Seek Reports From The Edges Of America And Beyond:

Seek Denis Johnson, 2009-03-03 Johnson writes with a fervor that can only be described as religious Seek is scary and beautiful and ecstatic and uncontrolled he elevates the mundane to the sublime he boils things down to their essence He is simply one of the few writers around whose sentences make you shudder Adrienne Miller Esquire Part political disquisition part travel journal part self exploration Seek is a collection of essays and articles in which Denis Johnson essentially takes on the world And not an obliging easygoing world either but rather one in which horror and beauty exist in such proximity that they might well be interchangeable Where violence and poverty and moral transgression go unchecked even unnoticed A world of such wild rocketing energy that grasping it anything at all is possible Whether traveling through war ravaged Liberia mingling with the crowds at a Christian Biker rally exploring his own authority issues through the lens of this nation's militia groups or attempting to unearth his inner resources while mining for gold in the wilds of Alaska Johnson writes with a mixture of humility and humorous candor that is everywhere present With the breathtaking and often haunting lyricism for which his work is renowned Johnson considers in these pieces our need for transcendence And as readers of his previous work know Johnson's path to consecration frequently requires a limning of the darkest abyss If the path to knowledge lies in experience Seek is a fascinating record of Johnson's profoundly moving pilgrimage Settling the Borderland Jan

Whitt, 2008-09-05 Settling the Borderland deals with the intimate connection between journalism and literature both fields in which work by women has been underrepresented This book has a twin focus the work of journalists who became some of the greatest novelists poets and short story writers of the nineteenth and twentieth centuries in America several of whom are men and contemporary journalists who best exemplify the effective use of literary techniques in news coverage Although five women are emphasized here Katherine Anne Porter Eudora Welty Joan Didion Sara Davidson and Susan Orlean three men whose work was profoundly influenced by journalism also are included Edgar Allan Poe Walt Whitman and John Steinbeck are well known as writers of poetry short stories and novels but they too are among the other voices rarely included in studies of literary journalism In Settling the Borderland Jan Whitt presents a thorough analysis of the increasingly indistinct lines between truth and fiction and between fact and creative narrative in contemporary media **Nobody Move** Denis

Johnson, 2010-04-27 From the National Book Award winning bestselling author of Tree of Smoke comes a provocative thriller set in the American West Nobody Move which first appeared in the pages of Playboy is the story of an assortment of lowlifes in Bakersfield California and their cat and mouse game over 2 3 million Touched by echoes of Raymond Chandler and Dashiell Hammett Nobody Move is at once an homage to and a variation on literary form It salutes one of our most enduring and popular genres the American crime novel but with a grisly humor and outrageousness that are Denis Johnson's own Sexy suspenseful and above all entertaining Nobody Move shows one of our greatest novelists at his versatile best The Largesse of the Sea Maiden Denis Johnson, 2018-01-16 Twenty five years after Jesus Son a haunting new collection of short

The Hippie Narrative Scott MacFarlane, 2015-01-24 The Hippie movement of the 1960s helped change modern societal attitudes toward ethnic and cultural diversity environmental accountability spiritual expressiveness and the justification of war With roots in the Beat literary movement of the late 1950s the hippie perspective also advocated a bohemian lifestyle which expressed distaste for hypocrisy and materialism yet did so without the dark somewhat forced undertones of their predecessors This cultural revaluation which developed as a direct response to the dark days of World War II created a counterculture which came to be at the epicenter of an American societal debate and ultimately saw the beginnings of postmodernism Focusing on 1962 through 1976 this book takes a constructivist look at the hippie era's key works of prose which in turn may be viewed as the literary canon of the counterculture It examines the ways in which these works with their tendency toward whimsy and spontaneity are genuinely reflective of the period Arranged chronologically the discussed works function as a lens for viewing the period as a whole providing a more rounded sense of the hippie Zeitgeist that shaped and inspired the period Among the 15 works represented are One Flew Over the Cuckoo's Nest The Crying of Lot 49 Trout Fishing in America Siddhartha Stranger in a Strange Land Slaughterhouse Five and The Fan Man
