Romanticism and the Re-Invention of Modern Religion Alexander J. B. Hampton, 2019-01-17 The fundamental concern of Romanticism which brought about its inception determined its development and set its end was the need to create a new language for religion **Sociology** Robert Van Krieken, Daphne Habibis, Philip Smith, Brett Hutchins, Greg Martin, Karl Maton, 2013-09-12 Building upon the success of previous editions this fully revised edition of *Sociology* lays the foundations for understanding sociology in Australia The depth and breadth of the book ensures its value not only for first year students but for sociology majors requiring on going reference to a range of theoretical perspectives and current debates This fifth Australian edition continues to build on the book's reputation for coverage clarity and content drawing upon the work of leading Australian sociologists as well as engaging with global social trends and sociological developments Ex Auditū - Volume 23 Klyne Snodgrass, 2008-04-01 *Ex Auditū* began as the journal incorporating the papers of the Fredrick Neumann Symposium of Princeton Theological Seminary After the first four volumes the journal began publishing the papers from the North Park Symposium on the Theological Interpretation of Scripture The intent from the first has been to provide a forum

Nineteenth-Century Religion, Literature and Society Naomi Hetherington, Clare Stainthorp, 2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces *The Shape of Spirituality* Dick Houtman, Galen Watts, 2024-10-15 Around 20 percent of Americans fall into the category of spiritual but not religious Yoga has become a ubiquitous pastime for middle class Westerners Mindfulness is increasingly incorporated into school curricula sports programs and even corporate culture Hollywood icons and Silicon Valley trendsetters tout the benefits of a spiritual life These developments reflect a widespread turn away from religion toward spirituality Yet the nature of this spiritual turn is still poorly understood and its consequences sorely underappreciated *The Shape of Spirituality* brings together leading sociologists to challenge common notions that spirituality is individualistic privatized and apolitical and to make the definitive case for its social and political significance Contributors examine the sweeping influence of spirituality on a variety of realms

including health care and therapeutic practice popular culture civic engagement public protest conspiracy culture and progressive politics Leveraging cutting edge quantitative and qualitative data this authoritative book makes clear that far from being marginal and inconsequential spirituality holds profound public importance today **Louis Jacobs and the Quest for a Contemporary Jewish Theology** Miri Freud-Kandel,2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools *Religion and Mass Electoral Behaviour in Europe* David Broughton,Hans-Martien ten Napel,2000-12-14 The onset of a new millennium has given renewed impetus to the study of religion and its place in the secular world Religion and Mass Electoral Behaviour in Europe is an innovative cutting edge study which focuses on the question of whether and how religion continues to influence and shape electoral behaviour across Europe With exceptional detail this book presents empirical data drawn from a range of country case studies to provide examples of different religious experiences and relationships *The Lloyd Geering Reader* Lloyd Geering,2007 Covering a period of more than 45 years this is the first collection of the writings of international figure Lloyd Geering a premier public intellectual who was once found guilty of heresy by the Presbyterian Church With never before seen material this compendium demonstrates the remarkable consistency in the thought of this increasingly influential thinker Provocative and heartfelt this compilation provides a fascinating coverage of the engagement of religion and the modern world

Sacro-Egoism John S. Knox,2016-05-10 Sacro Egoism The Rise of Religious Individualism in the West discusses the relationship between secularization participation in religious practices and belief and the emergence of radical individualized expressions of faith in the West Using McMinnville Oregon as a case study it presents the data collected and analyzed from several churches denominations and spiritual settings in that unassuming town and compares it to the results of Heelas and Woodhead s Spiritual Revolution project arriving at a provocative conclusion Rather than abandoning Christianity for

