Continuity and Change Milly Buonanno, 2000 Continuity and Change examines the growth of fictional television in five major European countries Focusing on drama and comedy it analyzes the degree to which an increase in the production of fictional television and the extension of fictional television's presence into prime time has led to higher production costs and an emphasis on family oriented programming **Television and Repetition** James Walters, 2023-06-02 Resisting some of

the negative connotations that repetition can attract this book illustrates how it has been used as a catalyst for creative expression across a range of television genres Divided into two parts the first three chapters contextualise repetition within related media and critical debates before locating it as an important facet of television that is worth exploring in detail The final three chapters discuss specific television shows that incorporate repetition creatively within their narrative structure and aesthetic composition ranging from The Royle Family and Doctor Who to I May Destroy You and This is Going to Hurt In each case James Walters argues that repetition emerges as crucial to the expression of key themes and ideas thus becoming a structural and compositional element itself Exploring the ways in which repetition has featured in the work of figures such as Umberto Eco Raymond Bellour and Bruce Kavin and has influenced the approaches of television scholars like Raymond Williams Roger Silverstone and John Ellis this book is essential reading for scholars and students of film television and media studies *Representations of the Mother-in-Law in Literature, Film, Drama, and Television* Jo Parnell, 2018-08-03 This book

is a comprehensive study of some ways of treating the subject that demonstrate new and unusual perspectives and provides a different approach to the popularly held views of mothers in law and that further address these works as popular culture and as texts in their own right from within the framework of literary theory and as works that demonstrate the ability to reach and connect with and satisfy both the general reader the student and the scholar from all levels and walks of life *Comedy and Distinction* Sam Friedman, 2014-04-24 This book was shortlisted for the 2015 BSA Philip Abrams Memorial Prize Comedy is currently enjoying unprecedented growth within the British culture industries Defying the recent economic downturn it

has exploded into a booming billion pound industry both on TV and on the live circuit Despite this academia has either ignored comedy or focused solely on analysing comedians or comic texts This scholarship tends to assume that through analysing an artist s intentions or techniques we can somehow understand what is and what isn t funny But this poses a fundamental question funny to whom How can we definitively discern how audiences react to comedy Comedy and Distinction shifts the focus to provide the first ever empirical examination of British comedy taste Drawing on a large scale survey and in depth interviews carried out at the Edinburgh Festival Fringe the book explores what types of comedy people like and dislike what their preferences reveal about their sense of humour how comedy taste lubricates everyday interaction and how issues of social class gender ethnicity and geographical location interact with patterns of comic taste Friedman asks Are some types of comedy valued higher than others in British society Does more legitimate comedy taste act as a tangible resource in social life a form of cultural capital What role does humour play in policing class boundaries in contemporary Britain This book will be of interest to students and scholars of sociology social class social theory cultural studies and comedy studies

Television Series as Literature Reto Winckler, Víctor Huertas-Martín, 2022-01-19 This book explores how television series can be understood as a form of literature bridging the gap between literary and television studies It goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth The respective chapters address literary works themes tropes techniques values genres and movements in relation to a broad variety of television series while drawing on the theoretical work of a host of scholars from Simone de Beauvoir and Yuri Lotman to Ted Nannicelli and Jason Mittell and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology The book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields By questioning the alleged divide between television series and works of literature it contributes not only to a better understanding of television series and literary texts themselves but also to the development of interdisciplinary scholarship in the humanities

BFI Film and Television Handbook 2003 Eddie Dyja, 2002-12-01 No Marketing Blurb

Granada Television--The First Generation John Finch, Michael Cox, Marjorie Giles, 2003-11-08 This is a rich and readable collection of memoirs of those who worked at Granada during the first thirty years of its existence It captures a climate of creative activity unique in the history of broadcasting referred to now as the Golden Years of British Television Lords Birt and Macdonald Sir Denis Forman Michael Parkinson Michael Apted Stan Barstow Nick Elliott Victoria Wood Kenith Trodd Jack Rosenthal Anna Ford Chris Kelly and Alan Plater are just a few of the many well known contributors who were responsible

for creating the foundations on which Granada's considerable worldwide reputation was based. Shows like *World in Action*, *Brideshead Revisited*, *A Family at War*, *Coronation Street*, *What the Papers Say* and many more described in this book were pioneers in their respective fields. *Television Sitcom* Brett Mills, 2005-11-17 Despite its global reach, longstanding popularity and immense profitability, sitcom has been repeatedly neglected in theoretical work on television and media. This book demonstrates that this lack needs to be sorely addressed by dragging analysis of sitcom up to date with a wealth of contemporary examples, a range of new approaches to the genre and examination of the roles sitcom and comedy play within society. The book takes as its starting point the variety of ways in which sitcom has traditionally been explored. A chapter on genre examines the history and development of sitcom and the institutional structures which produce it. There is also analysis of differences between sitcoms produced in a range of countries and what happens when a programme gets sold abroad and remade. A chapter on representation explores the debates about the ways in which sitcom chooses who to make jokes about and why and whether this matters. And a chapter on performance argues that this is a vital and underexplored aspect of sitcom's funniness and interrogates the ways in which comic actors make their performance funny. With specific case studies on *Will and Grace*, *The Office* and *The Cosby Show* as well as analysis of a broad range of contemporary and historical examples throughout, this book will be of interest to students of sitcom and comedy as well as those of television and popular culture. *Television Finales* Douglas L. Howard, David Bianculli, 2018-11-13 Today more than ever, series finales have become cultural touchstones that feed watercooler fodder and Twitter storms among a committed community of viewers. While the final episodes of *The Fugitive* and *M.A.S.H.* continue to rank among the highest rated broadcasts, more recent shows draw legions of binge-watching fans. Given the importance of finales to viewers and critics alike, Howard and Bianculli, along with the other contributors, explore these endings and what they mean to the audience both in terms of their sense of narrative and as episodes that epitomize an entire show. Bringing together a veritable who's who of television scholars, journalists and media experts including Robert Thompson, Martha Nochimson, Gary Edgerton, David Hinckley, Kim Akass and Joanne Morreale, the book offers commentary on some of the most compelling and often controversial final episodes in television history. Each chapter is devoted to a separate finale, providing readers with a comprehensive survey of these watershed moments. Gathering a unique international lineup of journalists and media scholars, the book also offers readers an intriguing variety of critical voices and perspectives. *A2 Media Studies* Antony Bateman, Peter Bennett, Sarah Casey, Benyahia, Peter Wall, 2010-12-14 Developing key topics in depth and introducing students to the notion of independent study, this full-colour, highly illustrated textbook is designed to support students through the transition from AS to A2 and is the perfect guide for the new WJEC A2 Media Studies syllabus.
