate surrounding nationalisation that emerged within the African National Congress after the 2010 general election It traces the history of nationalisation and privatisation both locally and internationally and discusses the economic and political arguments that have made it such a topical and contentious issue in local politics This book is an attempt to understand nationalisation more completely in order to enrich the ongoing debate **New Perspectives on the Public-Private Divide** Law Commission of Canada,2003 The separation between public and private spheres has structured much of our thinking about human organizations This collection of essays explores how the public private divide influences challenges and interacts with law and law reform
