Seetee Alert:

Seetee Alert! Gregory Kern,1974 *Science Fiction and Fantasy Literature, Vol 1* R. Reginald,2010-09-01 Science Fiction and Fantasy Literature A Checklist 1700 1974 Volume one of Two contains an Author Index Title Index Series Index Awards Index and the Ace and Belmont Doubles Index **Future and Fantastic Worlds** Sheldon Jaffery,1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool Secret of the Towers E.C. Tubb,2014-01-30 By order of the World Council a vast chain of towers was being constructed across the globe The people were told that the towers would provide free universal power from broadcast energy When Statander a member of the World Council questioned their construction he was assassinated to ensure his silence But there was one other who shared Statander s suspicion Altair the Thief whose father had also been killed for a similar reason Just one man a criminal and a fugitive but a man determined to uncover the monstrous secret that had led to their deaths the secret of the towers **The Freedom Army** E.C. Tubb,2013-12-30 To escape war and suffering humanity had allowed itself to take a drug that killed all emotion But a small number of insurgents including the returning astronauts from a mission to Mars had refused to take the drug and waged an armed rebellion The last survivors of the Freedom Army were holed up in a besieged bunker when one of their number the physicist Burges constructed a gateway to another dimension an alternate existence Ex space pilot Lanson leads the remnants of his Freedom Army in escaping through the gateway only to find themselves in an alternate world where humanity has been enslaved for the last 30 years by a toad like alien race the Zytlen **The Coming Event** E.C. Tubb,2011-09-29 The Terridae believed the lost Earth was heaven and utopia combined In their artificial planet they moved slowly through the universe in search of it And in their eyes the rediscovery of Earth was to be the Event Now they said the Event was coming Earl Dumarest who was born on Earth and knew the truth was an unwelcome visitor among them If they knew of Earth s whereabouts they were not telling him But another Event was already on its way A Cyclan ship was rapidly approaching the Terridae s world confident that this time Dumarest would fall into their heartless clutches Dumarest was not ready to flee but if he stayed there would be no Earth for him only a long lingering doom First published 1982 **S.T.A.R. Flight** E.C. Tubb,2011-09-29 The Kaltich invaders sell their Earthman serfs a rejuvenation process that cruelly prolongs life They also promise to share their secret for instantaneous space travel desperately needed by a barbaric over populated Earth But decades pass and Earth is no closer to the stars The Kaltichs continue to strip Earth of its riches and its pride Only the Secret Terran Armed Resistance Movement opposes the Kaltichs tyranny And only Martin Preston S T A R agent can possibly steal their secrets If he fails Earth will become a planet of billions of starving people with no place to

go except to the graves *Nature & Science on the Pacific Coast* ,1915 Journey to Mars E.C. Tubb,2011-09-29 All Verrill wanted to do was to get to Mars to Port Mercham where a ship was getting ready to take the Big Jump to the stars But he was stranded on Venus without money papers or weapons with nothing but a keep sake between him and starvation and the revengeful fury of the powerful Brotherhoods and charity was a forgotten word How with foreign papers he fought and won the right to a berth discovered a subtle plot to smuggle narcotics and defeated a mutiny How he fought a desperate battle with the menace of the Sun and escaped from Mercury and how at last he managed to reach his objective make a story of high adventure This is a fast moving hard hitting tale of the future of rocket ships and the men who guide them across the wastes of space of the perils and dangers waiting at every turn A story which paints bright colours across the pages of unwritten history and brings to life the lives of those yet unborn **Atom War on Mars** E.C. Tubb,2014-03-31 Earth and its colonies on Mars and Venus are ruled by an authoritarian post World War III world state which plans to take control of a new method of space travel when it has been perfected by a Martian scientist When they fail to secure the invention the world state s Coordinator decides to destroy the Mars colony with radi germ bombs Derai E.C. Tubb,2011-09-29 Still driven by his search for Man s fabled birthplace Earl Dumrest accepts a commission to guard the Lady Derai heiress to the proud House of Caldor on the feudal world of Hive On Derai s home planet Dumarest had hoped to meet a living witness to Earth But instead he finds himself in the lists of the deadly Contest on Folgone with the Lady of Caldor as prize And on Folgone for the first time Dumarest confronts the Cybers ruthless emotionless tools of a great Gestalt which holds the mighty of the universe in its grip a power which may yet provide him with the key to his quest for Earth Iduna's Universe E.C. Tubb,2011-09-29 It was touch and go for Earl Dumarest when the slavers of the Matriarchy of Onorldi struck his work camp Had he not captured the Matriarch herself during the fight it might have spelled his doom when the slavers triumphed Because even though the odds had turned heavily against him he was able to strike a bargain The Matriarch s child daughter Iduna had disappeared into the mind trap of the Tau If he could follow find her and return with her he would have his freedom and a chance to locate the lost Earth he sought But Dumarest had to outwit her monster playthings outfight her hideous horrors and outdream her satanic fantasies First published 1979 **The Galactiad** E.C. Tubb,2011-09-29 The things from beyond the Milky Way galaxy found the intelligent races of our universe amusingly slight To them possessors of vast cosmic power the strivings of various humanoids to outdo each other were a source of contemptuous entertainment They established a contest between the worlds It would be an Olympiad of the whole galaxy a Galactiad Let these puny interstellar intelligences meet each other in contest Pit one against the other and let the losers beware Earth had its team a mixed group of powerful athletes and genius scientists Because other worlds did not always believe in the ideal of good sportsmanship they had to confront the reality Win at all costs or goodbye to humanity *Fugitive of Time* E.C. Tubb,2014-04-30 Starships are grounded interrupting vital inter stellar commerce all the highly developed industries have stopped man turns to the