alternative spirituality practices McMinnville citizens still feel strongly about their Christian faith taking their spiritual walk to a more personal level than ever before in church history Utilizing both quantitative and qualitative research along with personal stories of faith and exploration from McMinnville residents themselves *Sacro Egoism The Rise of Religious Individualism in the West* tells a story of radical individualists who have become the highest religious authority in their lives even over the church the Bible and traditional Christian society *Themelios, Volume 38, Issue 3* D. A. Carson, 2015-01-27 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary *The Deconstruction of Dualism in Theology* Gillian McCulloch, 2002 Between Horror and Hope is a study of Paul s metaphorical language of death in Romans 6 1 11 The scholarly debate focuses on two main issues the origin of the commentatio mortis tradition and its development Dr Sabou argues that the origin of this terminology is original to Paul that it was the apostle s own insight into the meaning of Christ s death a death to sin and his understanding of the identity of Christ in his death as the anointed davidic king which guided him to create this metaphor of dying to sin as a way of describing the relationship of the believer with sin On the development of this language of death the author argues that this language conveys two aspects horror and hope The first is discussed in the context of crucifixion in which Paul explains the believer s death to sin by presenting Christ s death as the death of the anointed davidic king who won the victory over sin and death by rising from the dead Paul affirms that believers are coalesced with what was proclaimed about Christ s death and resurrection thereby allowing him to assert that the releasing of the body from the power of sin is a result of crucifixion This crucifixion is the condemnation inflicted on our past lives in the age inaugurated by Adam s sin and this is such a horrible event that believers have to stay away from sin since sin leads to such punishment In contrast hope is

presented in the context of burial The believers burial with Christ points to the fact that they are part of Christ s family and this is accomplished by the overwhelming action of God by which he pushes us toward the event of Christ s death an act pictured in baptism It is this burial with Christ that allows believers to share with Christ in newness of life

Periodizing Secularization Clive D. Field, 2019-10-31 Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de si cle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author s previous volumes on the chronology of British secularization Britain s Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880 1980

Ireland's New Religious Movements Olivia Cosgrove, Laurence Cox, Carmen Kuhling, 2010-10-12 Until recently Irish religion has been seen as defined by Catholic power in the South and sectarianism in the North In recent years however both have been shaken by widespread changes in religious practice and belief the rise of new religious movements the revival of

magical devotionalism the arrival of migrant religion and the spread of New Age and alternative spirituality This book is the first to bring together researchers exploring all these areas in a wide ranging overview of new religion in Ireland Chapters explore the role of feminism Ireland as global Celtic homeland the growth of Islam understanding the New Age evangelicals in the Republic alternative healing Irish interest in Buddhism channelled teachings and religious visions This book will be an indispensable handbook for professionals in many fields seeking to understand Ireland's increasingly diverse and multicultural religious landscape as well as for students of religion sociology psychology anthropology and Irish Studies Giving an overview of the shape of new religion in Ireland today and models of the best work in the field it is likely to remain a standard text for many years to come

The Politicized Concert Mass (1967-2007) Stephanie Roche, 2022-07-29 Since the transformative 1960s concert masses have incorporated a range of political and religious views that mirror their socio cultural context Those of the long 1960s c1958 1975 reflect non conformism and social activism those of the 1980s environmentalism those of the 1990s universalism and those of the 2000s cultural pluralism Despite utilizing a format with its roots in the Roman Catholic liturgy many of these politicized concert masses also reflect the increasing religious diversification of Western societies By introducing non Catholic and often non Christian beliefs into masses that also remain respectful of Christian tradition composers in the later twentieth century have employed the genre to promote a conciliatory way of being that promotes the value of heterogeneity and reinforces the need to protect the diversity of music's species and spiritualities that enrich life In combining the political with the religious the case studies presented pose challenges for both supporters and detractors of the secularization paradigm Overarchingly they demonstrate that any binary division that separates life into either the religious or the secular and promotes one over the other denies the complexity of lived experience and constitutes a diminution of what it is to be human

Nietzsche and Islam Roy Jackson, 2007-03-12 Highly topical as concerned with the clash of civilisations debate Provides an original insight into Nietzsche's views on religion his methodology and Islam Takes a completely different perspective instead of the usual Christian one
