A Middle East Mosaic Bernard Lewis, 2007-12-18 In times of war and in peace from the earliest days of the Roman Empire to our own Westerners have journeyed to the lands of the middle east bringing back accounts of their adventures and impressions Yet it was never a one way exchange From the first Arab embassy to the Vikings in the 9th century to the internet musings of the Taliban A Middle East Mosaic collects a rich boisterous literature of cultural exchange We see the American Revolution through the eyes of a Moroccan Ambassador and the French Revolution through a series of Imperial Ottoman proclamations We find surprising portraits of Napoleon a brigand chief TE Lawrence

and Atatürk We learn what George Washington and Machiavelli thought of Turkish politics and hear Flaubert and Thackeray rail against eastern crime and punishment We peer into Voltaire's business correspondence and follow the footsteps of Mark Twain Richard Burton Gertrude Bell and Ibn Battuta the Marco Polo of the east Great discoveries are recorded an Egyptian Ambassador is introduced to electricity and dismisses the spectacle as Frankish trickery another pronounces the invention of a secure mail system most useful for assignments We enter the harem with a 16th century organ maker and emerge with Ottoman reform It was not until the sixteenth century that the first middle eastern rulers entered into diplomatic relations with European rulers but trade often precede diplomatic relations Business men from the days of the crusades against Saladin to the oil prospecting of Samuel Cox and his descendants have seen great possibilities in the markets of the middle east And throughout the centuries we have been united by war We witness the outbreak of the Crimean war with Karl Marx and enter Egypt with Napoleon We observe Arab customs with George Patton and visit Baghdad and Cairo with George F Kennan in the second world war When Usama bin Ladin rails against Jews and crusaders occupying the holy land he is rehearsing a grievance with a long history This symphony of voices full of wit and wisdom spite and wonder suspicion befuddlement and occasional insight is ordered and explained by our foremost living historian of the middle east The fruit of a lifetime of scholarship and erudition *A Middle East Mosaic* is a dazzling capstone to a brilliant career In a spirited reappraisal of western views of the east and eastern views of the west over the last two thousand years Bernard Lewis gives us a brilliant overview of 2 000 years of commerce diplomacy war and exploration This book is a delight a treasury of stories drawn from letters diaries and histories but also from unpublished archives and previously untranslated accounts Diplomats and interpreters slaves soldiers pilgrims and missionaries princes and spies businessmen doctors and priests all pour forth their stories of the people and events that shaped history *A Middle East Mosaic* cannot fail to appeal to anyone with an appetite for history and a curiosity about the vagaries of cultural exchange

Michael B. Oren, 2007      **The Middle East Remembered** Mildred Harding-Frey, 2011-01-01 In 1952 when American college teachers John and Mildred Adams with their two small children sailed past the Statue of Liberty on their way to Egypt and a new unpredictable life they were trembling with excitement At last a chance to see the world Something of that thrill persisted through their eight eventful years in the Middle East in Egypt Iraq and Lebanon Those years in the Middle East were a brief period of relative stability prosperity and friendliness toward the West just before the whole area was violently torn apart by wars and terrorism In that almost Golden Age traditional patterns of culture manners customs political and social institutions loyalties taboos ideals ethical standards religious beliefs were clearer than they can be in a time of crisis and disruption like ours This book's story of the Adams family's life in that Middle East of half a century ago is dramatically timely today Many Americans are sick of the apparently endless violence and terrorism in the Middle and Near East and in other places including the United States where Islamic cultures clash with non Islamic ones conflict in most of which the

United States is deeply involved How did we get into this mess they ask and how will it end Historians point to the ignorance of Americans including our leaders about the Middle and Near East and Islam and to the disastrous consequences of that ignorance They tell us that stability and peace will never come to those conflicted areas unless that ignorance is replaced by understanding respect and good will Sharing in the Adams family s story the reader can gain that valuable insight and consequently perhaps sympathy and goodwill for all the people involved     **Through Middle Eastern Eyes** Robert P.
