Through a masterful blend of lyrical elegance and vivid imagery, Harte captures the essence of the American experience, depicting both the rugged West and the genteel East. The poems reflect a transitional period in American literature, bridging romanticism with the burgeoning realism of his time, while also addressing themes of longing, displacement, and identity that remain relevant today. Bret Harte, a pivotal figure in American literature, is celebrated for his contributions to regionalism and his ability to depict the complexities of frontier life. His upbringing in a rapidly changing America fostered a deep understanding of the socio-cultural dynamics at play. Through his keen observations and thoughtful reflection, Harte not only carved out a unique literary voice but also contributed to the national conversation about the American identity, making his works a significant part of the American literary canon. *East and West Poems* is recommended for readers who appreciate rich, evocative poetry that captures the spirit of a bygone era while offering timeless insights into the human experience. Harte's keen observations and emotive language resonate with anyone seeking to understand the intricate tapestry of American culture and the poetry that reflects its diverse narratives *Children and Mother Nature* Rouhollah Aghasaleh, 2019-08-26 It is an old yet relevant argument that education needs to focus more on real-world issues in students' lives and communities. Nevertheless, conventional school curricula in many countries create superficial boundaries to separate natural and social worlds. A call for science learning approaches that acknowledge societal standpoints accumulate that human activities are driving environmental and evolutionary change, which has led scholars to investigate how different societies respond to environmental change. *Children and Mother Nature* is a multilingual volume that represents indigenous knowledges from various ethnic, linguistic, geographical, and national groups of educators and students through storytelling. Authors have identified indigenous stories, fables, and folk tales with a theme of human-nature interaction and facilitated storytelling sessions with groups of students in K-8, grade 5-14 years old in Turkey, Greece, US, Jamaica, Brazil, Saudi Arabia, and Chinese and Korean language-speaking communities in the US. Students have discussed and rewritten/retold the stories.
