Majoring In Nursing From Prerequisites To Postgraduate Study And Beyond:

Majoring in Nursing: From Prerequisites to Postgraduate Study and Beyond Janet R. Katz,1999 **LPN to RN Transitions** Nicki Harrington,Cynthia Lee Terry,2008-01-01 Now in its Third Edition this book meets the needs of practical vocational nurses and nursing faculty as they work together to smooth the transition from the LPN to the RN role The text provides interactive student exercises and strategies to socialize the LPN nurse student into an RN program taking into consideration its philosophy and curricular framework This Third Edition includes an expanded chapter on communication and a new chapter on the NCLEX **Majoring in Nursing** Janet R. Katz,1999 In this groundbreaking career guide Janet Katz gives a tour of the nursing profession and helps prospective students evaluate whether it s right for them Through personal anecdotes and interviews with women and men from a wide range of nursing specialties Katz examines what it means to be a nurse and addresses the misconceptions that surround the profession She introduces readers to the diverse career possibilities within nursing such as working in a helicopter emergency unit conducting scientific research or providing home health care Katz also offers practical advice on each step toward becoming a nurse from choosing the right school to finding your first job to managing on the job stress **Careers in Healthcare and Beyond** Evelyn Lee,2021-07-28 According to the U S Bureau of Labor Statistics some of the fastest projected job growth will occur in the healthcare healthcare support and personal care fields which accounts for almost one third of the total employment growth by 2020 Analysts suggest that the healthcare field is growing because of the long term trends of an aging population and improved diagnosing and treatment options Additionally technology advances in telemedicine and telehealth are allowing elderly patients to remain in their homes as they age even though their health needs are increasing All these advances and changes to payment structures are fueling the employment growth opportunities in healthcare This book is intended for someone curious to learn more about a career in healthcare but not certain if it is right for them or if the industry would be a good fit for them For the person who is already interested in pursuing a career in healthcare it provides added excitement to continue on this path For the person who is less certain it explores in a narrative format the unique opportunities that are available in healthcare and career options that are not obvious to the general public It is designed to provide added insights and stories that will inspire one to learn more about the field of healthcare and the many opportunities to consider It will encourage readers to explore ways to gain hands on experience to determine what is the best approach for them to take to start this journey This book is also intended for those who currently work in healthcare but may be considering a different job in the field **Social Work Doctoral Education** Paul Kurzman,2017-10-02 The rapid expansion of doctoral education in social work is changing academia and expanding the expectations of education for professional practice This volume focuses on the early development gradual evolution and present status of social work doctoral education Relevant for social work students and educators globally it represents an authoritative statement authored by widely recognized educators who are on the

cutting edge of doctoral education Documenting the current state of the art this comprehensive book demonstrates the rapidly growing importance of doctoral level education in the social work profession The authors look closely at current trends and address the emerging pedagogical issues that will likely frame the future This book was originally published as a special issue of the Journal of Teaching in Social Work
