Maintaining Long Distance Cross Reside:

Maintaining Long-Distance and Cross-Residential Relationships Laura Stafford, 2004-12-13 This thought provoking volume offers an innovative and intriguing approach to the study of long distance relationships Author Laura Stafford examines romantic long distance relationships and then expands the conception of long distance relationships to include other relational types She summarizes literature across the social sciences on various types of long distance relationships and extracts themes and patterns across the relational types In so doing she reconsiders approaches to and offers an expanded vision of relational maintenance By expanding her scope beyond romantic relationships Stafford includes those that span residences and relational types such as noncustodial parent child and geographically and residentially separated adult children and parents She contends that face to face interaction is not necessary to maintain healthy relationships and questions the assumption that maintaining rather than terminating a particular relationship is always best for the involved parties With its interdisciplinary approach to challenging commonly held assumptions about communication and close relationships Maintaining Long Distance and Cross Residential Relationships will be engaging reading for scholars in communication psychology sociology mass communication and family studies It is also appropriate for special topics graduate courses on long distance relationships and human communication and will serve as a unique supplemental text for upper level undergraduate and graduate students in interpersonal relational and family communication and family studies

Living Apart Together Cynthia Grant Bowman, 2020-12-29 Argues for legal reforms to protect couples who live apart but perform many of the functions of a family Living Apart Together is an in depth look at a new way of being a couple and doing family living apart together LAT in which committed couples maintain separate residences and finances In Bowman's own 2016 national survey 9% of respondents reported maintaining committed relationships while living apart typically spending the weekend together socializing together taking vacations together and looking after one another in illness but maintaining financial independence The term LAT stems from Europe where this manner of coupledness has been extensively studied however it has gone virtually unnoticed in the United States Living Apart Together aims to remedy this oversight by presenting original research derived from both randomized surveys and qualitative interviews Beginning with the large body of social science literature from outside the US Cynthia Bowman examines the prevalence of this lifestyle the demographics of people who live apart their reasons for doing so and how these individuals manage finances care during illness and many other aspects of family life She focuses in particular detail on three key demographics women gay men and the elderly and how individuals from these groups engage in LAT behavior She finds that while these living arrangements are more common than previously believed there are virtually no legal protections for the people involved Bowman concludes by proposing a number of legal reforms to support the caregiving functions LAT partners perform for each other Living Apart Together makes an important case for formal recognition of this growing but largely overlooked family structure Living Apart

Social Media in the Lives of Young

Connected Migrants Xinyu Zhao, 2023-12-12 Digital media are a key part of everyday social life for international migrants. However, we don't know enough about how these migrants critically understand and cope with the cultures and infrastructures of ubiquitous connectivity while on the move. *Social Media in the Lives of Young Connected Migrants* explores and theorises what it means for young migrants to live in a digital age. Presenting a richly detailed analysis of Chinese international students' everyday social media practices, the book unravels the meanings of digital connectivity in general and how contemporary mobile young generations respond to such changes. Drawing on ethnographic and interview data, this book highlights the enabling aspects of connective media in migration journeys and shows how and why young Chinese migrants manage or even resist being connected. With close attention to diasporic intercultural family and professional migrant identities and relationships, the author provides a nuanced account of living with digital media in everyday settings. Focusing on the boundary practices associated with social media, the book offers a unique analytical framework through which to capture the complex intersections of digital communication technologies and migrant social life. This volume will appeal to students and scholars interested in researching Chinese diasporas, digital migration, and youth cultures.

The Life She Wished to Live: A Biography of Marjorie Kinnan Rawlings, author of The Yearling Ann McCutchan, 2021-05-11 A comprehensive and engaging biography of Marjorie Kinnan Rawlings, Pulitzer Prize winning author of the beloved classic *The Yearling*. Washington DC born and Wisconsin educated, Marjorie Kinnan Rawlings was an unlikely author of a coming of age novel about a poor central Florida child and his pet fawn, much less one that has become synonymous with Florida literature. Rawlings was a tough, ambitious, and independent woman who refused the conventions of her early twentieth century upbringing. Determined to forge a literary career beyond those limitations, she found her voice in the remote, hard-scrabble life of Cross Creek, Florida. There, Rawlings purchased a commercial orange grove and discovered a fascinating world out of which to write, and a dialect of the poor swamp-land community that the literary world had yet to hear. She employed her sensitive eye, sharp ear for dialogue, and philosophical spirit to bring to life this unknown corner of America in vivid, tender detail, a feat that earned her the Pulitzer Prize in 1938. Her accomplishments came at a price: a failed first marriage, financial instability, a contentious libel suit, alcoholism, and physical and emotional upheaval. With intimate access to Rawlings's correspondence and revealing early writings, Ann McCutchan uncovers a larger-than-life woman who writes passionately and with verve, whose emotions change on a dime, and who drinks to excess, swears, and even occasionally joins in on an alligator hunt. *The Life She Wished to Live* paints a lively portrait of Rawlings, her contemporaries, including her legendary

how they are shaped by and re shape gendered and generational norms of family care as well as how they are tied to Salvadoran histories of migration violence and poverty which are powerfully influenced by U S economic and foreign policy This book demonstrates that these communicative practices bring inequities between the global North and South into family life by continually reproducing distinctions between relatives in El Salvador and those living in the United States Conversely she examines seemingly mundane interactions including greetings remittance negotiations and reminiscing together Although these relational moments of cross border connection are fleeting their impacts endure laying the foundation for the ongoing material and economic provisioning necessary to family survival Through cross border conversations families nurture intergenerational relations that sustain the family and convivencia living together over the years despite ongoing separation *The National Live-stock Journal* ,1874 **Returning - Remitting - Receiving** Vytis Čiubrinskas, Ingrida Gečienė-Janulionė, Caroline Hornstein Tomić, Violetta Parutis,2023-06-21 This volume is the result of an international research project that drew together perspectives from three countries in Central Eastern and South Eastern Europe Croatia Lithuania and Poland It explores the under researched phenomenon of immaterial values and resources that returning migrants bring with them as they have the potential to contribute to economic development together with the social political and cultural change in their countries of origin The authors explore the mechanisms challenges and successes of the process of social remitting by returnees to these countries National Live Stock Journal ,1873 Live Stock Journal ,1902
