Bernard K. Duffy, Richard Leeman, 2005-08-30 Contemporary public speaking remains an important part of our national life and a substantial force in shaping current events. Many of America's most important moments and issues such as wars, scandals, election campaigns, September 11, 2001, have been defined by oratory. Here, over 50 essays cover a substantial and interesting group of major American social, political, economic, and cultural figures from the 1960s to the present. Each entry explains the biographical forces that shaped a speaker and his or her rhetorical approach; focuses mainly on a discussion of the orator's major speeches within the context of historical events; and concludes with an appraisal of the speaker and his or her contribution to American political and social life. All entries incorporate chronologies of major speeches, bibliographies including primary sources, biographies, and critical studies, and archival collections or Web sites appropriate for student research. Entries include high-profile individuals such as John D. Ashcroft, Elizabeth Dole, Jerry Falwell, Anita Hill, Ralph Nader, Ronald Reagan, Janet Reno, Gloria Steinem, Malcolm X, and many others. Excerpts of major speeches and sidebars complement the text. Ideal for researchers and students in public speaking classes, American history classes, American politics classes, contemporary public address classes, and rhetorical theory/criticism classes. *Hidden Power* Kati Marton, 2010-09-22 An engrossing look at twelve presidential marriages from Edith and Woodrow Wilson to Laura and George W. Bush that have profoundly affected America's history. Insightful, colorful, a shrewd and illuminating look at the juncture where the personal and the political overlap. *The Wall Street Journal*. Marton uncovers the behind-the-scenes dynamics of the ultimate power couples, showing how first ladies have used their privileged access to the president to influence staffing, promote causes, and engage directly in policy making. Edith Wilson secretly ran the country after Woodrow's debilitating stroke. Eleanor Roosevelt was FDR's moral compass. And Laura Bush, initially shy of any public role, has proven to be the emotional ballast for her husband. Through extensive research and interviews, Marton reveals the substantial yet often overlooked legacy of presidential wives, providing insight into the evolution of women's roles in the twentieth century and vividly depicting the synergy of these unique political partnerships. **The Truth About Hillary** Edward Klein, 2005-06-21 Hillary Rodham Clinton is the most polarizing figure in American politics. Love her or hate her, everyone has a strong opinion about the former first lady turned senator who is almost certainly going to run for president in 2008. Despite more than a dozen years in the national spotlight and more than a dozen unauthorized books about her, she has managed to keep many secrets from the public, especially about her turbulent marriage and its impact on her career. There have been plenty of rumors about what Hillary and Bill Clinton did behind closed doors, but never a definitive book that exposes the truth. Bestselling author Edward Klein draws on rare access to inside sources to reveal what Hillary knew and when she knew it during her years as first lady, especially during her husband's impeachment. Klein's book, embargoed until publication, will break news about the choices and calculations she has made over the years. It will also prove that she lied to America in her bestselling autobiography.

Living History When she was just a little girl Hillary Rodham dreamed of becoming the first female president and her lifelong dream is almost within reach But just as the swift boat veterans convinced millions of voters that John Kerry lacked the character to be president Klein s book will influence everyone who is sizing up the character of Hillary Clinton The Making of the President 2016 Roger Stone, 2017-01-31 In the tradition of Theodore White s landmark books the definitive look at how Donald J Trump shocked the world to become president From Roger Stone a New York Times bestselling author longtime political adviser and friend to Donald Trump and consummate Republican strategist comes the first in depth examination of how Trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming In the early hours of November 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J Trump to concede shocking a nation that had only hours before given little credence to his chances Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media Stone a long time Trump retainer and confidant gives us the inside story of how Donald Trump almost single handedly harnessed discontent among Forgotten Americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending Clinton political machine From the start Trump s campaign was unlike any seen on the national stage combative maverick and fearless Trump s nomination was the hostile takeover of the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security Here Stone outlines how Donald Trump skillfully ran as the anti Open Borders candidate as well as a supporter of American sovereignty and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters The veteran adviser to Nixon Reagan and Trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination This is an insider s view that includes studying opposition research into Bill Hillary and Chelsea Clinton s crimes and the struggle by the Republican establishment to stop Trump and how they underestimated him Stone chronicles Trump s triumph in three debates where he skillfully lowered expectation levels but skewered Mrs Clinton for the corruption of the Clinton Foundation her mishandling of government email and her incompetence as Secretary of State Stone gives us the inside word on Julian Assange Wikileaks Clinton campaign chief John Podesta Huma Abedin Anthony Weiner Carlos Danger Doug Band Jeffery Epstein and the efforts to hide the former first lady s infirmities and health problems Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e mails released by Wikileaks came from the Russians The Making of the President 2016 reveals how Trump brilliantly picked at Hillary Clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of Americans desperately wanted change Stone also reveals how and why the mainstream media got it wrong including how

