Once Upon a Time Lord Ivan Phillips,2020-02-20 Every story ever told really happened The Doctor Hell Bent 2015 Stories are fundamentally what Doctor Who is all about In *Once Upon a Time Lord* Ivan Phillips explores a wide range of perspectives on these stories and presents a lively and richly varied analysis of the accumulated tales that constitute this popular modern mythology Concerned equally with classic and new Who Phillips looks at how aspects of the Time Lord's story have been developed on television and beyond tracing lines of connection and divergence across various media He discusses Doctor Who as a mythology that has drawn on its own past in often complex ways at the same time reworking elements from many other sources whether literary cinematic televisual or historical *Once Upon A Time Lord* offers an original take on this singular hero's journey reading the unsettled enigma of the Doctor in relation to the characters narratives and locations that he has encountered across more than half a century The Essential Cult TV Reader David Lavery,2021-09-15 The *Essential Cult TV Reader* is a collection of insightful essays that examine television shows that amass engaged active fan bases by employing an imaginative approach to programming Once defined by limited viewership cult TV has developed its own identity with some shows gaining large mainstream audiences By exploring the defining characteristics of cult TV The *Essential Cult TV Reader* traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television The essays explore a wide range of cult programs from early shows such as *Star Trek* *The Avengers* *Dark Shadows* and *The Twilight Zone* to popular contemporary shows such as *Lost* *Dexter* and *24* addressing the cultural context that allowed the development of the phenomenon The contributors investigate the obligations of cult series to their fans the relationship of camp and cult the effects of DVD releases and the Internet and the globalization of cult TV The *Essential Cult TV Reader* answers many of the questions surrounding the form while revealing emerging debates on its future **The Publishers' Circular and Booksellers' Record** ,1908 *The National Underwriter* ,1916 *The Publisher* ,1901 *Semi-detached Idealists* Martin Ceadel,2000 Britain's semi detached geographical position has helped to give it the world's strongest peace movement Secure enough from invasions to be influenced by an idealistic approach to international relations unlike most of Europe yet too close to the continent for isolationism to be an option as it was in the United States the country has provided favourable conditions for those aspiring not merely to prevent war but to abolish it The period from the Crimean War to the Second World War marked the British

peace movement's age of maturity In 1854 it was obliged for the first time to contest a decision and moreover a highly popular one to enter war It survived the resulting adversity and gradually rebuilt its position as an accepted voice in public life though by the end of the nineteenth century its leading associations such as the Peace Society were losing vitality as they gained respectability Stimulated by the First World War into radicalizing and reconstructing itself through the formation of such associations as the Union of Democratic Control the No Conscription Fellowship and the Fellowship of Reconciliation the movement endured another period of unpopularity before enjoying unprecedented influence during the inter war years the era of the League of Nations Union the Oxford Union's King and country debate the Peace Ballot and the Peace Pledge Union Finally however Hitler discredited much of the agenda it had been promoting the previous century or more This book is the first comprehensive and authoritative study of this subject It covers all significant peace associations and campaigns and is based on an extensive use of archival as well as printed sources Its subject matter is of relevance both to historians of nineteenth and twentieth century British politics and to specialists in international relations interested in the anti realist tradition Spies in Arabia Priya Satia, 2008-04-02 The first cultural history of Britain's Middle Eastern empire Spies in Arabia tells the story of an intelligence community groping through a fog of cultural notions the violence of the Great War and an interfering democracy towards a new style of covert empire centered on a brutal aerial surveillance regime

Selected Writings of Walter Pater Walter Pater, 1982 Harold Bloom's selection of Pater's writings brings together in one volume the most important sections and passages from *The Renaissance* *Imaginary Portraits* *Appreciations* *Plato and Platonism* *Greek Studies* and *Sketches and Reviews* as well as *The Child in the House* Pater the chief aesthete and literary critic of Victorian England brought his powerful imagination to bear on a wide range of subjects from the drama of Euripides to the painters of the Renaissance from the Romantic poets to the pre Raphaelites from Plato to Oscar Wilde In the twentieth century Pater's theories of art and literature exerted a strong influence on the work of Yeats Pound Eliot Joyce and Stevens

Passion's Fortune Joseph McAleer, 1999-10-28 This is the first history of Mills Boon the British publishing phenomenon which has become a household name synonymous with romantic fiction On the firm's 90th anniversary Joseph McAleer has written the first history of Mills Boon drawing upon a long lost archive of over 50 000 letters which reveal the intricate relationship between editorial policy social attitudes and sales McAleer examines the dictates of the Mills Boon formula and demonstrates how novels were managed by the firm to ensure maximum sales and to nurture a cadre of loyal readers in Britain and throughout the Commonwealth The result is a cultural phenomenon whose product reflected the attitudes and morals of the age while offering women an addictive escape from everyday life It's a fascinating read for anyone who's ever wondered about writing a Mills Boon or wants to understand the story behind one of the most successful British firms of the twentieth century **The Literary News** Frederick Leypoldt, 1884
