Catalog of the Melville J. Herskovits Library of African Studies, Northwestern University Library (Evanston, Illinois) and Africana in Selected Libraries Melville J. Herskovits Library of African Studies, 1972     *Black Liberation* George M.

Fredrickson, 1996-10-31 When George M. Fredrickson published *White Supremacy: A Comparative Study in American and South African History* he met universal acclaim. David Brion Davis writing in *The New York Times Book Review* called it one of the most brilliant and successful studies in comparative history ever written. The book was honored with the Ralph Waldo Emerson Prize, the Merle Curti Award, and a jury nomination for the Pulitzer Prize. Now comes the sequel to that acclaimed work. In *Black Liberation* George Fredrickson offers a fascinating account of how blacks in the United States and South Africa came to grips with the challenge of white supremacy. He reveals a rich history not merely of parallel developments but of an intricate transatlantic web of influences and cross fertilization. He begins with early moments of hope in both countries: Reconstruction in the United States and the liberal colonialism of British Cape Colony when the promise of suffrage led educated black elites to fight for color blind equality. A rising tide of racism and discrimination at the turn of the century however blunted their hopes and encouraged nationalist movements in both countries. Fredrickson traces out the connections between movements and nations, examining the transatlantic appeal of black religious nationalism known as Ethiopianism and the pan Africanism of Du Bois and Garvey. He brings to vivid life the decades of struggle, organizing and debate as blacks in the United States looked to Africa for identity and South Africans looked to America for new ideas and hope. The book traces the rise of Communist influence in black movements in the two nations in the 1920s and 30s and the adoption of Gandhian nonviolent protest after World War II. The story of India's struggle however was not to be repeated in either America or South Africa. In one nation nonviolence revealed its limitations, encouraging splits in the civil rights movement; in the other it failed, fostering an armed struggle against white supremacy. Fredrickson brings the story up through the present, exploring the divergence between African American identity politics and the nonracialism that has triumphed in South Africa. In a career spanning thirty years, George Fredrickson has won recognition as the leading scholar of the struggle over racial domination in the United States and South Africa. In *Black Liberation* he provides the essential companion volume to his award winning *White Supremacy*, telling the story of how blacks fought back on both sides of the Atlantic.     *An Ethos of Blackness* Vivaldi Jean-Marie, 2023-09-26 Rastafari is an Afrocentric social and religious movement that emerged among Afro Jamaican communities in the 1930s and has many adherents in the Caribbean and worldwide today. This book is a groundbreaking account of Rastafari, demonstrating that it provides a normative conception of Blackness for people of African descent that resists Eurocentric and colonial ideas. Vivaldi Jean-Marie examines Rastafari's core beliefs and practices, arguing that they constitute a distinctively Black system of norms and values at once an ethos and a cosmology. He traces Rastafari's origins in enslaved people's strategies of resistance, Jamaican Revivalism, and Garveyism, showing how it

incorporates ancestral religious traditions and emancipatory politics An Ethos of Blackness draws out the significance of practices such as avoiding technological exploitation of natural artifacts and the belief in living in harmony with the natural order Jean Marie considers Rastafari s theology exploring its reinterpretation of biblical scriptures and its foundations in the rejection of Christianity s Eurocentrism and racism However he insists before Rastafari can fulfill its promise of liberation for people of African descent it must confront its failure to include women and redress sexism Through rigorous and sensitive reflections on Rastafari culture and cosmology this book offers deeply original insights into the Black theological imagination

emergence By talking with these Rastafari elders he seeks to understand why and how Jamaicans became Rastafari in spite of rampant discrimination and what sustains them in their faith and identity Utilizing new conceptual frameworks Price explores the identity development of Rastafari demonstrating how shifts in the movement s identity from social pariah to exemplar of Blackness have led some of the elder Rastafari to adopt embrace and internalize Rastafari and blackness as central to their concept of self      **Reluctant Rebellion** Shula Marks,1970
