U.S. Policy Toward Southern Africa United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on African Affairs,1976 A Matter of Weeks Rather Than Months J R T Wood,2012-08-02 Founded on 35 years of research into o the post 1945 Anglo Rhodesian history this book complements Richard Wood s The Welensky Papers A History of the Federation of Rhodesia and Nyasaland 1953 1963 1983 and So Far and No Further Rhodesia s bid for independence during the retreat from empire 1959 1965 2005 Of So Far Michael Hartnack wrote that Once in a lifetime comes a book which must force a total shift in the thinking person s perception of an epoch and of all the prominent characters who featured in it A Matter of Weeks Rather than Months recounts the action and reaction to Ian Smith s unilateral declaration of Rhodesia s

independence the second such declaration since the American one of 1776 It examines the dilemmas of both sides Smith's problem was how to legitimise his rebellion to secure crucial investment capital markets trade and more His antagonist the British Prime Minister Harold Wilson was determined not to transfer sovereignty until Rhodesia accepted African majority rule in common with the rest of Africa Given British feelings for their Rhodesian kith and kin and Rhodesia's landlocked position Wilson eschewed the use of force He could only impose sanctions but hoped they would defeat Smith in a matter weeks rather than months The Rhodesians however evaded the sanctions with such success that they forced Wilson to negotiate a settlement Negotiations were nevertheless doomed because the self-confident Rhodesians would not accept a period of direct British rule while rapid progress to majority rule was made or the imposition of restraints on powers they had possessed since gaining self-government in 1923 In tune with their allies in the African National Congress of South Africa the Rhodesian or Zimbabwean African nationalists had already adopted the Marxist concept of the Armed Struggle as a means to power Sponsored by the Communist Bloc its surrogates and allies they began a series of armed incursions from their safe haven in Zambia Although bloodily and easily repulsed they would learn from their mistakes as the Rhodesian forces would discover in the 1970s Consequently this is a tale of sanctions negotiations and counter-insurgency warfare

Congress,1996      *Challenge To Imperialism* Carol B. Thompson,2019-08-27 Challenge to Imperialism is the first comprehensive analysis of the Zimbabwean struggle for independence in its international context Based on extensive research in the southern African region and on interviews with the ZANU and ZAPU leaders in exile during the war this study is an analysis of the crucial support given to the Zimbabwean nationalists by the five Frontline States Angola Botswana Mozambique Tanzania and Zambia The book begins with a summary of the variable relations among the Frontline States and between those states and the Zimbabwean nationalists More than once Frontline governments put Zimbabwean nationalists in their own jails as tensions arose over leadership conduct of the war and terms for peace Yet the Frontline States maintained their support in spite of the extremely high cost to their own economic development How could these weak and economically dependent states confront the dominant interests in the region Was Lancaster House simply a capitulation to imperialist interests a constitution forced on the nationalists by the beleaguered Frontline States This theoretical analysis addresses the complexity of these questions and suggests lessons for the current struggles in Namibia and in South Africa Further Dr Thompson discusses the formation of the Southern African Development Coordination Conference SADCC as an attempt to transform the Zimbabwean political victory into regional economic cooperation This study of the political and economic background of Zimbabwean independence is important not only to those concerned about Zimbabwe and southern Africa but also to those interested in the nature of liberation struggles and in the role of the state in developing countries      **AF Press Clips** ,1982
