Martin Buber's Social and Religious Thought Laurence J. Silberstein,1990-12 Moore focuses on Buber s central message about what it means to be a human being a person of faith and what mankind can do to overcome the eclipse of God Shofar Solid well researched and sympathetic might well spur a person to go back and read Buber Commonwealth **Louis Jacobs and the Quest for a Contemporary Jewish Theology** Miri Freud-Kandel,2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools **Literary Hasidism** Jonatan Meir,2016-06-30 Michael Levi Rodkinson 1845 1904 was a journalist author and publisher whose literary projects spanned numerous countries and continents Hero to some and scoundrel to others Rodkinson was a polemical figure whose beliefs underwent many transformations over the course of his life most significantly from Hasidism to combative Haskalah to eventually anticipating the neo Romantic trends of the early twentieth century Throughout his career Rodkinson s writing challenged the familiar genres of the literature of Hasidism and the Haskalah shaping the religious realities of his readers and articulating a spiritual and community life among Jews who took his ideas to heart in surprising ways Today Rodkinson is frequently referred to as a minor Hasidic author and publisher a characterization based on the criticism of his opponents rather than on his writings In *Literary Hasidism* Meir draws upon those writings and their reception to present a completely different picture of this colorful and influential writer Examining Rodkinson s lifelong role as a catalyzing agent of different cultural phenomena his diverse publishing activities and his writings in their respective stages Meir grants readers a provocative new vantage point from which to consider this divisive enigmatic figure **Transnature's God** Meir Ben-Horin,2004 Hasidic Studies Ada

Rapoport-Albert, 2018-01-16 Ada Rapoport Albert has been a key partner in the profound transformation of the history of hasidism that has taken shape over the past few decades. The essays in this volume show the erudition and creativity of her contribution. Written over a period of forty years, they have been updated with regard to significant detail and to take account of important works of scholarship written after they were originally published. *Hasidism Beyond Modernity* Naftali Loewenthal, 2019-12-18 The Habad school of hasidism is distinguished today from other hasidic groups by its famous emphasis on outreach, on messianism, and on empowering women. *Hasidism Beyond Modernity* provides a critical thematic study of the movement from its beginnings, showing how its unusual qualities evolved. Topics investigated include the theoretical underpinning of the outreach ethos, the turn towards women in the twentieth century, new attitudes to non-Jews, the role of the individual in the hasidic collective, spiritual contemplation in the context of modernity, the quest for inclusivism in the face of prevailing schismatic processes, messianism in both spiritual and political forms, and the direction of the movement after the passing of its seventh rebbe, Rabbi Menachem Mendel Schneerson, in 1994. Attention is given to many contrasts: pre-modern, modern, and postmodern conceptions of Judaism; the clash between maintaining an enclave and outreach models of Jewish society; particularist and universalist trends; and the subtle interplay of mystical faith and rationality. Some of the chapters are new; others, published in an earlier form, have been updated to take account of recent scholarship. This book presents an in-depth study of an intriguing movement which takes traditional hasidism beyond modernity.