the polls were loaded and completely misunderstood who would vote Stone's analysis is akin to Theodore H White's seminal book *The Making of the President 1960*. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard bitten political survivor who Donald Trump called one tough cookie. *Women and the Criminal Justice System* Katherine Stuart van Wormer, Clemens Bartollas, 2021-12-30 This book presents an up to date analysis of women as victims of crime as individuals under justice system supervision and as professionals in the field. The text features an empowerment approach that is unified by underlying themes of the intersection of gender race and class and evidence based research. Personal narratives supplement research and statistics to help students connect the text material with real life situations. This new edition is informed by consideration of major ongoing social movements such as MeToo Black Lives Matter and the fight to reduce mass incarceration. The text stresses contemporary topics such as recognition of lesbian bisexual and transgender issues in juvenile and adult facilities the introduction of trauma informed care in detention centers and prisons the criminalization of Black girls and women the effects of an increasingly militarized police culture and the contributions of Ruth Bader Ginsburg and other influential women. With its emphasis on critical thinking this text is ideal for undergraduate courses concerning women in the justice system. *Ready for Hillary?* Robin Renwick, 2014-11-11 Hillary Rodham Clinton was the first First Lady to have her own office in the West Wing of the White House and the only First Lady ever to be subpoenaed to testify before a grand jury. Upon leaving the White House she was elected as the first female Senator for New York then served as one of America's most popular Secretaries of State. Will she now become the first female President of the United States? Hillary is poised to decide whether she will launch a fresh attempt to take the highest office in the world and make history in doing so. But what is Hillary really like? Will she run? Can she win? What can the world expect from Hillary if she does get back to the White House? What sort of President would she be? Robin Renwick who was the British ambassador in Washington when the Clintons arrived in the White House seeks to answer these questions and more in this vivid portrait of one of the most polarising and central figures in recent US political history. **Stench** David Brock, 2024-09-17 A blistering exposé of Clarence Thomas and the conservative regime of corruption that has usurped the Supreme Court by a Democratic activist and former Republican political operative. Public confidence in the Supreme Court has plummeted to new lows in the last few years and for good reason. In the past three decades six conservative justices have gained a supermajority through questionable means a dubious intervention in a presidential election perjury during Senate testimony and a GOP Senate Leader's unethical blockade of a Supreme Court nomination. Behind this strategic dismantling of our Supreme Court is a vast well funded political machine backed by the extreme right wing Federalist Society the notoriously secretive Catholic organization Opus Dei and GOP megadonors operating from behind closed doors. Armed with an insider's perspective from his time within the conservative movement David Brock reveals how the efforts to stack the Court in service of extreme right wing interests stem from a decades long strategy to weaponize our judicial system into an

extension of the Republican Party itself Stench investigates the ethics scandals that surround Clarence Thomas and his wife the right wing activist Ginni Thomas culling new material from Thomas s accusers along with original reporting and Brock s firsthand knowledge of the inner workings of the GOP Stench is a staggering expos one that only Brock could write exhaustive in its research and revelatory in its access to the world of what has effectively become the Thomas Court
