**Geography** McGraw-Hill,2001-11-01      The Solidarity Approach in Geography Kavita Arora,Rashmi Rani

Anand,2025-07-08 This contributed volume explains the concept of solidarity and illustrates how perspectives informed by a solidarity approach can be utilized in geographic research Geography offers a set of concepts and tools including space place scale landscape and mobility that makes it a particularly useful lens through which to view issues of solidarity It is distinct from other sciences in its subject matter and methodology but at the same time offers a multidisciplinary approach and transcends its disciplinary boundary The concept of solidarity in geography is illustrated here through nearly thirty five case chapters all from the Indian subcontinent Topics covered here include but are not limited to geographical approaches to solidarity in economic issues indigenous knowledge international relations global geopolitics climate change crisis management human health and more      Resources in Education ,2001-04      **World History** Larry S. Krieger,Kenneth Neill,Steven L. Jantzen,1994-02      Handbook of Research in Social Studies Education Linda S. Levstik,Cynthia A.

Tyson,2010-04-15 This Handbook outlines the current state of research in social studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum Equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal In considering how to organize the Handbook the editors searched out definitions of social studies statements of purpose and themes that linked or divided theory research and practices and established criteria for topics to include Each chapter meets one or more of these criteria research activity since the last Handbook that warrants a new analysis topics representing a major emphasis in the NCSS standards and topics reflecting an emerging or reemerging field within the social studies The volume is organized around seven themes Change and Continuity in Social Studies Civic Competence in Pluralist Democracies Social Justice and the Social Studies Assessment and Accountability Teaching and Learning in the Disciplines Information Ecologies Technology in the Social Studies Teacher Preparation and Development The Handbook of Research in Social Studies is a must have resource for all beginning and experienced researchers in the field      *Public Trust in Business* Jared D. Harris,Brian Moriarty,Andrew C. Wicks,2014-07-03

Provides much needed thinking on the topic of public trust in business blending current academic research with conclusions for future practice      **Resurgent India** Jagadish Shettigar,Pooja Misra,2022-05-02 In the backdrop of the Coronavirus having wreaked havoc on nations across the world and adversely impacting economic growth of countries the government and monetary authorities such as the Reserve Bank of India stepped forward with conventional as well as unconventional stimulus measures This was the time for the Government and fellow Indians to reboot redraw and reinvent the wheel of progress and paint a new standing in the World Economic Order Thus in light of the above mentioned macroeconomic scenario existing in India in June 2020 the authors decided to continuously examine the important measures and policies

announced by the Government and evaluate its impact on the country Part 1 of the book traces the preceding trends in the economic growth of the country during 2010-20 the initial impact of the virus on the Indian economy the macroeconomic perspectives including the required fiscal measures through the very first post pandemic budget i.e. for 2021-22 and the country's progress on the path to economic recovery in the first quarter of 2022 Part 2 critically analyses policy initiatives undertaken by the Government for achieving an Atmanirbhar Bharat self-reliant India short-term and long-term structural reforms agricultural reforms the six pillars on which the union budget 2021-22 has been formulated and bold measures like the proposal for asset monetization of PSUs and government's re-think on retrospective taxes Part 3 lays out a roadmap of policy suggestions which warrant government focus and attention to make India into a self-reliant nation These initiatives can help in achieving the dream of doubling farmers' income and making India into a global manufacturing hub This section also discusses the importance of cooperative federalism and challenges before the government in making India into a self-reliant nation especially in terms of administrative machinery and the judicial system

**Megacities** Frauke Kraas, Surinder Aggarwal, Martin Coy, Günter Mertins, 2013-07-12 As urbanization continues and even accelerates scientists estimate that by 2015 the world will have up to 60 megacities urban areas with more than five million inhabitants With the irresistible economic attractions of urban centers particularly in developing countries making the influx of citizens unstoppable many of humankind's coming social economic and political dramas will be played out in megacities This book shows how geographers and Earth scientists are contributing to a better understanding of megacities The contributors analyze the impact of socio-economic and political activities on environmental change and vice versa and identify solutions to the worst problems They propose ways of improving the management of megacities and achieving a greater degree of sustainability in their development The goals of wise use of human and natural resources risk reduction both social and environmental and quality of life enhancement are agreed upon But as this text proves the means of achieving these ends are varied Hence chapters cover an array of topics from health management in Indian megacities to planning in New York to transport solutions for the chronically traffic-choked Bangkok Authors cover the impact of climate change on megacities as well as less tangible issues such as socio-political fragmentation in the urban areas of Rio de Janeiro This exploration of some of the most crucial issues that we face as a species sets out research that is of the utmost importance with the potential to contribute substantially to global justice and peace and thereby prosperity
