experience Exile and Ecstasy sets out to explore the psychedelic path that occupies the crossroads between the Ram Dass movement and Hasidism It s a path of seeking and escape rebellion and return medicine and magic Bridging the polar ends of the Jewish and psychedelic worlds while buttressing the experience with expert reportage Madison Margolin prods at Be Here Now to find its relevance and utility in a new generation facing different issues than those Ram Dass faced as a generally well to do boomer In doing so she looks at solutions to our lack of presence and offers practices that help us integrate our psychedelic experiences in mundane life as well as in the context of our roots and religious identities This book is for anyone looking to feel spiritually kindled to make peace with where they come from and to reconcile seemingly disparate experiences of spirituality and psychedelics with traditional religion **Jewish Culture and History** ,2006

Garden A Refuge an eco centered play based on the biblical book of Job Ecotheology aesthetics and embodiment theories are examined throughout with scholarship and examples drawn largely from the Jewish tradition The book is relevant to scholars of religion and theology particularly those with an interest in the environment as well as theatre dance and performance studies