primitive sources of animal fat and wood for light and heat With civilization waning the young scientist Kleon sentenced to death for using precious conserves of power in an attempt to generate vast energy from dead matter makes a spectacular bid for the freedom of the whole universe **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1976 *Zenya* E.C. Tubb,2011-09-29 Earls Dumarest s quest for his homeland the legendary planet Earth had been long and dangerous Trekking across the galactic wastelands of the Milky Way he had been pursued and hindered at every step by the deadly Cyclan Now just as his search seems to be nearing its close Dumarest is once again side tracked forced to lead an army for Zenya in the deadly feuds of the alien planet of Paiyar First published 1974 **The Gholan Gate** E.C. Tubb,2011-09-29 DOORWAY TO UTOPIA Beyond that curtain of darkness lies paradise That was the promise of the doorway known as the Gholan Gate a doorway so ancient that its makers had vanished millions of years before the first Earthly life crawled out of the primeval oceans It was still functioning in the possession of its discoverers To go through it was to enter a universe where all your dreams came true where your every wish was obeyed every fantasy became reality where you could play God to your heart s content But there was a price for once beyond the Gholan Gate you would live only in hopes for a second visit and a third And to get the right for that return to paradise a man would sell his soul his people his world Cap Kennedy entered THE GHOLAN GATE once and the result became cosmic history **Toyman** E.C. Tubb,2011-09-29 Space wanderer Earl Dumarest is on the planet Toy to consult the giant computer which may contain information on the whereabouts of Earth his lost home world But soon he realises Toy is a place that gives away nothing for free Before Dumarest can gain the information he needs he must take part in the Toy Games must fight like a tin soldier in a vast nursery And there is nothing playful about the Games on Toy The pain is real enough the wounds the blood and death First published 1969 The Terridae E.C. Tubb,2011-09-29 Zabul was no ordinary world It was a private religious sanctuary location secret visitors unwelcome It was a world fanatically dedicated to one belief and to one goal The belief that mankind originated on a single world the goal was to find it To find Earth was a goal that Earl Dumarest shared But how much did he really have in common with the zealot Terridae who slept in caskets decorated with the zodiacs and dreamed of soaring towers of crystal and floating cities And what were their despotic Guardians really after First published 1981 *Eye of the Zodiac* E.C. Tubb,2011-09-29 In the course of a continuing quest for his legendary birthplace Earl Dumarest befriends a young man who says his home world was called Nerth New Earth perhaps Or even the original planet Dumarest seeks He must find out And so Dumarest comes to Nerth to discover that the Cyclan his prime enemy in the cosmos is already there together with mysteries and terror that defy the imagination First published 1975

Fuel your quest for knowledge with Authored by is thought-provoking masterpiece, **Seetee Alert** .
