Tape Rob Sheffield, 2007-01-02 The happiest saddest sweetest book about rock n roll that I've ever experienced Chuck Klosterman Mix tapes We all have our favorites Stick one into a deck press play and you're instantly transported to another time in your life For Rob Sheffield that time was one of miraculous love and unbearable grief A time that spanned seven years it started when he met the girl of his dreams and ended when he watched her die in his arms Using the listings of fifteen of his favorite mix tapes Rob shows that the power of music to build a bridge between people is stronger than death You'll read these words perhaps surprisingly with joy in your heart and a song in your head the one that comes to mind when

you think of the love of your life Praise for Love is a Mixtape A memoir that manages no small feat to be funny and beautifully forlorn at the same time The New York Times Book Review Humorous heartbreaking and heroic Entertainment Weekly The finest lines ever written about rock n roll Like that song on the radio every word of Rob s book is true Love is a mix tape Rolling Stone Many of us use pop culture as a mirror of our emotional lives but Sheffield happily walks right through the looking glass Los Angeles Times Sheffield writes with such aching remembering you feel like you are invading his privacy and it s the truth of those details that make this memoir so touching Newsweek You Fit the Pattern Jane Haseldine,2020-01-28 Crime writer Julia Gooden has just completed the most important story of her life a book about her beloved brother s childhood abduction and how she found his killer after thirty years But that hasn t taken her focus off her day job especially with what looks to be a serial killer terrorizing the city Female runners are being snatched off jogging trails then slaughtered in abandoned churches As Julia begins investigating with help from Detective Raymond Navarro she realizes just how personal this case has become The murders planned and executed with uncanny precision are of women who share traits with Julia Now he s contacting her directly insisting things will get much worse unless Julia makes him famous through her writing But no matter how skillfully she plays along her opponent s ultimate goal is clear And only by unraveling the threads that link a killer s twisted mind to her own dark past can Julia prevent herself from becoming his final victim Praise for Worth Killing For This exciting third installment in the series effectively mixes gritty crime and involving domestic drama Booklist A complex highly suspenseful tale of murder revenge and redemption Kirkus Reviews Fans are certain to enjoy the complex plot and Julia and Ray s evolving relationship Publishers Weekly **The Virgin Suicides** Justin Wyatt,2018-06-27 Based on the best selling novel by Jeffrey Eugenides The Virgin Suicides is director Sofia Coppola s evocative debut feature of young love sex loss and family pressures in mid 1970s America Acclaimed by both critics and audiences on release the film is now viewed as a remarkable and bold feature by a significant female director addressing many issues related to youth female sexuality and family This book helps readers understand the film s significance and the stylistic and storytelling choices made by director Coppola The analysis of the film occurs around three interlocking arguments the unusual structuring absence in the film the intricate manner through which music is used in the drama communication and character creation and the film s careful and specific referencing of advertising in the 1970s the decade of the film s narrative The film s enigmatic structure and unique storytelling devices and their relationship to female adolescence sexuality and ideology are also considered in depth Without solving the mysteries of the film the book is designed to uncover the reasons why the film continues to fascinate viewers so many years after its release **True to the Spirit** Colin MacCabe,Kathleen Murray,Rick Warner,2011-01-26 Fifty percent of Hollywood productions each year are adaptations films that use an already published book dramatic work or comic as their source material If the original is well known then for most spectators the question of whether these adaptations are true to the spirit of the original is central The

recent wave of adaptation studies dismisses the question of fidelity as irrelevant mistaken or an affront to the unstable nature of meaning itself The essays gathered here mixing the field s top authorities Andrew Gunning Jameson Mulvey and Naremore with fresh new voices take the question of correspondence between source and adaptation as seriously as do producers and audiences Spanning examples from Shakespeare to Ghost World and addressing such notable directors as Welles Kubrick Hawks Tarkovsky and Ophuls the contributors write against the grain of recent adaption studies by investigating the question of what fidelity might mean in its broadest and truest sense what it might reveal of the adaptive process and why it is still one of the richest veins of investigation in the study of cinema
