Basic Documents in International Law and World Order Burns H. Weston, Richard A. Falk, Anthony A. D'Amato, 1990 *Power across the Pacific* W. Nester, 1996-07-24 America's relationship with Japan recently passed its 140th anniversary Although over those years hundreds of books and thousands of articles have explored different issues or periods of the relationship no book has analyzed the entire relationship from beginning to present The void can perhaps be explained by the relationship's complexity and changes over time Two great cycles of initial partnership and eventual rivalry have shaped American Japanese relations one geopolitical 1853 1945 and the other geoeconomic 1945 present This book fills that void as it systematically untangles the interrelated perceptions convergent and divergent national interests and shifting power

relations which have shaped American policies toward Japan within those two great cycles More specifically it highlights the personalities national moods domestic issues and political alignments and other pressing international concerns within which Washington has attempted to define and assert its interests toward Japan **Encyclopedia of the United Nations and International Agreements: G to M** Edmund Jan Osmańczyk, 2003 This thoroughly revised and updated edition is the most comprehensive and detailed reference ever published on United Nations The book demystifies the complex workings of the world's most important and influential international body **American Reference Books Annual** Bohdan S. Wynar, 1989 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **Britain and Poland 1939-1943** Anita Prazmowska, 1995-03-23 Poland was a problematic issue for the Big Powers throughout the Second World War For Britain Poland was a major stumbling block in British Soviet relations as Polish Soviet territorial disputes clashed with the needs of the British Soviet United States alliance As the Polish government in exile attempted to obtain a guarantee of British support and many thousands of Polish troops fought for the British cause the perception grew that the Churchill government had a debt to pay Ultimately however it was a debt which Britain could not discharge because of its dependence on Soviet participation in the war In this book Anita Prazmowska looks at British policies from the point of view of wartime strategy relating this to Polish government expectations and policies She describes a tragic situation where Polish soldiers were trapped between the grandiose and unrealistic plans of their government and the harsh realities of a war which they fought with no prospect of a satisfactory outcome for them or their country *The Papacy in the Age of Totalitarianism, 1914-1958* John Pollard, 2014-10-31 The Papacy in the Age of Totalitarianism 1914 1958 examines the most momentous years in papal history Popes Benedict XV 1914 1922 Pius XI 1922 1939 and Pius XII 1939 1958 faced the challenges of two world wars and the Cold War and threats posed by totalitarian dictatorships like Italian Fascism German National Socialism and Communism in Russia and China The wars imposed enormous strains upon the unity of Catholics and the hostility of the totalitarian regimes to Catholicism led to the Church facing persecution and martyrdom on a scale similar to that experienced under the Roman Empire and following the French Revolution At the same time these were years of growth development and success for the papacy Benedict healed the wounds left by the modernist witch hunt of his predecessor and re-established the papacy as an influence in international affairs through his peace diplomacy during the First World War Pius XI resolved the Roman Question with Italy and put papal finances on a sounder footing He also helped reconcile the Catholic Church and science by establishing the Pontifical Academy of Sciences and took the first steps to move the Church away from entrenched anti-Semitism Pius XI continued his predecessor's policy of the indigenisation of the missionary churches in preparation for decolonisation Pius XII fully embraced the media and other means of publicity and with his infallible promulgation of the Assumption in 1950 he took papal absolutism and centralism to such heights that he has been called the last real pope Ironically he also prepared the way for the Second Vatican Council **Versailles and**
